Kicking Habits Thomas G. Bandy,2000

Transitional Ministry Molly Dale Smith,2009-06-01 Transition is the word we use to describe the time following significant change In congregations that change might be the departure of the pastor a catastrophe such as Hurricane Katrina or 9 11 or simply the changes caused by growth Transition calls for clergy with special training to respond to the needs generated by the special time Task training and time limit are the hallmarks of transitional ministry Trained intentional interim clergy must have the skill and experience to lead congregations during transition However transitional or interim ministry has a bad reputation in some places As one diocesan leader said We have never had a church in this diocese that was so bad off that an interim was needed Indeed there are some sick churches but most congregations have some good things happening and some things that need attention Intentional interim ministry can be medicine for the sick but in most cases it is better compared to vitamins that are taken to promote health This book seeks to clear up misconceptions about transitional ministry and present an accurate and up to date picture of transitional ministry and to describe the various settings in which this specialized ministry can be helpful Chapter authors all expert in transitional ministry in mainline Protestant denominations include Robert Friedrich John Keydel George Martin Loren Mead Barry Miller Nancy Miller Ineke Mitchell Ken Ornell Molly Dale Smith and Rob Voyle *The Impact of Church Consultancy* Ian G. Duncum,2019-01-14 This book follows the journey of ten churches who underwent church consultancies and explores in depth both the consultancy and its outcomes Pre consultancy and post consultancy snapshots four to five years apart of vitality indicators and attendance figures using National Church Life Survey and other data are used to compare these with churches that have not undertaken church consultancies Theologies of church consultancy church health and church growth are also developed and examined intersecting with a wide body of literature including contemporary ecclesiologies Consultancy outcomes are examined in detail This includes interviews with pastors of some of those churches reflecting on their perceptions of whether and how the church consultancy impacted the health and growth of their church Conclusions are drawn about the efficacy of church consultancy in influencing the health and growth of churches as well as contexts for the best use of church consultancy This is a significant book for denominational leaders theological lecturers pastors and church leaders as they encounter lack of health in churches and seek ways forward for greater health and impact in their local communities **Growing Church, The ,** 95 Questions to Shape the Future of Your Church Thomas G. Bandy,2011-12-01 95 Questions to Shape the Future of Your Church is a comprehensive commentary on systemic change for the church It combines the spirit of Luther s 95 Theses with depth of insight akin to Luther s reformation catechism This book will be essential for every congregational denominational and seminary bookshelf Church leaders and members all yearn for a new Reformation that will realign Christian congregations with God s mission This book frames the right questions and focuses the right answers It helps

church leaders do the hard work of assessment and planning The next Reformation will be an extraordinarily practical endeavor Leaders need to apply the tactics that will leverage the greatest change and guide the church deeper into the mystery of Christ and further in companionship with Christ We want to be faithful Now we know how to be faithful *Your Calling as an Elder* Gary Straub, 2003-10-01 New elders and veteran leaders alike will find wisdom biblical guidance and useful suggestions in Gary Straub's examination of the crucial role of elders in Christian Church Disciples of Christ congregations This simple and easy to read overview of Disciples eldership examines the nature of the office and describes its responsibilities and challenges It emphasizes the importance of spirituality in the lives of elders Straub beckons elders to embark on their leadership adventure together fortifying their leadership through prayer learning discussion mutual accountability and other paths to spiritual growth and encouragement Their faithful eldership is a beacon for faithful congregations as elders' prayers become spiritual channels through which graces unfold in congregational life That exciting prospect lies at the heart of eldership and of Straub's inspiring insights *Facing Decline, Finding Hope* Jeffrey D. Jones, 2015-02-05 Church today isn't the same as it was fifty years ago or even ten years ago In spite of the powerful stories of turn around churches with skyrocketing memberships the difficult reality is that most congregations are getting smaller Jeffrey D Jones asks brave questions for congregations facing this reality what if membership growth isn't the primary goal for a church How can churches remain vital even with declining attendance *Facing Decline Finding Hope* is an essential resource to help congregations confront their shrinking size while looking towards the hopeful reality that God is calling them to greater faithfulness The book draws on biblical and theological resources as well as contemporary leadership studies to help leaders both clergy and laity set aside a survival mentality and ask new questions to shape ministry more attuned to today's world *Facing Decline Finding Hope* is a powerful book for leaders who want to honestly assess the size of their church and plan for faithful invigorating service regardless of whether membership numbers are up or down

