Five Key Concepts In Anthropological Thinking:

Five Key Concepts in Anthropological Thinking Richard John Perry, 2003 For undergraduate upper level courses in Anthropological Theory This highly readable treatment of anthropological theory discusses ideas in a conversational style accessible to undergraduates without oversimplifying the issues It is unique in focusing on five key concepts evolution culture structure function and relativism placing these core ideas in the forefront to address the contributions of major theorists It presents competing theoretical positions engaging students in central debates in anthropology through time and exploring the implications of alternative perspectives

Encyclopedia of Anthropology H. James Birx, 2006 Focuses on physical social and applied anthropology archaeology linguistics and symbolic communication Topics include hominid evolution primate behaviour genetics ancient civilizations cross cultural studies and social theories

Toward a Nonkilling Paradigm Joám Evans Pim, 2009 The present volume brings together 24 authors and 14 disciplines including anthropology arts biology economics engineering geography health sciences history linguistics mathematics philosophy physics psychology and sociology to seriously consider the prospects for the realization of nonkilling societies and to challenge each discipline's role in the necessary social and scientific transformation toward a killing free world Pub

Social Vulnerability to Disasters, Second Edition Deborah S.K. Thomas, Brenda D. Phillips, William E. Lovekamp, Alice Fothergill, 2013-05-09 The 2010 Haiti and Chile earthquakes the 2010 BP oil spill in the Gulf of Mexico and the 2011 Fukushima earthquake and tsunami in Japan are but a few examples of recent catastrophic events that continue to reveal how social structure and roles produce extensive human suffering and differential impacts on individuals and communities These events bring social vulnerability to the forefront in considering how disasters unfold clearly revealing that disasters are not created from the physical event alone Equally important people even those considered vulnerable respond in innovative and resilient ways that unveil the strength of human ingenuity and spirit It is not a foregone conclusion that a hazard event even a large one will result in catastrophic loss This updated second edition of Social Vulnerability to Disasters focuses on the social construction of disasters demonstrating how the characteristics of an event are not the only reason that tragedies unfurl By carefully examining and documenting social vulnerabilities throughout the disaster management cycle the book remains essential to emergency management professionals the independent volunteer sector homeland security and related social science fields including public policy sociology geography political science urban and regional planning and public health The new edition is fully updated more international in scope and incorporates significant recent disaster events It also includes new case studies to illustrate important concepts By understanding the nuances of social vulnerability and how these vulnerabilities compound one another we can take steps to reduce the danger to at risk populations and strengthen community resilience overall

Features and Highlights from the Second Edition Contains contributions from leading scholars professionals and academics who draw on their areas of expertise to examine vulnerable populations Incorporates disaster case studies to

illustrate concepts relevant and seminal literature and the most recent data available In addition to highlighting the U S context integrates a global approach and includes numerous international case studies Highlights recent policy changes and current disaster management approaches Infuses the concept of community resilience and building capacity throughout the text Includes new chapters that incorporate additional perspectives on social vulnerability Instructor s guide PowerPoint slides and test bank available with qualifying course adoption **Pursuits of Happiness** Gordon Mathews,Carolina Izquierdo,2009 Anthropology has long shied away from examining how human beings may lead happy and fulfilling lives This book however shows that the ethnographic examination of well being defined as the optimal state for an individual a community and a society and the comparison of well being within and across societies is a new and important area for anthropological inquiry Distinctly different in different places but also reflecting our common humanity well being is intimately linked to the idea of happiness and its pursuits Noted anthropological researchers have come together in this volume to examine well being in a range of diverse ways and to investigate it in a range of settings from the Peruvian Amazon the Australian outback and the Canadian north to India China Indonesia Japan and the United States BOOK JACKET

Happiness and Public Policy Lok Sang Ho,2006-08-25 Happiness is a private matter and individual pursuit however public policy does have an important role and can contribute much through various enabling means This volume discusses the determinants of happiness and presents case studies of how public policy can help promote happiness **After the Famine** Edward J. Hedican,2020-03-26 In what began as an inquiry into the migration of his Irish ancestors to Canada Edward J Hedican tells the sweeping story of how Irish farmers came to settle in Eastern Ontario *Social Vulnerability to Disasters* Deborah S.K. Thomas,Brenda D. Phillips,Alice Fothergill,Lynn Blinn-Pike,2009-08-10 In recent years the world has watched in horror as tsunamis earthquakes and hurricanes have wrought havoc across countries and continents While these events have different circumstances they share a common factor the overwhelming majority of victims are women children elderly disadvantaged or disabled Evidence gathered from these events "Race" and Racism R. Perry,2007-10-15 Race and Racism examines the origins and development of racism in North America It addresses the inception and persistence of the concept of race and discusses the biology of human variance addressing the fossil record of human evolution the relationship between creationism and science population genetics race based medicine and other related issues The book explores the diverse ways in which people in a variety of cultures have perceived categorized and defined one another without reference to any concept of race It follows the history of American racism through slavery the perceptions and treatment of Native Americans Jim Crow laws attitudes toward Irish and Southern European immigrants the internment of Japanese Americans during World War II the civil rights era and numerous other topics **The Work and Family Handbook** Marcie Pitt-Catsoupes,Ellen Ernst Kossek,Stephen Sweet,2015-12-03 The Work and Family Handbook is a comprehensive edited volume which reviews a wide range of disciplinary perspectives across the social sciences on the study of work family

