Jewish Educational Leader's Handbook Robert E. Tornberg, 1998 Classroom teaching it addresses supplementary school settings and features a Noticeably larger section devoted to the growing day school sector *Lived Wisdom in Jewish Antiquity* Elisa Uusimäki, 2021-06-03 Moving away from focusing on wisdom as a literary genre this book delves into the lived embodied and formative dimensions of wisdom as they are delineated in Jewish sources from the Persian Hellenistic and early Roman eras Considering a diverse body of texts beyond later canonical boundaries the book demonstrates that wisdom features not as an abstract quality but as something to be performed and exercised at both the individual and community level The analysis specifically concentrates on notions of a wise person including the rise of the sage as an exemplary figure It also looks at how ancestral figures and contemporary teachers are imagined to manifest and practice wisdom and considers communal portraits of a wise and virtuous life In so doing the author demonstrates that the previous focus on wisdom as a category of literature has overshadowed significant questions related to wisdom behaviour and social life Jewish wisdom is also contextualized in relation to its wider ancient Mediterranean milieu making the book valuable for biblical scholars classicists scholars of religion and the ancient Near East and theologians What We Now Know about Jewish Education Roberta Louis Goodman, Paul A. Flexner, Linda Dale Bloomberg, 2008 When What We Know about Jewish Education was first published in 1992 Stuart Kelman recognized that knowledge and understanding would greatly enhance the ability of professionals and lay leaders to address the many challenges facing Jewish education With increased innovation the entry of new funders and the connection between Jewish education and the quality of Jewish life research and evaluation have become over the last two decades an integral part of decision making planning programming and funding **The Adult Jewish Education Handbook** Roberta Louis Goodman, 2004 This comprehensive guide presents theory from the field of secular adult education in light of the questions and concerns of all aspects of adult Jewish education including learning theory curriculum programming planning budgeting and educational philosophy **Religion Index One**, 1985
