*Re/Writing*

*the Center* Susan Lawrence, Terry Myers Zawacki, 2019-03-15 *Re Writing the Center* illuminates how core writing center pedagogies and institutional arrangements are complicated by the need to create intentional targeted support for advanced graduate writers. Most writing center tutors are undergraduates whose lack of familiarity with the genres preparatory knowledge and research processes integral to graduate level writing can leave them underprepared to assist graduate students. Complicating the issue is that many of the graduate students who take advantage of writing center support are international students. The essays in this volume show how to navigate the divide between traditional writing center theory and practices developed to support undergraduate writers and the growing demand for writing centers to meet the needs of advanced graduate writers. Contributors address core assumptions of writing center pedagogy such as the concept of peers and peer tutoring, the emphasis on one to one tutorials, the positioning of tutors as generalists rather than specialists, and even the notion of the writing center as the primary location or center of the tutoring process. *Re Writing the Center* offers an imaginative perspective on the benefits writing centers can offer to graduate students and on the new possibilities for inquiry and practice graduate students can inspire in the writing center. Until he met Mollie Graber. New to Stoney Ridge, schoolteacher Mollie has come to town for a fresh start. Aware of how fleeting and fragile life is, she wants to live it boldly and bravely. When Luke Schrock, new to his role as deacon, asks the church to take in foster girls from a group home, she's the first to raise her hand. The power of love she believes can pick up the dropped stitches in a child's heart and knit them back together. Mollie envisions sleepovers and pillow fights. What the 11 year old twins bring to her home is anything but. Visits from the sheriff at midnight. Phone calls from the school truancy officer. And then the most humiliating moment of all: the girls accuse Mollie of drug addiction. There's only one thing that breaks through the girls' hard shell: an interest in horses. Reluctantly and skeptically, Sam Schrock gets drawn into Mollie's chaotic life. What he didn't expect was for love to knit together the dropped stitches in his own heart just in time. Suzanne Woods Fisher invites you back to the little Amish church of Stoney Ridge for a touching story of the power of love.
