## **Foundations Of Futures Studies Values Objectivity And The Good Society:**

Foundations of Futures Studies: Values, objectivity, and the good society Wendell Bell, 1997 Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures Wendell Bell's two volume work Foundations of Futures Studies is widely acknowledged as the fundamental work on the subject In Volume 2 Bell goes beyond possible and probable futures to the study of preferable futures He shows that concern with ethics morality and human values follows directly from the futurist purposes of discovering or inventing examining and proposing desirable futures He examines moral judgments as an inescapable aspect of all decision making and conscious action even in the everyday lives of ordinary people Now available in paperback with a new preface from the author Volume 2 of Foundations of Futures Studies moves beyond cultural relativism to critical evaluation Bell compares depictions of the good society by utopian writers describes objective methods of moral judgment assesses religion and law as sources of what is morally right documents the existence of universal human values and shows that if human beings are to thrive in the global society of the future some human values must be changed

**Foundations of Futures Studies** Wendell Bell, 2017-07-28 Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures Wendell Bell's two volume work Foundations of Futures Studies is widely acknowledged as the fundamental work on the subject In Volume 2 Bell goes beyond possible and probable futures to the study of preferable futures He shows that concern with ethics morality and human values follows directly from the futurist purposes of discovering or inventing examining and proposing desirable futures He examines moral judgments as an inescapable aspect of all decision making and conscious action even in the everyday lives of ordinary people Now available in paperback with a new preface from the author Volume 2 of Foundations of Futures Studies moves beyond cultural relativism to critical evaluation Bell compares depictions of the good society by utopian writers describes objective methods of moral judgment assesses religion and law as sources of what is morally right documents the existence of universal human values and shows that if human beings are to thrive in the global society of the future some human values must be changed

**Foundations of Futures Studies: Values, objectivity, and the good society** Wendell Bell, 2004 Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures Wendell Bell's two volume work Foundations of Futures Studies is widely acknowledged as the fundamental work on the subject In Volume 2 Bell goes beyond possible and probable futures to the study of preferable futures He shows that concern with ethics morality and human values follows directly from the futurist purposes of discovering or inventing examining and proposing desirable futures He examines moral judgments as an inescapable aspect of all decision making and conscious action even in the everyday lives of ordinary people Now available in paperback with a new preface from the author Volume 2 of Foundations of

Futures Studies moves beyond cultural relativism to critical evaluation Bell compares depictions of the good society by utopian writers describes objective methods of moral judgment assesses religion and law as sources of what is morally right documents the existence of universal human values and shows that if human beings are to thrive in the global society of the future some human values must be changed **Foundations of Futures Studies** Wendell Bell,1997 **Foundations of Futures Studies** Wendell Bell,2017-07-05 Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures It aims to demystify the future make possibilities for the future more known to us and increase human control over the future This book summarizes and expands contributions of futurists to the envisioning power and well being of humanity Bell brings together futurist intellectual tools describing and explaining not only the methods but also the nature concepts theories and exemplars of the field Foundations of Futures Studies fulfills Bell s five main purposes for writing this two volume effort 1 to show that futures studies like other fields from anthropology to zoology exists as an identifiable sphere of intellectual activity 2 to create a teaching instrument that can be used as a basic text for core courses in futures studies 3 to futurize the thinking of specialists in other disciplines 4 to contribute to the further development and improvement of futures studies and 5 to provide tools to empower both ordinary people and leaders to act in ways that create better futures for themselves and their societies Bell maintains that despite its sometimes doomsday rhetorical style and widespread use by special interests futures studies offers hope for the future of humanity and concrete ways of realizing that hope in the real world of our everyday lives It will appeal to all interested in futures studies as well as sociologists economists political scientists and historians **Foundations of Futures Studies** Wendell Bell,2017-07-28 Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures Wendell Bell s two volume work Foundations of Futures Studies is widely acknowledged as the fundamental work on the subject In Volume 2 Bell goes beyond possible and probable futures to the study of preferable futures He shows that concern with ethics morality and human values follows directly from the futurist purposes of discovering or inventing examining and proposing desirable futures He examines moral judgments as an inescapable aspect of all decision making and conscious action even in the everyday lives of ordinary people Now available in paperback with a new preface from the author Volume 2 of Foundations of Futures Studies moves beyond cultural relativism to critical evaluation Bell compares depictions of the good society by utopian writers describes objective methods of moral judgment assesses religion and law as sources of what is morally right documents the existence of universal human values and shows that if human beings are to thrive in the global society of the future some human values must be changed **Futures Research and Environmental Sustainability** James K. Lein,2016-12-08 This book explores the challenges of presenting sustainability as a more actionable or practical concept and identifying approaches that might offer useful assistance in addressing the temporal and spatial representation of sustainability The underlying premise of this book is that sustainability is a state realized in the future In that future there is

a geographic arrangement of society and economy that agrees with its environmental setting This future perspective introduces a little examined subject area that can lend significant content to the sustainability challenge Futures Research