Reconstructing Church Todd Grant Yonkman, 2014-08-06 The general decline of American mainline Protestant churches today is well documented Church redevelopment imagining and actualizing new life for dying churches is a productive and vital response to congregational decline but it can be daunting Here is guidebook for church leaders to help them reinvigorate their churches with both practical advice and tested theory A comprehensive case study of Beneficent Congregational Church which successfully turned the tide and quadrupled its worship attendance provides inspiration as well as concrete strategies for church redevelopment The study indicates that successful and faithful church redevelopment involves a shift from a modern patronage ministry model to a postmodern plural ministry model Building on current church redevelopment literature by bringing selected Biblical and theological texts into conversation with leadership concepts systems theory social sciences and congregational studies this book creates a multidisciplinary transformative conversation The result is both strategic proposals for growing your church and a model for doing practical theology in your own ministry

context Dedicated trained leadership in cooperation with the power of the Spirit can create the possibility of new life in dying congregations

Cultivating a People for God Enoch Kwan, 2019-04-09 This is not just another book It is a long but timeless message better described as a theology of Discipleship I wish God had used someone else who is smarter to write this book and it may have come out sooner It took God 25 years for me to capture the bits and pieces while God taught me in time This book will show you God s heart and get you excited about fulfilling His plan You will find the simple way of integrating spirituality and ministry while pleasing God in all areas of your life and ministry The wide Scripture supported fresh philosophy and framework presented in this book will help you feel God s heartbeat It will elevate your perspective and build a stronger motivation for your church to engage with Christ s Great Commission You will discover the God inspired strategy for discipleship in the Commandments for the Great Commission You will discover how we may effectively cultivate and offer daily to God a People God awaits Your congregation will have time to enjoy life and God while fulfilling the Great Commission and maturing as Christians in God s inspired ways You will be glad to allow this book to jump to the front of your reading list as it may inject transformational elements to your other reading It is possible that the message presented in this book will spark a new movement for God s people Come join me in fellowship through this book and decide for yourself to see if you can be a part of this new and exciting journey

Traveling Together Jeffrey D. Jones, 2005-12-30 Anyone concerned for the life and ministry of the church who has a sense that things are not what they might be and who is seeking a new understanding of congregational life and mission will find hope and help in the pages of this book Jeff Jones takes his readers on a journey providing a guidebook that maps out the factors facing congregations in this postmodern post Christendom world With the heart of a pastor Jones shows congregational leaders how to embrace the best parts of their church s rich heritage and reclaim it for a new day

Leading Beyond the Walls Adam Hamilton, 2002 How clear are your windows How biblical is your worldview Discover Your Windows analyzes how you think about your involvement in the church The way you see your world drives your behavior In this dynamic book Church Doctor Kent Hunter explores ten worldviews windows that greatly affect your life and your church Based on research of over 18 000 church members Hunter reveals that most tensions in churches are focused on symptoms rather than the issues that lie behind them conflicting worldviews

Listening for the Soul Jean Stairs, This book explores the relationship between the practices of pastoral care and the practices of spiritual direction with the aim of enabling pastoral caregivers to draw upon the guiding principles resources and techniques of spiritual direction within the Christian tradition With an emphasis on both practice and presence the book reclaims the tradition of soul care for the pastoral ministry thereby complementing the medical or crisis intervention model of pastoral care with a wellness growth model of pastoral care Listening for the Soul Challenges clergy to take seriously the relationship between pastoral care and spiritual direction Integrates theological and psychological insights with issues of spiritual life and formation Includes a chapter on the spiritual formation of children Provides practical guidance for

