Heaven And Hell And Its Wonders Drawn From Things Heard Seen:

The Puritan Literary Tradition Johanna Harris, Alison Searle, 2025-05-19 What is meant by the Puritan literary tradition and when did the idea of Puritan literature as distinct from Puritan beliefs and practices come into being The answer is not straightforward This volume addresses these questions by bringing together new research on a wide range of established and emerging literary subjects that help to articulate the Puritan literary tradition including political polemic and the performing arts conversion and New World narratives individual and corporate life writings histories of exile and womens history book history and the translation and circulation of Puritan literature abroad Puritan epistolary networks discourses of Puritan friendship the historiography of Puritanism defined through editing and publishing doctrinal controversy and the history of emotions This essay collection proposes that a Puritan literary tradition existed that was distinct from broader conceptions of early modern English and Protestant traditions and offers a nuanced account of the distinct and variegated contribution that Puritanism has made to the construction of literature as a concept in English It ranges from the late sixteenth through to the nineteenth century and spans British European and American Puritan cultures It offers new analyses of well known Puritan writers such as Anne Bradstreet John Bunyan Richard Baxter and John Milton as well as less familiar figures such as Mary Rowlandson and Joseph Hussey and writers less often associated with Puritanism such as Andrew Marvell and Aphra Behn Divine Love and Wisdom Emanuel Swedenborg, 2003 While many of Emanuel Swedenborgs writings rely heavily on the Bible Divine Love and Wisdom appeals directly to human experience It describes a loving God who is equally present with all people on earthregardless of race or religionand explores the underlying unity of all living **Invisible Worlds** Kurt Leland, 2013-11-05 To investigate the unexplained laws of Nature and the powers latent in things humanity is one object of the Theosophical Society Annie Besant 1847 1933 outspoken feminist political activist and early president of the TS thought that psychic and spiritual development should be available to everyone not just a chosen few In her many books and articles providing guidelines her goal was not to help students develop supernormal powers but to help them increase consciousness in order to receive instruction from the ascended Masters Besant believed this work had positively changed her life and wanted others to enjoy the same benefit Although penned a century ago Besant s wisdom on the subject is still germane Her prose is clear and inspiring and Kurt Leland's introduction and notes are well informed He helpfully divides Besant's writings into four parts Occultism Light and Dark Higher Life Training the Investigation of Different Worlds and the Science of the Superphysical William Rimmer Dorinda Evans, 2022-12-05 William Rimmer 1816 1879 is arguably the first modernist American sculptor although his inventive originality has not been fully acknowledged Rimmer cultivated an art of ideas and personal expression whilst supporting himself as a physician and later as a teacher of art anatomy at the Cooper Union School of Design for Women in New York Unlike his contemporaries he advocated the creation of sculpture drawn entirely from the artist s imagination as opposed to antique archetypes or live

models In this way he sought to reframe excellence in American art as something that must be found within rather than derived from Europe In this new monograph the meaning of Rimmer's works is for the first time considered from a combination of perspectives such as close visual analysis including X ray and infrared historical documentation and social context These are enriched with discussion of the artist s own bipolar disorder deeply held spiritualism and views on gender equality considering women just as talented as men he used naked male models in all female classes long before his contemporaries and produced an allegorical sculpture of fighting lions that criticized the tyranny of men over women This book will be of great interest to academics students art museums collectors dealers art historians and members of the public with an affinity for Rimmer's work It will also appeal to those with a broader interest in American culture Cyclopædia of Biblical, Theological, and Ecclesiastical Literature John McClintock, James Strong, 1889 Selected Works of Miquel de Unamuno, Volume 4 Miguel de Unamuno, 2021-03-09 The acknowledged masterpiece of Unamuno expresses the anguish of modern man as he is caught up in the struggle between the dictates of reason and the demands of his own heart **Popular** The Swedenborg Library: The heavenly doctrine of the Lord Emanuel Swedenborg, 1881 The Educator, 1893 **New-Church Magazine** Anonymous, 2023-07-22 Reprint of the original first published in 1873 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost Magazine ,1873 True Christian Religion; Containing the Universal Theology of the New Church, which was Foretold by the Lord, in Daniel Chap. Vii. 13, 14; and in the Apocalypse Chap. Xxi. 1, 2. Translated from the Original Latin Work Emanuel Swedenborg (formerly Swedberg.),1819 A Treatise, etc. A new translation (sixth edition). [The same translation as the preceding. With the preface and notes of the first English translation by T. Hartley.] Emanuel I Am the Other Maria A. Ferreira, 2005-02-28 The idea of human cloning has fascinated writers and Swedenborg, 1817 philosophers for centuries and has been dramatized in myths and fiction This volume traces these fictional illustrations of human cloning from some of the earlier manifestations to more contemporary responses Using a feminist and psychoanalytic perspective this book examines parthenogenesis and other related fantasies and argues that cloning could be an important tool in helping women achieve a more egalitarian status Ferreira contemplates the new psychological implication for humanity that will arise as a result of the development and application of genetic engineering and the possible implementation of human cloning This is one of the first books wholly devoted to a specifically literary analysis of the many issues surrounding the fantasy of human cloning which could in fact become a reality at any moment It makes it a timely contribution to the controversial political social ethical cultural and philosophical debate on cloning and its numerous **Ethica** John Harrison Stinson, 1860 ramifications **Round Table** .1867 **The Round Table** .1867 Letters on the Future Life B. F. Barrett, 2023-07-14 Reprint of the original first published in 1873 Letters on the Future Life.

Addressed to Henry Ward Beecher Benjamin Fiske Barrett,1873 Job Abbott ,1845 **Blake's Margins** Hazard Adams,2014-11-21 Known for his prophetic and imaginative works of poetry painting and printmaking William Blake was also a prolific reader and annotator of other writers works This is the first work of criticism to consider Blake s annotations in their entirety and it covers such topics as art poetry theology madness and philosophy as well as the authors Lavater Swedenborg Bacon Spurzheim Berkeley and Wordsworth among others
