Attack of the Black Rectangles A. S. King, 2022-09-06 Award winning author Amy Sarig King takes on censorship and intolerance in a novel she was born to write. When Mac first opens his classroom copy of Jane Yolen's *The Devil's Arithmetic* and finds some words blacked out, he thinks it must be a mistake. But then when he and his friends discover what the missing words are, he's outraged. Someone in his school is trying to prevent kids from reading the full story. But who? Even though his unreliable dad tells him to not get so emotional about a book or anything else, Mac has been raised by his mom and granddad to call out things that are wrong. He and his friends head to the principal's office to protest the censorship, but her response doesn't take them seriously. So many adults want Mac to keep his words to himself. Mac's about to see the power of letting them out. In *Attack of the Black Rectangles*, acclaimed author Amy Sarig King shows all the ways truth can be hard but still worth fighting for.
