European Union How Does It Work:

The European Union Daniel Kenealy, John Peterson, Richard Corbett, 2015 The European Union How does it work is the perfect introduction to the EU's structure and operations for those coming to the subject for the first time An expert team of scholars and practitioners cut through the complexity to explain how the EU works in practice and equip students with the knowledge and skills they need to master the subject The fourth edition of this successful textbook reflects the ongoing changes in the EU in the aftermath of the Eurozone crises and the global context in which the EU exists It also features expanded coverage of theories of European integration and policy making and considers the hugely topical debate about the UK's future in the EU Students understanding of the main actors policies and developments in the EU is aided by the inclusion of helpful learning features throughout the text How it really works boxes challenge students to contrast the theory with how the EU actually works in practice while Compared to what features encourage them to think broadly and critically about the reality of politics in the EU *How the European Union Works*, 2003 This booklet gives a comprehensive overview of what each institution or agency does and how it is organised The aim is to provide a helpful guide to the EU's decision making system p 47 **How Does the European Union Work?** European Commission, 1998 **The European Union's Future** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe, Eurasia, and Emerging Threats, 2015 The European Union Jonathan Olsen, Michael A. Hansen, 2025-08-25 Thoroughly revised the eighth edition of this accessible and highly respected text provides a rigorous yet digestible introduction to the European Union It authoritatively explains developments that continue to bring challenges to this powerful institution in times of great political change Key features include Clearly covers the history governing institutions and policies of the EU Thorough reflection on destabilizing issues such as immigration and the years of refugee crisis in Europe stagnating economies in the Eurozone the impact of the COVID 19 pandemic tensions with China continued Euroscepticism and populism and the Ukraine war A new focus on people and their experiences in the EU and an increased diversity of coverage and inclusion exclusion painting a richer picture of life in the EU Fully updated with new colourful illustrations and in text features such as Chapter Overviews Questions to Consider and Further Reading to encourage deeper research and debate The authors present the EU as still one of the world's economic and political superpowers which has brought far reaching changes to the lives of Europeans and has helped its member states to take a newly assertive role on the global stage Essential reading for students of European and EU politics this book offers an up to the minute look at both the opportunities and existential threats facing the EU The European Union's Emissions Trading System United States. Congress. Senate. Committee on Commerce, Science, and Transportation, 2013 The European Union's New Foreign Policy Martin Westlake, 2020-07-28 This volume brings together senior practitioners and academic specialists to consider how the EU's new foreign policy has been evolving and how the various actors are maintaining the holistic approach intended by the draftsmen of the 2009 Lisbon Treaty European

Union Politics John McCormick, 2020-05-10 Cutting through the jargon of EU politics the third edition of this engaging and informative textbook examines the history institutions processes and politics of the European Union with unprecedented clarity The EU is a fascinating political experiment in regional integration and it has changed our understanding of Europe how Europeans relate to one another the role Europe plays in global politics and has even shifted our understanding of politics itself Helping to make sense of it all in the author's accessible style this book is underpinned by theory and the latest research throughout Organised in three main parts the text covers everything from the history of the EU and its treaties to the institutions that make up the EU and its policies in areas such as the economy the environment and the Area of Freedom Security and Justice This is the go to text for all students taking courses or modules on the EU as well as functioning as an accessible introduction for anyone who wants to find out more about how the EU works and what difference it makes New to this Edition Fully updated to take account of the latest developments including the ongoing Brexit negotiations the 2019 European Parliament elections and more on the fallout from the euro zone and migration crises Two new separate chapters to cover the European Council and the Council of Ministers respectively More emphasis on comparative politics throughout to compare institutions and policies Expanded debates on key issues of contention in the European project Expanded coverage of the most recent research into public opinion in the EU New Snapshot features in each chapter focusing on a particular EU country Accompanying online resources for this title can be found at bloomsburyonlineresources.com/european-union-politics-3e These resources are designed to support teaching and learning when using this textbook and are available at no extra cost

