

# Standard Language and Dialectology:

- By prestige dialect we mean that these dialects are not stigmatized in the society in which they are spoken.
- Dialectology proves that the variety that develops as standard language is socially prestigious dialect, originally associated with economic and political power. For example:
- The dialect “London” is regarded as prestigious dialect of English language in England

## English Dialectology:

**Middle English Dialectology** Angus McIntosh, Michael Louis Samuels, Margaret Laing, 1989      **The Handbook of Dialectology** Charles Boberg, John Nerbonne, Dominic Watt, 2018-01-30 The Handbook of Dialectology provides an authoritative up to date and unusually broad account of the study of dialect in one volume Each chapter reviews essential research and offers a critical discussion of the past present and future development of the area The volume is based on state of the art research in dialectology around the world providing the most current work available with an unusually broad scope of topics Provides a practical guide to the many methodological and statistical issues surrounding the collection and analysis of dialect data Offers summaries of dialect variation in the world's most widely spoken and commonly studied languages including several non European languages that have traditionally received less attention in general discussions of dialectology Reviews the intellectual development of the field including its main theoretical schools of thought and research traditions both academic and applied The editors are well known and highly respected with a deep knowledge of this vast field of inquiry      Dialects Peter Trudgill, 2012-08-06 Routledge Language Workbooks provide absolute beginners with practical introductions to core areas of language study Books in the series provide comprehensive coverage of the area as well as a basis for further investigation Each Language Workbook guides the reader through the subject using hands on language analysis equipping them with the basic analytical skills needed to handle a wide range of data Written in a clear and simple style with all technical concepts fully explained Language Workbooks can be used for independent study or as part of a taught class This second edition of Dialects has been revised throughout introduces the many dialects of English spoken in the United Kingdom reveals the key issues that dialectology engages with uses both the international phonetic alphabet and simple representations of sounds to explain pronunciations involves readers in collecting data contains numerous illustrative maps is written in a lively and engaging style with information on posh and less posh dialects and spotting your dialect area      *Beginner's English dialectology* Katalin Balogné Bérces, 2008      **English Dialectology** Lawrence M. Davis, 1983      Dialectology J. K. Chambers, Peter Trudgill, 1998-12-10 When first published in 1980 Dialectology broke new ground by integrating urban dialectology sociolinguistics dialect geography and spatial variation into a cohesive discipline In this second edition the authors take account of the renaissance of dialect research in the last twenty years They offer new sections on dialectometry and mapping variability a revised section on dialect geography as well as updates of other recent developments A reliable textbook for over seventeen years this new edition will continue to serve the needs of undergraduates and individual scholars with its comprehensive coverage of methods models and findings in the study of language variation and change      **A Structural Atlas of the English Dialects** Peter Anderson, 2015-07-03 First published in 1987 this atlas identifies structural patterns which exist in the sound systems of the dialects of England It regards variation not as something to be ignored or avoided but as a central and essential feature of dialect which must be

accounted for in a systematic way The study identifies some of the more prominent structural boundaries between dialect areas and argues that discrete boundaries do not exist rather there are a number of areas separated by bands of dialects in which conflicting partial systems exist *Speech Past and Present* Juhani Klemola,1996 This volume dedicated to the memory of Professor Ossi Ihalainen 1941 1993 brings together studies in English dialectology by distinguished scholars world wide The topics discussed cover phonological morphological syntactic and lexical variation in varieties of English The majority of articles deal with British English dialects either from the present day or historical point of view American Irish and South African varieties of English are also discussed BOOKJACKET **The Dialects of England, Second Edition** Peter Trudgill,2000-01-28 This text celebrates the rich variety of regional and social dialects of English in all its forms ancient and modern **Methods in Dialectology** Alan R. Thomas,1988 This book reflects the current concerns of dialectologists as they exploit methodological tools in the twin contexts of insights which derive from sociology via sociolinguistics and their awareness of the interplay between synchronic variation and linguistic change **The Victorians and English Dialect** Matthew Townend,2024-07-09 The Victorians and English Dialect tells the story of the Victorians discovery of English dialect and of the revaluation of local language that was brought about by the new historical philology of the nineteenth century Regional dialects came to be seen not as corrupt or pernicious but rather as venerable and precious The book examines the work of the ground breaking collectors of the 1840s and 1850s who first alerted their contemporaries to the importance of local dialect and also to the perils that threatened it with extinction Tracing the connection between dialect and literature in the flourishing of dialect poetry and the foregrounding of regional voices in Victorian fiction It goes on to explain how the antiquity of regional dialects cast light on the national past the Celts Anglo Saxons and Vikings and how dialect study was also at the heart of the discovery of local folklore and oral culture old words old customs old beliefs And it tells the story of the three great monuments of Victorian dialect study that marked the apogee of regional philology the 80 publications of the English Dialect Society 1873 96 an organization run by a committee of journalists and local historians in Manchester the nationwide survey of The Existing Phonology of English Dialects 1889 which listened in on local speech in market squares and third class railway carriages and the multi volume English Dialect Dictionary 1898 1905 which collected all the previous labours together and made an enduring record of Victorian dialect **Historical Dialectology** Jacek Fisiak,2011-06-01 In this volume of 29 papers readers interested in language variation and historical linguistics will find interesting theoretical proposals as well as suggestions concerning ways of approaching previously unsolved empirical problems in the field The papers deal with various aspects of historical regional dialectology and some border on the issue of dialectology and linguistic change Although many deal with English a number discuss Romance languages in general as well as Norwegian German relic languages of the eastern Alpine region Coptic and Fox Some are devoted to more general issues The language specific contributions also often cover areas of a more general nature The results indicate new vistas for

