How to Self-Publish Your Book for Free on CreateSpace and Amazon Kindle Thomas Jerome Baker, 2013-06-03 ReViewed ReVised ReEdited RePublished on June 14 2015. This update includes a case study of a successful self-published author who took 20 years to get published. The case study is called *Maids of Misfortune* and it was added as an appendix. Also updated statistics from the publishing industry and various experts are referred to throughout the book where appropriate. This book is a journey. It is told as a story set in its historical context of what it means to do something you have never done before. I invoke the names of people who have achieved great things by teaching themselves what they needed to know. You are in good company with presidents and poets, generals and soldiers, rich men and poor men, Nobel Prize winners, artists, architects, inventors, and scientists. True, some of these people were geniuses, but most were just common men and women like you and me. If they did it, so can we. The one thing they all have in common with you and me is that they had to teach themselves. Like you and me, they were autodidactic. No matter how frustrated they became, they stayed focused on their goals and ultimately achieved them. Why? Because they never gave up, even when it took 20 years. They never gave up. You and I are in good company, so we won't give up when we run into difficulties. Self-publishing is highly skilled technical work, even for people who know what they are doing. For you and me, it is a daunting, challenging task. We must be inspired, we must be motivated. If you are like me, and most other people, your first try at self-publishing will be frustrating. Ask other people to help you when you need it. It's not an admission of failure; it's a sign of wisdom to ask for help. Just never give up, and you will succeed. Perseverance will take you from an elementary/basic skill level to an advanced, highly skilled level. Patience with yourself is needed. As time goes on, you will get better and better at self-publishing. I guarantee it. I have given you a set of tips and

principles that helped me when I first began They will be worth your time to reflect on Remember if we can connect to the stories of the people who came before us and were successful then we can be successful also The information in the book is complete and thorough Like the previous edition I used the self publishing steps in the book to self publish this book Anytime you feel like something is missing or incomplete understand that I have given you all of the information that I used to publish this book Backtrack and you will surely find a solution to whatever problem you may be having Finally the purpose of this book is to help you self publish to help you make your dream to become a successful writer a moneymaking writer come true It s not easy to do for everyone Some of us require more effort to achieve the results we want For others self publishing is so easy that it seems like almost anyone can do it I did it and I believe you can do it too That s why I wrote this book to help you publish your book You can trust me because I have self published more than 100 times I know what I m talking about If you wait for a publisher you might never see your book s published without paying a high price If you self publish your book will be published In fact ALL of your books will be published How much will it cost you to get published Absolutely nothing That s right 0 00 to get your book s published Get this book and get started on your self publishing journey today *How to Write a Book Proposal* Jody Rein,Michael Larsen,2017-09-05 THE ESSENTIAL RESOURCE FOR SELLING YOUR BOOK If you want to publish a book you must present it to agents and publishers with a knock your socks off proposal Whether you re seeking a traditional press to publish your self published book or trying to win over an agent for your graphic novel memoir or nonfiction title you need an irresistible proposal The better your proposal the better the editor publisher and deal you will get Nailing your proposal requires an understanding of how publishers work and how to brand yourself build a platform and structure your book You ll learn it all in this breezy top to bottom revision of the classic 100 000 copy best seller *Inside How to Write a Book Proposal* 5th Edition you will find Examples of successful proposals that earned six figure deals Guidance from agents publishers and writers Ways to customize your proposal Strategies for proposals in the Digital Age Effective structures for narrative writers A list of the Top Ten Proposal Killers This sassy thorough guide from industry professionals Jody Rein and Michael Larsen will become your go to for advice about publishing **How to Sell a Book** David Kadavy,2024-12-10 You ve poured your heart into writing a book Now learn how to get it into the hands of readers You ve written a great book You know it has the potential to change lives But how do you actually get people to read it Traditional publishing seems impossible and the advice for self published authors feels overwhelming and ineffective Bestselling author David Kadavy reveals the exact strategies he s used to sell over 100 000 copies of his self published nonfiction books Discover the four M s of a book idea that sells Craft an irresistible sales blurb that converts browsers into buyers Learn how to make your book stand out in a sea of competition Master the art of pricing promotions and advertising to reach new readers Find out how to make a bestseller list or don t How to Sell a Book isn t a get rich quick scheme It s an honest in depth guide to building a sustainable career as an author **Bestseller Foundations: How to Become a Bestseller**
