**A Guide to Teaching Effective Seminars** Susan R. Fiksdal, 2014-03-21 A Guide to Teaching Effective Seminars provides college and university faculty with a new approach to thinking about their teaching and helps them develop a deeper understanding of conversation itself Seminars often inspire collaborative learning and produce rich educational environments yet even experienced faculty find these conversations can range in quality A Guide to Teaching Effective Seminars addresses this challenge by presenting a sociolinguistic perspective on seminars and providing instructors with best practices to manage successful seminars Grounded in research data and her own deep experience teaching seminars author Susan Fiksdal reveals ways students negotiate perspectives on reading on conversation and on social identities and power By giving readers an appreciation of the discourse of seminars the book helps to undermine stereotypes about language and people increase civility reduce misunderstandings and foster tolerance for new ideas and diverse ways of expressing them This important resource is for faculty members at all levels of experience and in every discipline who want practical advice about facilitating effective seminars Special Features Each chapter explores a key aspect of conversation with examples from a wide range of seminars across disciplines Transcripts from videotaped seminars showcase authentic conversations and negotiations between students End of chapter best practices promote critical thinking and collaboration A companion website features video clips of the transcripts in the book and additional resources

**A Guide to Fast and Effective Reading** Derya Ünal, 2025-06-10 When people think of speed reading they often put it down to just speed reading However this is only a small part of the overall process The key to truly effective speed reading is to first be able to determine what you really want to read or what you need and then quickly read through carefully selected material Take a moment to mentally review all the information that comes your way on a typical day at home at work in the newspapers at the local coffee shop How much of it do you ignore because it seems like too much to take on instead you leave it to pile up and pile up until you're so far behind that you need days or weeks to catch up If you had a simple process that allowed you to quickly and easily identify the information you needed and eliminate the ones you didn't you wouldn't have that body of knowledge and you'd have more time to live your life instead of worrying about what you might miss out on because you feel overburdened The purpose of this book is to give you the tools you need to stay current With a one week work program and study exercises it allows you to work by solving

the exercises by having fun in an easy and understandable way At first read the information provided for 7 days and then do the exercises as directed

**The Paraprofessional's Essential Guide to Inclusive Education** Peggy A. Hammeken, 2009  
A well designed reference and learning tool for paraprofessionals The valuable templates can easily be reproduced and used with students Renee Bernhardt Special Education Teacher Johnston Elementary School Woodstock GA This is a great guide I have already used excerpts for an informal paraprofessional workshop in my school The paraeducators thought that it covered all the areas of concern that they have They couldn't believe how many ready to use ideas it had Dawne Dragonetti Special Education Teacher and Instructional Coach Center School Stow MA Hundreds of strategies that promote success for struggling students in inclusive classrooms Paraprofessionals are essential in helping students with special needs access the general education curriculum and receive the individualized attention they need This updated edition of Inclusion An Essential Guide for the Paraprofessional answers paraprofessionals most common questions and provides extensive strategies for all content areas Developed as a daily hands on working manual the completely revised edition includes a new chapter on reading expanded chapters throughout additional activities for classroom use more than 75 new strategies and more than 50 forms available on a CD ROM for easy reproduction Ideal for experienced or novice paraprofessionals this volume includes techniques for supporting students in reading spelling language and mathematics and covers topics such as Inclusive practices Policies procedures and schedules Accommodations and modifications for the classroom Communication and organizational skills Peer tutoring Behavior management Confidentiality and reporting Also an appropriate handbook for working with general education students who may need additional help to experience academic success this resource provides the ideal support for all paraprofessionals working in the general education classroom