*The Future Internet* Jenifer Winter, Ryota Ono, 2015-12-14 Readers seeking to gain a handle on the internet's global expansion will find this book rich in scholarly foundations combined with cutting edge discussion of emerging ICTs and services and the complex societal contexts in which they are embedded To explore possibilities to the fullest extent a sociotechnical systems approach is employed focusing on the interplay of technical social cultural political and economic dynamics to explore alternative futures ones that are not part of the dominant discourse about the internet These shared perspectives are not well addressed elsewhere in current discussions Awareness of these dynamics and the fluidity of the future is important as humankind moves forward into the uncertain future Due to the sociotechnical complexity of the Internet policymakers businesspeople and academics worldwide have struggled to keep abreast of developments This volume's approach is intended to stimulate dialogue between academics and practitioners on a topic that will affect most aspects of human life in the near term future

**Foundations of Futures Studies** Jose Valciukas, 2017-07-05 Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures It aims to demystify the future make possibilities for the future more known to us and increase human control over the future This book summarizes and expands contributions of futurists to the envisioning power and well being of humanity Bell brings together futurist intellectual tools describing and explaining not only the methods but also the nature concepts theories and exemplars of the field Foundations of Futures Studies fulfills Bell's five main purposes for writing this two volume effort 1 to show that futures studies like other fields from anthropology to zoology exists as an identifiable sphere of intellectual activity 2 to create a teaching instrument that can be used as a basic text for core courses in futures studies 3 to futurize the thinking of specialists in other disciplines 4 to contribute to the further development and improvement of futures studies and 5 to provide tools to empower both ordinary people and leaders to act in ways that create better futures for themselves and their societies Bell maintains that despite its sometimes doomsday rhetorical style and widespread use by special interests futures studies offers hope for the future of humanity and concrete ways of realizing that hope in the real world of our everyday lives It will appeal to all interested in futures studies as well as sociologists economists political scientists and historians

**Cultivating Futures Thinking in Museums** Kristin Alford, 2024-10-21 Cultivating Futures Thinking in Museums provides examples of the active and diverse roles that museums are taking to expand futures thinking in communities including developing capabilities to envision and enact more prosperous equitable and sustainable futures Presenting 21 examples that demonstrate how museums are cultivating futures capabilities in diverse global contexts the volume acknowledges innovative practice builds a foundation for growing futures work in the museum sector and inspires others in the field to adopt futures frameworks in their practices This realm of thinking including components of anticipating futures by exploring drivers of change imagining

immersive experiences of futures creating tools and methods to enable futures capability and participatory futures informing museum design practice provides important responses to the multitude of complex contemporary problems like climate change technological development and social inequity The book prompts museums to think about their role in shaping alternative and novel narratives for our future Cultivating Futures Thinking in Museums will primarily appeal to museum professionals inspiring and informing them to adopt practices to further futures literacies It will also appeal to academics researchers and students with an interest in museums futures design contemporary art curating and cultural studies

**Foundations of Futures Studies, Volume 1** Wendell Bell, Futures studies is a new field of inquiry involving systematic and explicit thinking about alternative futures It aims to demystify the future make possibilities for the future more known to us and increase human control over the future Author Wendell Bell brings together futurist intellectual tools describing and explaining not only the methods but also the nature concepts theories and exemplars of the field Now available in paperback with a new preface from the author Foundations of Future Studies is the fundamental work on the subject Bell illustrates how this sphere of intellectual activity offers hope for the future of humanity and concrete ways of realizing that hope in the real world of everyday life His book will appeal to all interested in futures studies sociology economics political science and history

**Viable Utopian Ideas** Art Shostak, 2015-06-11 Utopias whether philosophical literary or actual experiments are attempts to solve all social problems In the wake of the attack on the World Trade Center unfolding corporate scandals and other devastating shocks it is natural to search for practical lessons in utopian literature In this collection noted sociologists renew the call to develop an altruistic social order They address a wide variety of topics as they look for viable utopian ideas that can be applied to today's society Written in an engaging jargon free style and directed to introductory sociology students as well as anyone concerned with social problems the book provides both visionary ideals and insights for pragmatic decision making as we venture into an uncertain future

