Leon Trotsky and the Art of Insurrection 1905-1917 Harold Walter Nelson,2013-07-23 First published in 1988 A functional definition of revolutionary military leadership is essential in understanding Leon Trotsky s role in the Russian Revolution and it is this goal that Harold Walter Nelson explores in this title The author states that the words revolutionary and general carry a heavy connotative burden and when the first is used to modify the second the new term does not lend itself to easy definition This book pursues an analysis of this title from the context of the Russian military from 1905 1917

Leon Trotsky Leon Trotsky,2012-02-13 Leon Trotsky was a key political figure of the twentieth century a leader of the Russian Revolution founder of the Red Army author of books on literature history morality and politics Leon Trotsky Writings in Exile contains some of his most insightful and penetrating works Thrown out of Russia by Stalin Trotsky settled in Mexico and turned to the only weapon he had left words In these writings he defends the 1917 Bolshevik revolution warns prophetically of fascism and analyses anti colonial movements in the global south This collection gives a sense of the real Trotsky passionate humanist Marxist **Leon Trotsky** Ian Dennis Thatcher,1993 *Records of Leon Trotsky. [A chronological bibliography of Trotsky's works.]*. Louis Sinclair,1961 Bibliography [of The] Writings of Leon Trotsky ,1959

Leon Trotsky Robert D. Warth,1977 **Trotsky's Notebooks, 1933-1935** ,1998-12 These two notebooks were discovered while Philip Pomper was doing research at Harvard s Russian Research Center for a book on Trotsky Lenin and Stalin after the Russian Revolution and were published by Columbia University for the first time in 1986 They present fascinating new insights into Trotsky s philosophy politics and psychology and this volume is a significant addition to an understanding of his revolutionary career They shed new light on his relationship to Lenin and Bolshevism his criticism of dialectics and Darwin evolutionism and his reflections of Freudian psychology as he ponders the relationship of the unconscious mind to the philosophical issues surrounding dialectics The original Russian text of the notebooks prepared and annotated by Felshtinsky is also presented here to make the material available to readers of Russian **The A to Z of Marxism** David Walker,Daniel Gray,2009-08-13 Marxism one of the few philosophies that turned into an effective movement not so long ago was the official ideology in one form or another of much of humanity It was promulgated initially by the Soviet Union then imposed on much of Central and Eastern Europe later emerged in the People s Republic of China and gradually spread to other parts of Asia and even bits of Africa and Latin America Although declining in its initial popularity it still remains strong in several countries and is supported by numerous communist and other parties and countless individuals around the world The A to Z of Marxism covers the history of Marxism and all its thinkers and schools of thought in a comprehensive manner This is done through a chronology an introductory essay a bibliography and hundreds of cross

reference dictionary entries on basic terms and concepts significant thinkers and doers and also the parties and countries that followed it *Bibliography*, 1959 **The Social and Political Thought of Leon Trotsky** Baruch Knei-Paz, 1978 This is the first comprehensive exposition and critical analysis of Trotsky's social and political ideas Eschewing the polemics which have characterized so much of the literature on Trotsky but not abandoning the critical approach the author shows that Trotsky's was the most far reaching and original of theoretical attempts to deal with the relationship between Marxism and the Social Democratic movement on the one hand and backwardness and the problems of pre industrial or underdeveloped society on the other The author also deals in detail with the problem of why Trotsky once a violent opponent of Bolshevism later became one of its most ardent supporters and indeed leaders This book is therefore as much a study of the Russian Revolution as of the ideas of one man Back cover **Historical Dictionary of Marxism** Elliott Johnson, David Walker, Daniel Gray, 2014-09-09 The second edition of the Historical Dictionary of Marxism covers of the basics of Karl Marx's thought the philosophical contributions of later Marxist theorists and the extensive real world political organizations and structures his work inspired that is the myriad political parties organizations countries and leaders who subscribed to Marxism as a creed This text includes a chronology an introductory essay and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities both thinkers and doers political parties and movements and major communist or ex communist countries This book is an excellent access point for students researchers and anyone wanting to know more about Marxism **Trotsky, Trotskyism and the Transition to Socialism** Peter Beilharz, 2019-11-19 First published in 1987 Trotskyists have long dominated the revolutionary tradition on the Western left Written from a critical socialist standpoint this book provides an analysis of Trotskyism and argues that Trotskyism is increasingly irrelevant as a means of achieving socialism It argues that as the realisation grows that the revolutionary tradition and the authoritarianism which necessarily result from it are wrong the importance of the problem of the transition to socialism increases It argues that on this point Trotskyism is weak that Trotsky's proposals for socialist transition are largely rhetorical and that its democratic impulse is weak It supports this argument by showing that Trotsky's philosophy of history implicit in his writings which the author characterises as evolutionary and necessitarian coupled with a failure to grasp the moral basis of the socialist case has a disabling effect on Trotsky's account of the transition to socialism and on his explanation of Stalinism Moreover it argues that Trotsky's intellectual and political heirs have been unable to escape from the contradictions inherent in his thought **Trotsky Bibliography: An International Classified List of Publications about Leon Trotsky and Trotskyism; 1905 - 1998** Wolfgang Lubitz, 1999-01-01 *Bibliography. Writings of Léon Trotsky, Published in English in Press and Bulletins. May 1955 (revised 1959).*, 1959 **Lev Trockij Bibliography.
