Encyclopedia of African American History, 1896 to the Present: O-T Paul Finkelman, 2009. Alphabetically arranged entries from O to T that explore significant events, major persons, organizations, and political and social movements in African American history from 1896 to the twenty-first century.

Enjoyment of Laughter Max Eastman, 2017-09-29. Humor at its best is a somewhat fluid and transitory element, but most books about it are illustrated with hardened old jokes from the comic papers or classic witticisms jerked out of their context. Max Eastman in this work avoids this catastrophe by quoting mainly from contemporary American humor. This is not an anthology; in that selections have been made with a view to making a point rather than covering the field. The purpose of Eastman's fabled work is to make the reader laugh. Since his early school days it has seemed to him that textbooks are wrongly written in that they are conducted in a way which ignores the natural operation of the mind. As a result, the opinion is universal and under the circumstances a fact that in order to learn anything you have to study. Since this introduction to humor is itself near to writing a textbook, Eastman uses the very text he constructs to illustrate the manner in which textbooks should be written. Examination and classification of the kinds of humorous experience upon the basis of a theory is a science. As such, this work offers a fair chance to illustrate a method of instruction. However, the distinction between a good joke and a bad one will not prevent the reader from making bad jokes nor enable one to make good ones. There is an artistic and playful element that simply cannot be taught. **Enjoyment of Laughter** presents a total view of the science of laughter and draws upon some of the great American humorists to do so.

Make 'em Laugh! Zeke Jarvis, 2015-04-07. This lighthearted and eye-opening book explores the role of comedy in cultural and political critiques of American society from the past century. This unprecedented look at the history of satire in America showcases the means by which our society is informed by humor from the way we examine the news to how we communicate with each other to what we seek out for entertainment. From biographical information to critical reception of material and personalities, the book features humorists from both literary and popular culture settings spanning the past 100 years. Through its 180 entries, this comprehensive volume covers a range of artists, individuals such as Joan Rivers, Hunter S. Thompson, and Chris Rock, and topics including vaudeville, cartoons, and live performances. The content is organized by media and genre to showcase connections between writers and performers. Chapters include an alphabetical listing of humorists, grouped by television and film stars, stand-up, and performance comics, literary humorists, and humorists in popular print.