relationships theory and methods The changing demographics of the labor force has resulted in an expanded awareness and understanding of the intricate relations between work and family dimensions in people s lives For the first time the efforts of scholars working in multiple disciplines are organized together to provide a comprehensive overview of the perspectives and methods that have been applied to the study of work and family In this book the leading work family scholars in the fields of social work psychology sociology organizational behavior human resource management business and other disciplines provide chapters that are both accessible and compelling This book demonstrates how cross disciplinary comparisons of perspective and method reveal new insights on the needs of working families the challenges faced by those who study them and how to formulate policy on their behalf Alternative Institutional Structures Sandra Batie,Nicholas Mercurio,2008-06-16 This book is the outcome of a workshop at Michigan State University on the career of A Allan Schmid offering a collection of original essays that explore several approaches to understanding the impact of alternative legal economic institutions Social and Psychological Effects of Radiological Terrorism Igor Khripunov,L. A. Bol'shov,Dmitriy Nikonov,2007 The threat of radiological terrorism has recently come to the attention of the international community as it became clear that terrorist organizations are seeking nuclear and radiological material to manufacture and use improvised nuclear devices IND and dirty bombs and or commit acts of sabotage against nuclear power infrastructure Dynamics of Human Biocultural Diversity Elisa J. Sobo,2016-06-16 This lively text by leading medical anthropologist Elisa J Sobo offers a unique holistic approach to human diversity and rises to the challenge of truly integrating biology and culture The inviting writing style and fascinating examples make important ideas from complexity theory and epigenetics accessible to students In this second edition the material has been updated to reflect changes in both the scientific and socio cultural landscape for example in relation to topics such as the microbiome and transgender Readers learn to conceptualize human biology and culture concurrently as an adaptive biocultural capacity that has helped to produce the rich range of human diversity seen today With clearly structured topics an extensive glossary and suggestions for further reading this text makes a complex interdisciplinary topic a joy to teach *Urban Transport XXII* C.A. Brebbia,L. D'Acerno,2016-07-14 Containing studies from all over the world *Urban Transport XXII* consists of papers presented at the 22nd International Conference on Urban Transport and the Environment The conference has been successfully held annually since it first started in Southampton in 1995 Transportation in urban areas with its related environmental and social impacts is a topic of significant concern for policymakers in both municipal and central government and for the urban citizens who need effective and efficient transport systems Urban transport systems require considerable studies to devise and then safeguard their operational use maintenance and safety Transportation systems produce significant environmental impacts and can enhance or degrade the quality of life in urban centres A distinctive element of the *Urban Transport and the Environment* series is the interaction between academic and practical perspectives where theories and ideas are debated and their practical applications

rigorously tested Clearly the issue of providing effective and efficient transport systems in the urban setting remains an acute challenge with financial political and environmental constraints limiting the ability of transport system planners and operators to deliver the high quality outcomes expected by the public Topics covered include Environmental impact Environmentally friendly transport modes Transport strategies Public transport systems Transport modelling Urban transport simulation Transport safety and security Infrastructure Intermodal transport systems Port and airport cities Land use and transport integration Transport policy and regulations Experiences from emerging countries Non motorized transport models Intelligent transport systems Electromobility Mobility and urban space Sustainability and resilience Emerging transport systems Energy efficiency Visions of Development in Central Asia Noor O'Neill Borbieva,2019-07-16 In Visions of Development in Central Asia Revitalizing the Culture Concept Noor O'Neill Borbieva reflects on anthropology's withdrawal from discussions about culture and the parallel rise of the intellectually and politically problematic discourse of culture matters thinking or CMT CMT asserts that cultures are homogeneous and that the dominant values of its culture determine a state's socioeconomic and political trajectories Drawing on practice theory ecological psychology complexity science and poststructuralism Borbieva urges anthropologists to revisit debates about culture in order to counteract the influence of simplistic formulations such as CMT Through an examination of ethnographic material from Kyrgyzstan gathered during the years she worked as a Peace Corps Volunteer and as an anthropologist Borbieva examines how debates about culture shaped the development sector's agenda in Central Asia She argues that mainstream discussions of culture not only misunderstand the cultural basis of human diversity but also threaten that diversity by promoting a one size fits all vision of well being Borbieva suggests an alternative vision one that recognizes the profound complexity of human sociality and embraces the many forms of human thriving that grow out of our cultural differences **American Colonisation and the City Beautiful** Ian Morley,2019-10-30 Winner of the 2020 IPHS Koos Bosma Prize American Colonisation and the City Beautiful explores the history of city planning and the evolution of the built environment in the Philippines between 1916 and 1935 In so doing it highlights the activities of the Bureau of Public Works Division of Architecture as part of Philippine national development and decolonisation Morley provides new archival materials which deliver significant insight into the dynamics associated with both governance and city planning during the American colonial era in the Philippines with links between prominent American university educators and Filipino architecture students The book discusses the two cities of Tayabas and Iloilo which highlight the significant role in the urban design of places beyond the typical historiographical focus of Manila and Baguio These examples will aid in further understanding the appearance and meaning of Philippine cities during an important era in the nation's history Including numerous black and white images this book is essential for academics researchers and students of city and urban planning the history and development of Southeast Asia and those interested in colonial relations Cultural Anthropology Barbara D.