integrating spiritual direction with pastoral care Tends to the pastoral caregivers own needs for spiritual deepening Includes reflection questions and case studies to enable the text to function on both the individual reader and classroom levels Leaving Christianity Stuart Macdonald, Brian P. Clarke, 2017-11-30 Canadians were once church goers During the post war boom of the 1950s Canadian churches were vibrant institutions with attendance rates even higher than in the United States but the following decade witnessed emptying pews What happened In Leaving Christianity Brian Clarke and Stuart Macdonald quantitatively map the nature and extent of Canadians disengagement with organized religion and assess the implications for Canadian society and its religious institutions Drawing on a wide array of national and denominational statistics they illustrate how the exodus that began with disaffected baby boomers and their parents has become so widespread that religiously unaffiliated Canadians are now the new majority While the old mainstream Protestant churches have been the hardest hit the Roman Catholic Church has also experienced a significant decline in numbers especially in Quebec Canada s civil society has historically depended on church members for support and a massive drift away from churches has profound implications for its future Leaving Christianity documents the true extent of the decline the timing of it and the reasons for this major cultural shift **See, Know & Serve the People Within Your Reach** Thomas G. Bandy, 2013-08-20 In See Know Serve Tom Bandy shows how the transition between Christendom and Post Christendom is unfolding at different speeds and with different twists in diverse regions and places and that this development makes standardizing ministry practices or using collections of best practices unsuccessful in growing God s mission Bandy presents startlingly new ways to view congregations and communities enabling leaders to understand the people within their reach on a granular level The author demonstrates with real world examples how organizations can translate this information into practical strategies and tactics The book includes helpful charts and diagrams making the material surprisingly easy to digest and share This important groundbreaking and convicting book lays out with depth and clarity a pioneering new way forward for every church and every mission focused organization Bandy shows how we can see the people in our communities with unparalleled clarity so that we can serve them fulfilling our mission effectively **If It Could Happen Here** Jeffrey H. Patton, 2010-10-01 Are small membership churches as the conventional wisdom says simply places where pastors bide their time while they wait for something better to come along Are they places where long standing family relationships are maintained but little else Are they places where attendance is dropping the building is out of date the programs are boring and people don t want to change If you believe this conventional wisdom then this book is not for you But if you see small membership churches especially those in rural areas as opportunities for the radical message of Jesus to transform lives and communities then this is a book you want to read Jeff Patton knows from firsthand experience as pastor of a small membership congregation whose life turned around under his leadership that small rural churches can become explosive centers of witness and mission In this informative book he describes 6 levers for transforming a small membership

church prayer discerning a clear vision indigenous worship growth groups membership recruitment and lay pastoring Includes a foreword by Bill Easum **A New Conversation** Robert Boak Slocum, 2018-02-22 In these twenty nine essays Episcopalians consider the tradition and the future of their church its theology its polity its missiology These new conversations come from ministers of every order bishop priest deacon laity and from practiced hands at many ministries education theology music chaplaincy and spiritual direction Several essayists write urgently that the Episcopal Church must change if it is to survive Others contend with equal fervor that American Anglicanism can work if Episcopalians will reclaim and reaffirm their liturgical spiritual and theological heritage Between these views are other writers who suggest that points of supposed opposition might indeed coexist in the church of the future taking vibrant and perhaps paradoxical new forms

Christianity and Culture in the City Samuel Cruz, 2013 Christianity and Culture in the City A Postcolonial Approach offers an introduction to the broad diversity of contemporary Christianities in a rich complex changing and challenging city context Cruz focuses upon a variety of changing communities with dynamic and striking cultural experiences and the volume provides both scholarly and practical insights as to how Christianities in the city relate to and transform city institutions and communities that are undergoing dramatic shifts and invite opportunities for intentional study This book offers a provocative interdisciplinary examination to shed light upon the ways in which diverse city communities appropriate Christianity to better engage their economic cultural political and religious environment A post colonial theoretical framework will help inform how Christianity serves to empower and reinvent fragmented oppressed and struggling city populations The reader is offered various conceptual theoretical and pragmatic insights and knowledge for better interpreting affirming and engaging diverse Christianities in the city in a postcolonial era *You Only Have to Die* Rev. Dr. James A. Harnish, James A.

Harnish, 2010-09-01 A moving testimony to how a church can experience rebirth by discerning its core mission The key to becoming a Spirit energized people loving life giving community transforming congregation says James A Harnish is really very simple All you have to do is be willing to die This ebook describes how God calls each congregation to a specific mission how God grants discernment to understand what that mission is and how God enables the congregation to die to its entrenched attitudes and behaviors in order to be resurrected to a new life of ministry and witness **Heart, Mind, and**

Strength Jeffrey D. Jones, 2008-12-08 Leadership observes Jeffrey Jones is never about you What happens to you as a leader stems from a vast array of issues and dynamics over which you have little or no control Leadership Jones also insists is always about you Christ's disciple part of the system an individual with your own anxieties and a personal life that shapes both your personhood and your relationships Heart Mind and Strength is about dealing with the tension between these two realities What we know is important So is who we are maybe even more so Of course admits Jones no book can tell us everything we need to know about leadership the what of it And certainly no book can shape our personhood the who of leadership Jones however shares both theoretical and practical insights that will inform the what and influence the who of

your leadership in transformative ways Jones organizes the book around the daily practices of leadership treating it as both a skill and an art Heart Mind and Strength will enhance your practice of ministry by providing well grounded theory related to the practical concerns you encounter in the daily work of balancing what you know with who you are
