Form Of Faust:

The Form of Faust Harold Stein Jantz, 1978 **Goethe's Faust** John R. Williams, 2020-01-30 Originally published in 1987 this is a thorough and lucid introduction and commentary to the whole of Goethe's Faust. It gives the student of German and European literature valuable insights into the most important work of Germany's foremost poet. German quotations are translated or paraphrased in English and a detailed knowledge of German literature is not assumed. The book traces Goethe's work on the play over 60 years of his creative career and surveys its critical reception over the 200 years since its first appearance. Part One is analysed as a mimetic tragedy. Part Two as an historical and cultural profile of Goethe's own times. The commentary guides the reader carefully through its subtleties and multi-layered references and provides a broad and coherent structure for the overall understanding of the work. It suggests provocative interpretations of some figures and episodes in Part Two and places renewed emphasis on parts of the work that often receive relatively little attention. An appendix surveys the metres and verse forms of the play. The Old German Puppet Play of Doctor Faust, 1887 The Faustian Century James M. Van der Laan, Andrew Weeks, 2013 New essays revealing the enduring significance of the story made famous in the 1587 Faustbuch and providing insights into the forces that gave the sixteenth century its distinct character. The Reformation and Renaissance though segregated into distinct disciplines today interacted and clashed intimately in Faust, the great figure that attained European prominence in the anonymous 1587 *Historia von D. Johann Fausten*. The original Faust behind Goethe's great drama embodies a remote culture. In his century Faust evolved from an obscure cipher to a universal symbol. The age explored here as the Faustian century invested the Faustbuch and its theme with a symbolic significance still of exceptional relevance today. The new essays in this volume complement one another providing insights into the tensions and forces that gave the century its distinct character. Several essays seek Faust's prototypes. Others elaborate the symbolic function of his figure and discern the resonance of his tale in conflicting allegiances. This volume focuses on the intersection of historical accounts and literary imaginings on shared aspects of the work and its times on concerns with obedience and transgression, obsessions with the devil and curiosity about magic and quandaries created by shifting religious and worldly authorities. Contributors: Marguerite de Huszar, Allen Kresten Thue, Andersen Frank, Baron G. nther, Bonheim, Albrecht Classen, Urs Leo Gantenbein, Karl S. Guthke, Michael Keefer, Paul Ernst Meyer, J. M. van der Laan is Professor of German and Andrew Weeks is Professor of German and Comparative Literature both at Illinois State University. **Faust** E. A. Bucchianeri, 2008 A comprehensive exploration of Dr Faust, the man who sold his soul to the devil and those who lived to tell his tale. Volume I includes new insights into the life and times of the historical Dr Faustus, the notorious occultist and charlatan who reputedly declared the devil was his brother-in-law. A detailed study of the first Faust books and the popular Faustian folk tales. Original discussions on Christopher Marlowe's famous drama and his atheistic rendition of the Faustian myth, including a unique and controversial

recovers a set of ecological and biopolitical concerns to show how the problem of environmental disorder fundamentally shaped cinema's relationship to modernity. As accessible as it is persuasive, the book adds to a growing body of scholarship on biopolitics within German studies and reveals fresh ways of understanding the apparatus of Weimar cinema. **Specimens of Printing Types Made at Bruce's New York Type-Foundry ...** Bruce's New York Type Foundry, 1869 **MLN.**, 1900 Provides image and full text online access to back issues.
