How to Grow Orchids in Florida Mary Noble,1951      *Grow orchids in your home. Live in the exotic magic of the most aristocratic flower.* William Drake,2019-07-02 242 PAGES ILLUSTRATED IN COLOR Many people who would like to dedicate themselves to this hobby ask themselves Will I have the chance to organize a large greenhouse Will I have enough time to look after such fragile plants Will I be able to support the necessary financial commitment These questions are wrong the main question you need to ask yourself to see if you will be a good grower is another what feeling do I have with orchids The orchid is a unique flower in its eccentric perfection it does not know the banality It does not grow in an impersonal environment it is elegant in all its aspects aristocratic in its needs It blooms only if it finds the right conditions around it In the East the perfection of the orchid is a symbol of purity In the West the orchid is related to love and sensuality therefore it becomes the symbol of passionate love In its almost black flowered varieties the orchid is also associated with the dark mystery and witchcraft People who are attracted to orchids are sensual and innocent simple and sophisticated They love luxury The roots of the orchid can feed on air by filtering nourishment from nothing they are intricate but light Who loves the orchid is very selective in his choices he accepts to let only a small circle of people enter his life Therefore if you wish to dedicate yourself to the cultivation of orchids you should not ask yourself how much it costs The right questions are these Do I have an independent temperament Do I have my own class and my original elegance Am I capable of innocence and passion dedication and betrayal I only ask for the best from my life and the people I surround myself with If all the answers are yes you are the ideal candidate for growing orchids You don t need much else In fact it is possible to grow orchids even in a small vase held on the windowsill as you would do with basil Some varieties may require temperature and humidity which is not difficult to recreate in an ordinary apartment or on a balcony Other varieties can grow outdoors in the garden If you really want to dedicate yourself to the cultivation of orchids you will surely find the right compromise between the needs of the plants and those of your spaces and your wallet This book will provide you with all the information you need to start the journey that will turn you into an expert grower ready to participate in all flowers contest      **How to Raise Orchids at**

*Growing Orchids Like A Pro* Joan E. Hixson,2015-04-15 Would You Like To Know How To Grow The Most Amazing Orchids I received my very first orchid for my birthday one year and cherished the elegant plant for the two months that it bloomed Then when the petals fell off I was heartbroken and thought that I had killed it with overindulgence or something After consulting an expert at my local exotic plant store I realized that with the proper care my orchid would bloom again and again Five years later I have a nice manageable team of orchids that continue to thrive under my careful eyes Not only do these flowers brighten my rooms with their striking hues they also allow me to enjoy one of the majestic oddities of nature right in my very own home Whenever I have visitors I receive compliments and admiration about my orchids They act as the

highlights in every room they are placed and as the center of a beautiful array of plants in the middle of my dining room table You too can delight in this wonderful flower Orchids in the home workplace or outdoor spaces will enliven any area and make it more sophisticated and memorable Despite some myths orchids are not all that hard to care for They are just unique and as such need to be treated with special consideration Yes you could have beautiful orchids It truly is possible but you just need to know how In *Growing Orchids Like A Pro* I shared with you all my experiences and everything I ve learned over the years about growing caring for orchids I will show you how you too can have beautiful blooming orchids year after year Here are some of the things you will learn in *Growing Orchids Like A Pro* How to pick out the right kind of orchid for you How to give your orchids the right amount of light to help them thrive 3 little known yet simple ways to water your orchids Secrets from orchid experts that few people ever know about 3 proven steps to using fertilizer to maximize the growth of your orchids 2 simple keys that are right in front of your eyes to growing your orchids in the right amount of humidity How to protect your orchids from insects pests WARNING 3 things you should never do when it comes to growing orchids 6 time tested and proven strategies for re potting your orchid plant 7 everyday but often overlooked tips and tricks for protecting your orchids from pests and disease How often to give your orchid direct sunlight How to avoid common mistakes in orchid care Frequently Asked Questions about growing orchids Fun facts about orchids And much more *The Gardener's Guide to Growing Orchids* Charles Marden Fitch, 2004 Cultivating a few plants on a windowsill or nurturing an ever expanding collection in a greenhouse or under lights Book jacket **Orchid Biology** J.
