

Law and Order in Polynesia, a Study of Primitive Legal Institutions

Hogbin, H I

Note: This is not the actual book cover

Law And Order In Polynesia

Paul D'Arcy

Law And Order In Polynesia:

Law and Order in Polynesia Herbert Ian Hogbin, 1958 Law and order in Polynesia Herbert Ian Hogbin, 1961 *Law and Order in Polynesia*, 1934 **Law and Order in Polynesia** Herbert Ian Hogbin, 1934 **Jurisprudence** Roscoe Pound, 2000 v 1 Jurisprudence The end of law v 2 The nature of law v 3 The scope and subject matter of law Sources forms modes of growth v 4 Application and enforcement of law Analysis of general juristic conceptions v 5 The system of law

Critical Legal Studies Andrew Altman, 2021-06-08 Scholars in the Critical Legal Studies movement have challenged some of the most cherished ideals of modern Western legal and political thought CLS thinkers claim that the rule of law is a myth and that its defense by liberal thinkers is riddled with inconsistencies This first book length liberal reply to CLS systematically examines the philosophical underpinnings of the CLS movement and exposes the deficiencies in the major lines of CLS argument against liberalism **English Legal System in Context 6e** Fiona Cownie, Anthony Bradney, Mandy Burton, 2013-07-25 This title has been written with a very simple aim in mind to provide a text which will enable the English legal system to be taught as an interesting intellectually stimulating course Robert Louis Stevenson in the Pacific Roslyn Jolly, 2016-12-05 Robert Louis Stevenson s departure from Europe in 1887 coincided with a vocational crisis prompted by his father s death Impatient with his established identity as a writer Stevenson was eager to explore different ways of writing at the same time that living in the Pacific stimulated a range of latent intellectual and political interests Roslyn Jolly examines the crucial period from 1887 to 1894 focusing on the self transformation wrought in Stevenson s Pacific travel writing and political texts Jolly shows how Stevenson s desire to understand unfamiliar Polynesian and Micronesian cultures and to record and intervene in the politics of Samoa gave him opportunities to use his legal education pursue his interest in historiography and experiment with anthropology and journalism Thus as his geographical and cultural horizons expanded Stevenson s professional sphere enlarged as well stretching the category of authorship in which his successes as a novelist had placed him Rather than enhancing his stature as a popular writer however Stevenson s experiments with new styles and genres and the Pacific subject matter of his later works were resisted by his readers Jolly s analysis of contemporary responses to Stevenson s writing gleaned from an extensive collection of reviews many of which are not readily available provides fascinating insights into the interests obsessions and resistances of Victorian readers As Stevenson sought to escape the vocational straightjacket that confined him his readers just as strenuously expressed their loyalty to outmoded images of Stevenson the author and their distrust of the new guises in which he presented himself Collateral Knowledge Annelise Riles, 2011-04-15 Who are the agents of financial regulation Is good or bad financial governance merely the work of legislators and regulators Here Annelise Riles argues that financial governance is made not just through top down laws and policies but also through the daily use of mundane legal techniques such as collateral by a variety of secondary agents from legal technicians and retail investors to financiers and academics and even computerized trading programs Drawing upon

her ten years of ethnographic fieldwork in the Japanese derivatives market Riles explores the uses of collateral in the financial markets as a regulatory device for stabilizing market transactions How collateral operates Riles suggests is paradigmatic of a class of low profile mundane but indispensable activities and practices that are all too often ignored as we think about how markets should work and be governed Riles seeks to democratize our understanding of legal techniques and demonstrate how these day to day private actions can be reformed to produce more effective forms of market regulation

The Statesman's Year-Book S. Steinberg,2016-12-27 The classic reference work that provides annually updated information on the countries of the world *The South Seas in the Modern World* Felix M. Keesing,2025-05-01 The South Seas in the Modern World 1942 surveys the economic social educational and strategic problems facing the islands of the Pacific dependencies on the eve of the Second World War The ways of living that met the needs of the islanders had been disrupted by the arrival of white traders and missionaries carrying with them new diseases causing economic distress and social chaos As Island societies began to stabilise global war waged by distant colonial powers caused repercussions across the region The Evolution of Social Institutions Dmitri M. Bondarenko,Stephen A. Kowalewski,David B. Small,2020-09-12 This book presents a novel and innovative approach to the study of social evolution using case studies from the Old and the New World from prehistory to the present This approach is based on examining social evolution through the evolution of social institutions Evolution is defined as the process of structural change Within this framework the society or culture is seen as a system composed of a vast number of social institutions that are constantly interacting and changing As a result the structure of society as a whole is also evolving and changing The authors posit that the combination of evolving social institutions explains the non linear character of social evolution and that every society develops along its own pathway and pace Within this framework society should be seen as the result of the compound effect of the interactions of social institutions specific to it Further the transformation of social institutions and relations between them is taking place not only within individual societies but also globally as institutions may be trans societal and even institutions that operate in one society can arise as a reaction to trans societal trends and demands The book argues that it may be more productive to look at institutions even within a given society as being parts of trans societal systems of institutions since despite their interconnectedness societies still have boundaries which their members usually know and respect Accordingly the book is a must read for researchers and scholars in various disciplines who are interested in a better understanding of the origins history successes and failures of social institutions The Politics of Reproductive Ritual Jeffery M. Paige,Karen Ericksen Paige,2023-04-28 A welcome addition They argue that rituals of reproduction in preindustrial societies are essentially political In these societies they say men need to control the reproductive power of women in order to establish political power where there is no law or central government ritual is used as a way of gaining control The type of ritual will vary they conclude according to the economic base of the society for those who are interested in the subject this book is indispensable

