## Laughing Christ:

**The Laughing Christ** Ellen Wallace Douglas,2003-01 THE LAUGHING CHRIST is about Jesus the Christ It emphasizes the joyousness of his nature describes his birth infancy and childhood It also details countries to which he traveled between the ages of twelve and thirty the years about which Holy Scripture is silent     *By Grace Alone* Jay Harold Ellens,2013-11-13 These sermons make a strong exegetical and homiletical case each based upon specific biblical texts for the central biblical claim for God s radical unconditional and universal grace to humankind They address a variety of themes and texts for Ordinary Time with the intent of surprising the reader preacher or hearer with a fresh and attention getting perspective on the gospel message This volume is filled with sermons that deal in every case with profound biblical and theological issues exegetically grounded in direct interpretation of Scripture texts and woven together in such a way as to consistently bring to the surface the mainstream of the radical grace theology that is the Word of God throughout both the Hebrew Bible OT and the Christian Scriptures NT That grace theology mainstream runs from Genesis 3 15 to the last chapter of The Revelation of St John     **Silence** Diarmaid MacCulloch,2013-04-04 Diarmaid MacCulloch acknowledged master of the big picture in Christian history unravels a polyphony of silences from the history of Christianity and beyond He considers the surprisingly mixed attitudes of Judaism to silence Jewish and Christian borrowings from Greek explorations of the divine and the silences which were a feature of Jesus s brief ministry and witness Besides prayer and mystical contemplation there are shame and evasion careless and purposeful forgetting Many deliberate silences are revealed the forgetting of histories which were not useful to later Church authorities such as the leadership roles of women among the first Christians or the constant problems which Christianity has faced in dealing honestly with sexuality Behind all this is the silence of God and in a deeply personal final chapter MacCulloch brings a message of optimism for those who still seek God beyond the clamorous noise of over confident certainties     *Sudden Glory* Barry Sanders,1996-10-30 In this wonderful exploration of the meaning of laughter Barry Sanders queries its uses from the ancient Hebrews to Lenny Bruce turning up evidence of its age old power to subvert authority and give voice to the voiceless     The Storyteller Raymond Christian,2013-02 The train appears a little dark in color and mysterious Its boxcars have titles like spray painted graffiti on its walls with their doors half open with a dark mysterious interior As you are now stuck in traffic and look into one of the slightly open doors of one of the boxcar s dark portions a familiar face emerges from the shadows Unfamiliar sights and sounds begin to occur around you The train continues to very slowly move forward From another boxcar you hear a prophetic voice calling your name from the darkness You look but no one is there Like a slow moving train author Raymond Christian presents a number of stories to his readers Each story passes on the tracks and allows the reader a peek inside the car In each car lies wisdom and truth Readers can use this book a resource for Bible studies small groups and even simply as entertainment Read Raymond Christian s The Storyteller for a deeper look into your faith and the power of the story     **The Gnostic Bible** Willis Barnstone,Marvin W.

Meyer,2006 The most comprehensive collection of gnostic literature ever published this volume is the result of a unique collaboration between a renowned poet translator and a leading scholar of early Christian texts      **Femininity, Feminism and Gendered Discourse** Janet Holmes,Meredith Marra,2010-08-11 The chapters in this book illustrate a range of cutting edge research in language and gender studies with contributions from a number of internationally recognised experts The three themes femininity feminism and gendered discourse are central to research in language and gender and the book thus makes a valuable contribution to a number of current debates Femininity comprises a central aspect of gender performance and the process of gendering individuals is on going and unavoidable For many people the word femininity has associations with frilly pink party dresses with demureness deference and lack of power and influence The first section of this book demonstrates some alternative conceptions of femininity and a range of ways in which femininity is performed in different contexts and cultures The analyses illustrate that we are all continually performing aspects of femininity and masculinity in flexible dynamic ambiguous predictable and unpredictable ways Language and gender research has a long tradition of engagement with the political and specifically with feminism and feminist goals The chapters in the second section of this book demonstrate the value of identifying gendered patterns in order to challenge their potentially repressive effects in social interaction in a range of spheres The researchers analyse contemporary international evidence of sexism in language use including material from Japanese spam emails expressing sexual desire and from media reporting on male and female candidates in the 2007 French elections The final section of this book focuses on the different ways in which we negotiate our gender through discourse Gender is just one of many facets of our intrinsically hybridized social identities Nevertheless it is a very significant facet a salient dimension in everyday life with a pervasive social influence on everything we do and say Interaction is typically viewed through gendered spectacles much of the time The chapters in the third section focus in detail on diverse ways in which gender is constructed through discourse examining the interaction between individual agency and the larger constraining social structures including socio cultural norms within which that agency is enacted Finally the different contributions in this book represent research from a multiplicity of geographic and cultural backgrounds supporting efforts to internationalise language and gender research and to raise awareness of empirical studies undertaken in a wide range of linguistic and cultural contexts      *Gender and Humor* Delia Chiaro,Raffaella Baccolini,2014-05-09 In the mid seventies both gender studies and humor studies emerged as new disciplines with scholars from various fields undertaking research in these areas The first publications that emerged in the field of gender studies came out of disciplines such as philosophy history and literature while early works in the area of humor studies initially concentrated on language linguistics and psychology Since then both fields have flourished but largely independently This book draws together and focuses the work of scholars from diverse disciplines on intersections of gender and humor giving voice to approaches in disciplines such as film television literature linguistics translation studies and popular culture      **CEO In Love With His Secretary** chichi

**The Revival of Antique Philosophy in the Renaissance** John L. Lepage,2012-12-05 This book examines the revival of antique philosophy in the Renaissance as a literary preoccupation informed by wit Humanists were more inspired by the fictionalized characters of certain wise fools including Diogenes the Cynic Socrates Aesop Democritus and Heraclitus than by codified systems of thought Rich in detail this study offers a systematic treatment of wide ranging Renaissance imagery and metaphors and presents a detailed iconography of certain classical philosophers Ultimately the problems of Renaissance humanism are revealed to reflect the concerns of humanists in the twenty first century Laughter and the Grace of God

Brian Edgar,2020-01-01 We cannot really love anybody with whom we never laugh and this is true of our relationship with God Thomas Aquinas spoke of the sin of having too little laughter as well as the danger of having too much while Martin Luther said If you're not allowed to laugh in heaven I don't want to go there Having a sense of humour is essential for maturity in faith and holiness but sadly the role that laughter plays in life and spirituality have often been neglected Laughter and the Grace of God restores laughter to its central place in Christian spirituality and theology by examining its role in Scripture and highlighting its presence in unexpected places including the story of Abraham and the formation of the covenant and the tragedy of Job Laughter can be found in the incarnation the resurrection and even the crucifixion Jesus is himself the great laugh maker and it is nothing less than a participation in the life and love of God An American Vein
