Eighties A Reader:

The Eighties Gilbert T. Sewall, 1998-11-06 The America of the 1980s is often caricatured as a time of yuppie greed and self absorption But what was driving that decades rampant pursuit of individual pleasure What were the cultural forces behind Madonna s Material Girl and Oliver Stone s Wall Street These fascinating essays collected by historian Gilbert T Sewall from the major books journals news reports and public addresses of the day survey the tumultuous social change that engulfed the nation and explain why we are still feeling the aftershocks today With contributions by such diverse figures as Christopher Lasch Lewis H Lapham Eric Bogosian and Hilton Kramer The Eighties touches on the hallmarks of the age celebrity culture and hype exhibitionism and shamelessness academic ferment and the lure of money Kennedy Fraser on the new trend machine James Q Wilson on attitudes toward crime Shelby Steele on African American angst Tom Wolfe on art objects as religious totems this lively reader brings together for the first time the voices that defined an era As Sewall so deftly tells it the story of the 1980s is not merely one of politics or financial chicanery although both get their due in the book The 1980s were an era of disquieting attitudes fantasies and dreams As Americans experienced new forms of social anxiety and spiritual crisis the debate over what constitutes excellence in the arts and in education touched off the so called culture wars All of this is evident in the rise of identity politics as well as in films like The Big Chill and feel good democratic displays of international activism like Live Aid in the overnight sensation of cocaine fueled star studded nightclubs like New York City s Limelight in the flamboyant mood of hit television shows like Dynasty and Dallas and in the success of The Closing of the American Mind Allan Bloom s staunch defense of Western tradition Invigorated conservatism in politics and society was paradoxically accompanied by the ascent of a new establishment of tenured radicals for whom alternative values and cultural innovation supported lucrative careers Finally empowered to make the social and political changes they had only dreamed about in earlier decades these boomers stimulated an acrimonious debate over the nature of the good life and the soul of the nation With remarkable verve The Eighties sheds new light on the decade that brought us Ronald Reagan and MTV a decade that continues to frame some of today s most vexing political economic and cultural debates

The Reader, the Text, the Poem Louise M. Rosenblatt, 1994-09-21 Starting from the same nonfoundationalist premises Rosenblatt avoids the extreme relativism of postmodern theories derived mainly from Continental sources A deep understanding of the pragmatism of Dewey James and Peirce and of key issues in the social sciences is the basis for a view of language and the reading process that recognizes the potentialities for alternative interpretations and at the same time provides a rationale for the responsible reading of texts

Reading in Proust's A la recherche Adam Watt, 2009-06-18 Through close textual analysis of the scenes of reading in Proust's A la recherche du temps perdu Adam Watt offers an invigorating new study of the novel and previously unacknowledged paths through it After considering key childhood Primal Scenes which mark the act of reading as revelatory and potentially traumatic the book then identifies and examines the interwoven strands of the novel's narrative of reading showing that scenes where the narrator reads and where others provide lessons in reading are intricately connected within the narrator's ever unfolding considerations of intelligence sense experience knowledge and desire These acts of reading often bewildering the narrator with their mix of illuminations wrong turns and over determinations lead us to interrogate our own understanding of the act we accomplish as we read A la recherche This book emphasizes the complexities and contradictions with which reading always inescapably an engagement of both mind and body is riven and which connect it repeatedly to the experience of involuntary memory Reading is shown to be frequently fraught with heady instability and dire of a highly revealing sort from which narrator and readers alike have much to learn The book's final chapter shows how the narrator's critical energies turned contemplatively inwards in the Guermantes library are subsequently turned outwards for a final interpretive effort the reading of his now aged acquaintances at the Bal de t tes in a shift that provides the narrator not only the confidence to begin his work of art but also the humility to face undeterred the approach of death

Readers and Reading Andrew Bennett, 2014-07-15 Much literary criticism focuses on literary producers and their products but an important part of such work considers the end user the reader It asks such questions as how far can the author condition the response of the reader and how much does the reader create the meaning of a text Dr Bennett's collection includes important essays from such writers and critics as Wolfgang Iser Mary Jacobus Roger Chartier Michel de Certeau Shoshana Felman Maurice Blanchot Paul de Man and Yves Bonnefoy It looks in turn at deconstructionist feminist new historicist and psychoanalytical response to the school The book then considers the act of reading itself discussing such issues as the uniqueness of any reading and the difficulties involved in its analysis
