Redeeming America Michael Lienesch, 2014-04-15 This balanced and comprehensive study of Christian conservative thinking focuses on the 1980s when the New Christian Right appeared suddenly as an influential force on the American political scene only to fade from the spotlight toward the end of the decade In Redeeming America Michael Lienesch identifies a cyclical redemptive pattern in the New Christian Right s approach to politics and he argues that the movement is certain to emerge again Lienesch explores in detail the writings of a wide range of Christian conservatives including Jerry Falwell Pat Robertson Phyllis Schlafly and Tim and Beverly LaHaye in order to illuminate the beliefs and ideas on which the movement is based Depicting the thinking of these writers as a set of concentric circles beginning with the self and moving outward to include the family the economy the polity and the world Lienesch finds shared themes as well as contradictions and tensions He also uncovers a complex but persistent pattern of thought that inspires periodic attempts to redeem America alternating with more inward looking intervals of personal piety

The Sissification of America's Young Men Matt Guedes, 2021-10-20 We are living in a new era in the United States of America Part of what comes with this new territory is the result of a very intentionally played long game that has worked for over sixty years to bring about these changes Those who have worked so hard to change manhood and masculinity have done so with no regard at all for God or His plan These organizations and their members have been relentless in their pursuit of removing God and His plan from our society The long game has been played to perfection and now we who love the Lord and His design for man must make changes in order to take back the ground which has been stolen We must be willing to do so with a WIT whatever it takes mentality because the cost has been way too high Before another generation of boys grow up without understanding what real manhood and masculinity are supposed to look like we who love the Lord and America must stand In this great read Matt lays out the problem and how we got here He gives you an assessment that must come before the fix He then demonstrates the correction that is necessary to reverse the current state of affairs Lastly Matt walks through the reality of biblical manhood Nationalism and Literature Sarah M. Corse, 1997 Sarah Corse's analysis of nearly two hundred American and Canadian novels offers a theory of national literatures Demonstrating that national canon formation

occurs in tandem with nation building and that canonical novels play a symbolic role in this this 1996 book accounts for cross national literary differences addresses issues of mediation and representation in theories of reflection and illuminates the historically constructed nature of the relationship between literature and the nation state