The European Union, the United Nations, and the Revival of Confederal Governance

Frederick Lister, 1996-07-11 Before it became a federation the United States was briefly a confederation a much looser union composed of states rather than of peoples Unions of states to promote economic well being and to prevent war are now being revived Mr Lister analyzes modern confederalism and how it is functioning in the single market of the European Union and how it might function if the collective security system of the United Nations could be carried out as originally planned by a confederal style partnership of the world's independent states Political scientists have traditionally classified voluntary polities as confederations federations or unitary states But they have ignored the first of these classes perhaps because Alexander Hamilton wishing to mobilize support for the new federal constitution discredited not only the United States Confederation but the whole class of confederations as a viable method of governance More than 200 years later confederation as a form of governance is still under a cloud Yet it has been resurfacing largely unrecognized for what it is in the repertory of government In the treaties of Rome and Maastricht and in the collective security system of the Charter the European Union and the United Nations are already involved in forms of governance that are confederal in all but name Lister's book describes confederal governance and how such unions of states differ from intergovernmental organizations on the one hand and federations on the other Meticulously researched and carefully argued it draws upon his five years of study of confederal unions from Ancient Greece through the 19th century Germanic Confederation and the German Zollverein But his book is not a history of confederations Instead it shows how long term alliances sometimes evolve into unions of states and in time into communities of the peoples who live in those states It also shows how the ties of confederal union have been institutionalized in modern times in the EU and how they might be institutionalized in a global collective security body L L Finally the book stresses the urgency of moving in this direction because we shall face a very serious security problem in the next century With the steady leakage of nuclear materials in Russia the non proliferation approach to controlling weapons of mass destruction appears to be breaking down Lister argues that if and when governments are confronted with this looming problem perhaps in the not too distant future the confederal model may be the one that they will need to have updated and at their disposal *The European Union's Emissions Trading Scheme* United States. House of Commons - Science and Technology Committee: Work of the European and UK Space Agencies - HC 253 Great Britain: Parliament: House of Commons: Science and Technology Committee,2013-10-28 The Committee heard much positive feedback about the work of the UK Space Agency since its creation in 2011 The UK's space sector is one of our economy's fastest growing sectors with an average growth rate of almost 7.5% and it has ambitions to increase its annual turnover to 40 billion by 2030 The report welcomes recent increases in the UK's commitments to the European Space Agency but urged the UK Space Agency to strengthen UK influence within the European Space Agency by providing support for UK candidates applying for future director level positions within the Agency There are a number of exciting developments happening in the UK space sector including the expansion of the European Space Agency's operations at Harwell the establishment of the Satellite Applications Catapult and Major Tim Peake's upcoming mission to the International Space Station With continued cross party support we hope to see this sector expand in line with its ambitions and continue to attract jobs and businesses to the UK

Social developments in the European Union 2013 David Natali (OSE),2014-06-01 The European Union has gone through a crucial period marked by growing anti EU sentiments and the difficult implementation of its largely renewed socio economic governance After years of in depth innovations and the hope of reinvigorating the E M U social dimension European institutions have engaged in a lively debate on how to exit the recession and relaunch the integration project While most Member States have continued to pursue punitive austerity programmes at a time when 27 million Europeans are unemployed and a quarter of the EU population is at risk of poverty most stakeholders namely the trade union movement and policymakers agree on the need for an EU driven growth strategy This 2013 edition of Social developments in the European Union provides key insights from analysts and scholars Through the critical assessment of the EU economic governance of the last few years contributors have set guidelines for a reinforced EU social protection and investment plan The proposals for a pan European unemployment insurance scheme and an EU minimum income scheme are analysed together with a renewed focus on the gender dimension of European social policies Beyond economic and social governance this volume critically reviews national reforms of labour market policies While the state of the European economy is still gloomy the institutional and policy reforms proposed here represent an opportunity to unveil a new path for Europe

The European Parliament in the News Dimitrios Souliotis, 2022-02-13 This book analyzes the social legitimacy deficit of the European Parliament EP in the United Kingdom and Greece It does so by considering it partially a communication deficit and by addressing the relevant inadequacies of its communication and media relations performance Following this approach the book identifies and critically analyzes the problems that the European Parliament is facing in communicating and portraying itself to news websites in the United Kingdom and Greece and offers potential solutions to the issues presented The book provides an initial comparison of the scale of the problems that the EP is facing in its communication and media relations performance in Greece and in the United Kingdom focusing on a number of prominent carefully selected impartial or pro European websites The failures of the EP to secure adequate levels of visibility on these websites automatically signify serious basic weaknesses in its communication strategy This book identifies those weaknesses their causes and presents solutions on how to solve them Therefore this book is a must read for students and scholars of political science and media communication as well as policy makers and practitioners interested in a better understanding of the European Parliament's social legitimacy and communication deficit

The Changing Face of European Identity Richard Robyn, 2004-11-10 Drawing upon systematic research using Q Methodology in seven countries Denmark France Germany the United Kingdom Italy Netherlands and Sweden this volume presents the results of the most extensive effort yet at cross cultural subjective assessment of national and supranational identity The studies attempt to explain how the European Union as the most visible experiment in mass national identity change in the contemporary world influences how Europeans think about their political affiliations
