The plays are distinct from each other in structure theme and style but are bound together by a common thread the position and role of women in family social and political systems Issues such as sexual abuse in law relationships the trauma of ageing the struggle for women s empowerment love and passion desire and revenge and dynastic politics are discussed through the varying perspectives of a number of characters bringing an immediacy and urgency to the subjects under consideration What is significant about the plays is that they highlight the manipulation of the English language resulting with the introduction of an Indian syntax Multilingualism is used to offset the so called westernisation that has been the by product of the systematic globalisation of third world countries While the plays are meant to be staged they are also very reader friendly and will be entertaining as well as educative for the general reader The Cheerful Troublemaker Carrie Elizabeth Walker, 2007 Funny fast paced and uplifting First in a series following the antics and spiritual awakening of a young woman The Cheerful Troublemaker is touching spiritually uplifting at times wildly funny This girl s thirst for fun and laughter is not easily quenched until a glimpse into the tragedy of others places a heavy burden on her conscience Only then does she begin to see the power of gratitude in action The truth is that she has always known how to have fun Now she needs to learn how to give thanks Carrie Elizabeth is wild carefree and always always and eternally in trouble The fifth daughter in a gaggle of girls she s able to find fault with her overly demanding parents her accomplished sisters and her headmaster you name it Sassy often downright cheeky she has it all figured out That is until a tragedy gets her to start thinking about what is most important in life and how much she has to be thankful for From start to finish Carrie is a fascinating character who walks an incredibly thin line between creating more mayhem and being a better person

**Puck**,1884 **Harbinger** Tony Cabanas,2015-03-31 Id like to offer my thanks to the courageous individuals of a bygone era and to those in our present Though this is a work of fiction its genesis stems from their undaunting efforts their contributions and remarkable lives work Let us not forget them This is a story of a few who in the face of adversity persevered These characters are fictitious and pose an imaginary situation It does not portray any person or incident The hunters and gatherers have finally reached the stars We are newcomers to the cosmos From the onset we have questioned the hypnotic allure it has intrigued us and it has led us to leave our footprint out there because we are a curious lot We know the phenomenons and the incredible dangers How many times we have wondered what it would be like at the edge of space

just an hours drive from the safety of our home We have just opened our eyes discovered fire We have drawn back the curtain and started to peer toward heaven Columbus Marco Polo Bruno Sagan the Spanish and Portuguese they picked up the baton and passed it on to us How did the Windjammers of yesterdays differ from their counterparts of today We want to wander into the cosmic evolution Do we want to stare into the face of God How dare us We know that someday the reality will come So what if our perseverance is not sharply defined or blurred The torch has been passed we have taken a bite of the Apple we have sent a message We have given our address we have called out Yo hoo we are here Was it wise Its inevitable we will have visitors from the cosmos Without nightmares there would be no dreams yet we keep on dreaming and wondering Would the aliens be altruistic will they be kind humane charitable What are their canons of ethics The generations that ignores history has no future Are we any better Are we to make amends We have been traumatized to some extent by the relentless flood portrayed on the silver screen TV etc Aliens have been portrayed as unscrupulous villains One can count on one hand the positive discourses so read on and let your mind wander and enjoy Social Science Pamphlets: Essentials in Geography--history--civics: Town and city life in America; 2.
