Hints For Forensic Practice A Monograph:

Hints for Forensic Practice Theodore Frelinghuysen Cornell Demarest, 1905 **Hints for Forensic Practice** Theodore F. C. (Theodore Freli Demarest, 2012-08-01) Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy *Hints for Forensic Practice* Theodore F. C. Demarest, 2017-12-25 Excerpt from *Hints for Forensic Practice A Monograph on Certain Rules Appertaining to the Subject of Judicial Proof* Its resonant euphony and an air of erudition not altogether dissociated from obscurity which pervades this tripartite Specification probably serve to recommend it to the advocate who About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Hints for Forensic Practice** Theodore Frelinghuysen Cornell Demarest, 1906 *Hints for Forensic Practice* Theodore F C Demarest, 2016-05-02 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Hints for Forensic Practice** Theodore F. C. Demarest, 2014-06-15 A BOOK of practical value to the trial lawyers of New York It treats of objections to evidence of striking out and disregarding evidence and of motions to direct and set aside verdicts Particular attention is paid to the effect of general objections and to the meaning of the familiar but often little understood phrase incompetent irrelevant and immaterial The text consists largely of extracts from New York decisions arranged in a novel and convenient manner Every quotation from a decision is followed by a remark in a separate paragraph which points out the relation of that

case to the development of the law and at the end of the cases upon a particular point the author's conclusions appear in an excellent summary. The method is that of a law lecture under the case system and the happy result should commend the plan to text writers whenever the topic handled is sufficiently limited to permit its use. Although the principles involved in Mr Demarest's work are simple many lawyers practice for years without thoroughly understanding them and his analysis of the cases will make much easier a mastery of the points of practice which he discusses. *Harvard Law Review* Volume 19 1906

THIS book introduces the reader to a most interesting monograph on certain rules appertaining to the subject of Judicial Proof by Theodore F C Demarest. The burden of Mr Demarest's argument is to caution attorneys in being specific in their objections to the introduction of evidence. In commenting on that objection to the introduction of evidence so often resorted to by attorneys during trial that the evidence sought to be introduced is incompetent irrelevant and immaterial Mr Demarest says by way of introduction Its resonant euphony and an air of erudition not altogether dissociated from obscurity which pervades this tripartite specification probably serve to recommend it to the advocate who though reasonably sure that he would rather dispense with particular proposed evidence is not prepared on the spur of the moment accurately to state the reasons why his preference should be gratified. In one case counsel proved himself equal to the feat of doubling the galaxy his rotund protest being that evidence offered was incompetent irrelevant immaterial impertinent inadmissible and improper. He might have added Illegal injurious and Intolerable. The opinions of the courts teem with admonitions to counsel of the desirability of being specific in their statements of the grounds upon which they oppose the introduction of evidence on trials and advising of the serious consequences likely to ensue from a deficiency in that respect. Is this triple rhythmical alliteration to which reference has been made amenable to criticism as lacking such requisite quality? He then proceeds to show that in very many cases this objection does not reach the fatal deficiency in the evidence offered that it is too general and presents no question for review unless the evidence on its face appears to be incompetent irrelevant or immaterial. This work is indeed an interesting discussion of this important question. *The Central Law Journal* Volume 62 1906 *Hints for Forensic Practice. A Monograph on Certain Rules Appertaining to the Subject of Judicial Proof* Theodore Frelinghuysen Cornell Demarest, 1906

A Guide to Material on Crime and Criminal Justice Augustus Frederick Kuhlman, Social Science Research Council (U.S.). Committee on Survey of Research on Crime and Criminal Justice, 1929 **University of Pennsylvania Law Review** ,1906