*Memories of the Future* Wendell Bell, 2017-09-08 Life courses both professional and personal are often directed by unplanned experiences At crossroads which path is followed and which hard choices are made can change the direction of one's future Wendell Bell's life illustrates how totally unforeseen events can shape individual lives As he notes despite our hopes and our plans for the future there is also serendipity feedback twists and turns chance and circumstance all of which shape our futures with sometimes surprising results In Bell's case such twists and turns of chance and circumstance led to his role in developing the new field of futures studies In *Memories of the Future* Bell recognizes the importance of images of the future and the effect of these images on events to come Such images dreams visions or whatever we call them help to determine our actions which in turn help shape the future although not always in ways that we intend Bell illustrates partly with the story of his own life how people remember such past images of the future and how the memories of them linger and are often used to judge the real outcomes of their lives This is a fascinating view of the work of an important social scientist and the people and events that helped define his life It is also about American higher

education especially from the end of World War II through the 1960s and 1970s a period of educational transformation that included the spread of the merit system the increase in ethnic racial gender and social diversity among students and faculty and a massive increase in research and knowledge

**Improving and Enhancing Scenario Planning** Megan M. Crawford, George Wright, 2025-02-12 This book presents a contemporary view of the approaches and theories that inform global scenario planning and foresight science providing practical recommendations for improving scenario development processes Its insights bridge the gap between last century s foundations and this century s innovations

*Concise Encyclopedia of Applied Ethics in the Social Sciences* Tuija Takala, Matti Häyry, 2024-04-12 Covering a vast array of disciplines this prescient Encyclopedia analyzes the many roles that applied ethics plays in the social sciences Entries scrutinize the various manifestations of ethics across a range of disciplines and subdisciplines such as animal studies criminology and global health

**Understanding the Future** Ronald Bradfield, 2025-01-27 Organizations today face an increasingly complex contextual environment The intensity of what is recognized as a VUCA world has changed how they view the world interact with each other and respond to this environment Understanding the Future shows individuals and organizations how to develop scenario planning using the Intuitive Logics IL model to perceive what is happening in the business environment and how to improve strategic decision making to plan for uncertainty Ronald Bradfield a renowned scenario planning practitioner traces the origins of scenario planning from its evolution to associated techniques and details the IL development process from Stage 1 to Stage 5 He includes an insightful chapter on how people think describing the role of heuristics and biases reviewing some of the commonly known ones and concludes with the pros and cons of the IL model This book includes extensive reference material appendices a list of Foresight and Scenario organizations Futures journals and magazines published scenarios select readings and guides and the author s unique case material directly from his world leading consulting work of the past 30 years Understanding the Future is an exceptional comprehensive guide for postgrads practitioners leaders policymakers and anyone involved in organizational development or management risk who needs to understand the IL scenario framework and its value in addressing organizational challenges amidst complexity

**Long-range Futures Research** Robert H. Samet, 2009-03-24 This highly readable study explains how complexity science provides an evolutionary model for the civil system with a new world view that out ranges United Nations reference scenarios to beyond 2150

*Encyclopedia of the City* Roger W. Caves, 2005 A first class work of reference that will be both an essential resource for independent study as well as a useful aid in teaching a solid but also provocative starting point for wider exploration of the city

**Projecting the Future through Political Discourse** Patricia L. Dunmire, 2011-05-25 This monograph examines the rhetorical nature and function of representations of the future in political discourse focusing on political actors use of hegemonic images of future reality to achieve their political goals It argues that a key ideological dimension of political rhetoric lies in politicians use of projections of the future to legitimate policies and actions This

argument is grounded in systemic functional and critical discourse analyses of the Bush Doctrine the U S policy response to the September 11 terrorist attacks which sanctioned a preemptive military posture By focusing on the discursive construction of the future this project addresses a lacunae in critical discourse studies and calls attention to the crucial role that the discourse and practice of futurology has played in post Cold War politics and society It will be of value to scholars interested in the discourses of politics the war on terror U S national security and futurology     Designing Families John Scanzoni,2000 Designing Families is a thought provoking examination of the challenges facing the nuclear family as it enters the new millenium John Scanzoni sets the issue of change in families in aN historical and cross cultural perspective tracing the development of the family from the Agricultural Age to the Information Age