Its thesis is challenging and the documentation is excellent Paige and Paige have made an essential contribution to a long debate and their theory is sure to stir new and lively controversy Science Digest This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1981 *Kinship to Kingship* Christine Ward Gailey, 2013-12-06 Have women always been subordinated If not why and how did women's subordination develop *Kinship to Kingship* was the first book to examine in detail how and why gender relations become skewed when classes and the state emerge in a society Using a Marxist feminist approach Christine Ward Gailey analyzes women's status in one society over three hundred years from a period when kinship relations organized property work distribution consumption and reproduction to a class based state society Although this study focuses on one group of islands Tonga in the South Pacific the author discusses processes that can be seen through the neocolonial world This ethnohistorical study argues that evolution from a kin based society to one organized along class lines necessarily entails the subordination of women And the opposite is also held to be true state and class formation cannot be understood without analyzing gender and the status of women Of interest to students of anthropology political science sociology and women's studies this work is a major contribution to social history *Global Prescriptions* Yves Dezalay, Bryant G. Garth, 2002 Essays on the emerging new orthodoxy in international law that advocates the rule of law and civil society across the globe

Waipi'o Valley Jeffrey L. Gross, 2017-02-25 Waipio Valley A Polynesian Journey from Eden to Eden recounts the remarkable migrations of the Polynesians across a third of the circumference of the earth Their amazing journey began from Kalana i Hauola the biblical Garden of Eden located along the shore of the Persian Gulf extended to the Indus River Valley of ancient Vedic India to Egypt where some ancestors of the Polynesians were on the Israelite Exodus through Island Southeast Asia and across the Pacific Ocean They voyaged thousands of miles in double hull canoes constructed from hollowed out logs built with Stone Age tools and navigated by the stars of the night sky The Polynesians resided on numerous tropical islands before reaching Waipio Valley the last Polynesian Garden of Eden Due to their isolation on the islands of the Pacific Ocean Polynesian religious and cultural beliefs have preserved elements from mankind's past nearer the beginning of human history Polynesian mythology includes genealogical records of their divine ancestors that extends back to Kahiki their mystical land of creation and ancient divine homeland created by the gods epic tales of gods and heroes that preserved records of their ancient voyages oral chants such as the Hawaiian Kumulipo contain evolutionary creation theories that reflect modern scientific thought and the belief in a Supreme Creator God **Peoples of the Pacific** Paul D'Arcy, 2017-05-15 Presenting the history of the inhabitants of the Pacific Islands from first colonization until the spread of European colonial rule in the later 19th century this volume focuses specifically on Pacific Islander European interactions from the perspective of Pacific

Islanders themselves A number of recorded traditions are reproduced as well as articles by Pacific Island scholars working within the academy The nature of Pacific History as a sub discipline is presented through a sample of key articles from the 1890s until the present that represent the historical evolution of the field and its multidisciplinary nature The volume reflects on how the indigenous inhabitants of the Pacific Islands have a history as dynamic and complex as that of literate societies and one that is more retrievable through multidisciplinary approaches than often realized **Man and Culture** Bronislaw Malinowski, 2013-10-08 This volume is a reassessment of Malinowski s work by a group of his former pupils and colleagues A frank evaluation not a eulogy it examines the real and lasting importance of Malinowski s contribution to a range of subjects

Violence in Pacific Islander Traditional Religions Garry Trompf, 2022-01-27 An Element on the role of violence in the traditional religions of the Pacific Islands Melanesia Micronesia and Polynesia and on violent activity in islander religious life after the opening of Oceania to the modern world This work covers such issues as tribal warfare sorcery and witchcraft traditional punishment and gender imbalance and moves on to consider reprisals against foreign intruders in the Pacific and the continuation of old types of violence in spite of massive socio religious change Native Cultures of the Pacific Islands Douglas L. Oliver, 1989-01-01 Even before Western contact the Pacific Islanders inhabited nearly every island north and east of Australia a thousand distinctive peoples This overview of the cultures of the Pacific Islands treats their physical setting prehistory activities and social relations before European influences subjected them to radical changes It is intended mainly for college level students in courses dealing with the region but Native Cultures of the Pacific Islands will also be enjoyed by those interested in the Pacific Islands and by visitors to the Pacific The book is an abridgement of the author s larger two volume work Oceania The Native Cultures of Australia and the Pacific Islands Native Cultures of the Pacific Islands contains a number of maps and illustrations from the larger work
