Mysterious Creatures George M. Eberhart,2002-12-17 A comprehensive guide

to cryptozoology the quest to identify animals that have not been officially catalogued by science and to place these unknown animals into their proper zoological categories In this fascinating two volume encyclopedia author George M Eberhart provides a comprehensive catalog of nearly 1 000 cryptids unknown animals usually reported through eyewitness accounts and not yet described by science Cryptids are the stuff of folklore hoaxes and genuine scientific breakthroughs There are 400 now classified cryptids once considered either extinct or pure fantasy The cryptozoologist s job is to strip away the myth misidentification and mystery and separate fact from fiction Mysterious Creatures covers everything from dinosaurs and the emala ntouka an elephant killing dinosaur like animal of central Africa to searches for the Loch Ness monster Bigfoot and other cryptozoological hoaxes Entries about specific animals include the derivation or meaning of each cryptid s name its scientific name variant names a physical description behavior description of tracks habitat significant sightings present status and possible explanations Illustrations and photographs accompany many entries The book also includes resources and references for further information

A Monstrous Commotion Gareth Williams,2015-11-12 The Loch Ness Monster a creature that should have died out with the dinosaurs or a legend built on hoaxes and wishful thinking Sir Peter Scott internationally renowned naturalist and president of the World Wildlife Fund was convinced that the Monster existed So were senior scientists at London s Natural History Museum and Chicago University they lost their jobs because they refused to renounce their belief in the creature For decades the scientific establishment was determined to quash attempts to investigate Loch Ness until Nature the world s greatest research journal published an article by Peter Scott featuring underwater photographs of the Monster Drawing extensively on new material Gareth Williams takes a wholly original look at what really happened in Loch Ness A Monstrous Commotion tells the story as never before a gripping saga populated by colourful characters who do extraordinary things in pursuit of one of evolution s wildest cards Meticulously researched and dazzlingly written this book will appeal to anyone fascinated by nature and its mysteries and to everyone who enjoys a beautifully crafted detective story with a strong cast of heroes and villains plenty of twists and an unexpected ending
