

ironic and turn troubles into something funny. When I am sad, I try to remember the joke and smile. The main thing is that the laugh is real, and the trick is good-natured.

Laughter makes the sun shine brighter and the sky bluer. When we laugh, our brain releases endorphins or the hormone of happiness. This hormone is responsible for our good mood and allows us to experience the pleasure of life. My father says that with humor and a smile, you can solve any situation. My grandmother often says that "laughter heals the soul." After all, he laughed - and that's it, all the problems have disappeared somewhere!

I have always believed that laughter unites people with a thin thread, creating a spiritual connection. I can describe this warmth of laughter with the word 'happiness'. The truth is that all good things begin with laughter, even friendship and love, and the creation of a family.

Laughter is the thread that unites people that has connected my family too. Important to mention that my parents met each other at college. They became best friends because of laughter. My dad has always had a good sense of humor and found funny things in every situation. When he saw my mother, he fell in love with her at first sight and decided to win her heart with his jokes. She was tall, slender and he lovingly called her a cute flamingo because she had long legs. They laughed every day, shared moments from their lives, and were incredibly happy. Even now, after so many years, if they quarrel, dad tells a funny joke, and everything falls into place. Thanks to him, I realized how important laughter is in our life.

Consequently, the ability to laugh with other people is vital in establishing good and supportive relationships. The point is that the general idea of several people about what can be funny allows them to be more open-minded with each other. To raise the level of trust between you and another person, you need to laugh together. No matter what, the process itself is essential. Laughter breaks down the psychological barriers between you, and the atmosphere becomes much more friendly.

Once my parents and I went on a short trip by car to visit our relatives. We left late and were insanely late, so my mother asked us to go faster. The road was long and tiring, and the sun shone mercilessly through the windows. The car stopped accidentally; there was not a soul around, only wild nature. My mother was distraught and started crying because she did not want to be late. My father reassured her and told me that this was nonsense and we would fix the car quickly. My father is such a person who finds a way out of any situation and does not lose heart. It turned out that we had a punctured wheel, so the car could not go further. My father and I turned on music and, dancing and laughing, changed wheels. Necessary to add, as my mother watched us, her mood began to improve. As a result, my mother got out of the car and started

Laughter Made From Experience:

The Legacy of Nietzsche's Philosophy of Laughter Lydia Amir, 2021-09-30 This book investigates the role of humor in the good life specifically as discussed by three prominent French intellectuals who were influenced by Nietzsche's thought: Georges Bataille, Gilles Deleuze, and Clement Rosset. Lydia Amir begins by discussing Nietzsche's reception in France and she explains why and how he came to be considered a philosopher of laughter in the French academe. Each of the subsequent three chapters focuses on the significance of humor and laughter in the good life as advocated by Bataille, Deleuze, and Rosset. These chapters also explore the complex relationship between the comic and the tragic and of humor and laughter to irony, satire, and ridicule. *The Legacy of Nietzsche's Philosophy of Laughter* makes an invaluable contribution to recent interpretive work done on Bataille and Deleuze and offers further introduction to the relatively understudied Rosset. It illuminates the philosophies of these three thinkers, their connection to Nietzsche, and overall the significant role that humor plays in philosophy.

1840-1930 Jonathan Taylor, 2019-02-04 *Laughter, Literature, Violence 1840-1930* investigates the strange, complex, even paradoxical relationship between laughter on the one hand and violence, war, horror, death on the other. It does so in relation to philosophy, politics, and key nineteenth and twentieth century literary texts by Edgar Allan Poe, Edmund Gosse, Wyndham Lewis, and Katherine Mansfield, texts which explore the far reaches of Schadenfreude and so-called superiority theories of laughter, pushing these theories to breaking point. In these literary texts the violent superiority often ascribed to laughter is seen as radically unstable, co-existing with its opposite, an anarchic sense of equality. Laughter, humour, and comedy are slippery, duplicitous, ambivalent, self-contradictory hybrids fusing apparently discordant elements. Now and then, though, literary and philosophical texts also dream of a different kind of laughter, one which reaches beyond its alloys, a transcendent, perfect laughter which exists only in and for itself.

The annals of our time [1837 to 1868]. [With] 1871 to 1871 Joseph Irving, 1871 *The Mother of All Laughter* Terry Lindvall, 2003-09-01 When the superannuated biblical Sarah learned that she would give birth to a son, she burst out laughing and that son's name, Isaac, was forever a testimony to this moment of holy mirth. In *The Mother of All Laughter*, Sarah, the Genesis of Comedy, Terry Lindvall argues that there is a biblical place for laughter. At times he lets truth be obscured by a good story as when he cites the famous Neil Armstrong, Mr. Gorsky, urban

legend as fact but he raises important points about humor for Christians

Awkwardness in Late Medieval England David Watt, 2023-08-24 We live according to Adam Kotsko in an awkward age While
this condition may present some challenges it may also help us to be more attuned to awkwardness in other ages This book
pairs medieval texts with twenty first century films or television programmes to explore what the resonance between them
can tell us about living together in an awkward age In this nuanced and engaging study David Watt focuses especially but not
exclusively on the 15th century which seems to intervene awkwardly in the literary trajectory between Chaucer and the
Renaissance This book s hypothesis is that the social discomfort depicted and engendered by writers as diverse as Thomas
Hoccleve Margery Kempe and Sir Thomas Malory is a feature rather than a flaw Laughter and Awkwardness in Late

generated embodied experiences of social discomfort in a range of genres by adopting and adapting literary techniques used
by their predecessors and successors in slightly different ways Like the twenty first century texts with which they are paired