further productive research in the area of historical dialectology      **New England English** James N. Stanford, 2019-10-14 For nearly 400 years New England has held an important place in the development of American English and New England accents are very well known in the popular imagination While other projects have studied various dialect regions of New England this is the first large scale academic project since the 1930s to focus specifically on New England English as a whole In *New England English* James N Stanford presents new variationist sociolinguistic research covering all six New England states with detailed geographic acoustic phonetic and statistical analyses of recently collected data from over 1 600 New Englanders Stanford and his team of Dartmouth students built this dataset over 8 years of face to face fieldwork and online audio recordings and questionnaires Using acoustic phonetics computational processing and dialect maps the book systematically documents major traditional New England dialect features and their current usage in terms of geography age gender ethnicity social class and other factors This dataset is interpreted in terms of William Labov's outward orientation of the language faculty dialect levelling convergence and divergence and Hub social geometry The result is a wide ranging empirical analysis and theoretical overview of this influential English dialect region      *The Handbook of the History of English* Ans van Kemenade, Bettelou Los, 2009-02-09 The Handbook of the History of English is a collection of articles written by leading specialists in the field that focus on the theoretical issues behind the facts of the changing English language organizes the theoretical issues behind the facts of the changing English language innovatively and applies recent insights to old problems surveys the history of English from the perspective of structural developments in areas such as phonology prosody morphology syntax semantics language variation and dialectology offers readers a comprehensive overview of the various theoretical perspectives available to the study of the history of English and sets new objectives for further research

**The Study of Dialect** K. M. Petyt, 1980      *Historical Dialectology in the Digital Age* Rhona Alcorn, 2018-11-30 Examines how pre modernist conceptions and social organizations of pleasure have impacted post WWII film      **The Dialects of British English in Fictional Texts** Donatella Montini, Irene Ranzato, 2021-06-20 This collection brings together perspectives on regional and social varieties of British English in fictional dialogue across works spanning various literary genres showcasing authorial and translation innovation while also reflecting on their impact on the representation of sociolinguistic polarities The volume explores the ways in which different varieties of British English including Welsh Scots and Received Pronunciation are portrayed across a range of texts including novels films newspapers television series and plays Building on metadiscourse which highlighted the growing importance of accent as an emblem of social stance in the eighteenth and nineteenth centuries the chapters in this book examine how popular textual forms create and reinforce links between accent and social persona and accent and individual idiolect A look at these themes as explored through the lens of audiovisual translation and the challenges of dubbing sheds further light on the creative resources authors and translators draw on in representing sociolinguistic realities through accent This book will be of particular interest to students and

scholars in dialectology audiovisual translation literary translation and media studies

**Studying Dialect** Rob

Penhallurick, 2018-02-22 This book provides an accessible yet comprehensive introduction to the study of the dialects of English as they are spoken around the world from the earliest dialect dictionaries of the sixteenth century to contemporary research emerging from the field of geolinguistics Organised into ten thematic chapters it explores and evaluates the methods and purposes of each approach to the study of dialectal variation with full explanations of technical terms throughout Illuminating one of the most productive fields of interest in language study this compelling book is essential reading for students of dialect and regional difference in English

**Grammatical Variation in British English Dialects**

Benedikt Szmrecsanyi, 2013 An exploration of grammatical differences between British English dialects drawing on authentic speech data collected in over thirty counties The book presents a new approach known as corpus based dialectometry which focuses on the joint quantitative measurement of dozens of grammatical features to gauge regional differences

The dialect of the Life of Saint Katherine H. M. Logan, 2017-12-04 No detailed description available for The dialect of the Life of Saint Katherine
