Evaluating The Impact Of Development Projects On Poverty A Handook For Practitioners:

Evaluating the Impact of Development Projects on Poverty Judy L. Baker,2000 **Evaluating the Impact of Development Projects on Poverty** Judy L. Baker,2000 Despite the billions of dollars spent on development assistance each year there is still very little known about the actual impact of projects on the poor There is broad evidence on the benefits of economic growth investments in human capital and the provision of safety nets for the poor But for a specific program or project in a given country is the intervention producing the intended benefits and what was the overall impact on the population Could the program or project be better designed to achieve the intended outcomes Are resources being spent efficiently These are the types of questions that can only be answered through an impact evaluation an approach which measures the outcomes of a program intervention in isolation of other possible factors This handbook seeks to provide project managers and policy analysts with the tools needed for evaluating project impact It is aimed at readers with a general knowledge of statistics For some of the more in depth statistical methods discussed the reader is referred to the technical literature on the topic Chapter 1 presents an overview of concepts and methods Chapter 2 discusses key steps and related issues to consider in implementation Chapter 3 illustrates various analytical techniques through a case study Chapter 4 includes a discussion of lessons learned from a rich set of good practice evaluations of poverty projects which have been reviewed for this handbook Assessing the Impact of Foreign Aid Viktor Jakupec,Max Kelly,2015-11-10 Assessing the Impact of Foreign Aid Value for Money and Aid for Trade provides updated information on how to improve foreign aid programs exploring the concept and practice of impact assessment within the sometimes unproblematic approaches advocated in current literature of value for money and aid for trade Contributors from multi lateral agencies and NGOs discuss the changing patterns of Official Development Assistance and their effects on impact assessment providing theoretical political structural methodological and practical frameworks discussions and a theory practice nexus With twin foci of economics and policy this book raises the potential for making sophisticated and coherent decisions on aid allocation to developing countries Addresses the impact of aid for trade and value for money rather than its implementation Discusses the changing patterns of Official Development Assistance and their effects on impact assessment providing theoretical political structural methodological and practical frameworks discussions and a theory practice nexus Assesses the effects and implications of the value for money and aid for trade agendas Highlights economic issues **public expenditure and growth , Community Psychology** Sibnath Deb,Aleena Maria Sunny,Nilanjana Sanyal,Shayana Deb,2023-11-10 This book focuses on the theoretical concepts of community psychology and its applications in day to day life It discusses the challenges that adversely affect the welfare and well being of common people and suggests community centric evidence based measures to address them Factors like new age lifestyles fast paced development and an increase in occurrence of natural calamities have been detrimental to the psychological well being of the community This volume integrates the social

cultural economic political and environmental aspects of community psychology to address community life based issues which include mental health stigma social asymmetries resource disparities disadvantaged minority groups the differently abled HIV AIDS patients project affected people and disaster victims Key features of this book include Dedicated intervention based chapters on mental health physical health differently abled people the elderly vulnerable children HIV AIDS patients and people affected by development projects and disasters Focus on challenges faced by students and school based family counselling Case studies and conceptual models for better understanding and application of the subject The volume will be a valuable resource to students researchers and teachers of Psychology Social Work Sociology Public Health and Social Economics It will also be an indispensable read for social workers NGOs advocacy groups and policymakers working in the field of social upliftment

Proven Successes in Agricultural Development David J. Spielman, Rajul Pandya-Lorch, 2010-01-01 The world has made enormous progress in the past 50 years toward eliminating hunger and malnutrition While in 1960 roughly 30 percent of the world's population suffered from hunger and malnutrition today less than 20 percent do some five billion people now have enough food to live healthy productive lives Agricultural development has contributed significantly to these gains by increasing food supplies reducing food prices and creating new income and employment opportunities for some of the world's poorest people This book examines where why and how past interventions in agricultural development have succeeded It carefully reviews the policies programs and investments in agricultural development that have reduced hunger and poverty across Africa Asia and Latin America over the past half century The 19 successes included here are described in in depth case studies that synthesize the evidence on the intervention's impact on agricultural productivity and food security evaluate the rigor with which the evidence was collected and assess the tradeoffs

inherent in each success Together these chapters provide evidence of what works in agricultural development

Reinventing Development Adam Fforde,2017-03-17 This book debunks the foundations of contemporary government led development policy The author questions the predictability of success when using mainstream development doctrines and its underlying assumptions approaching development from a sceptical standpoint as opposed to the more common optimistic view The book uses international development and aid as a case study of how rich countries define how change should happen Further it suggests alternative ways of thinking about and organizing social change

Local Economic and Employment Development (LEED) Making Local Strategies Work Building the Evidence Base OECD,2008-06-09

This book aims to support the design and delivery of more effective local and regional economic development strategies A crucial part of this process is the collection and use of evidence on local needs and options and on what works and what does

Development Aid—Populism and the End of the Neoliberal Agenda Viktor Jakupec,2017-12-04 This volume examines the impact of the Trump presidency on development aid It starts out by describing the rise of national populism the political landscape and the reasons for rejection of the political establishment both under Trump and internationally Next it gives a historical political overview of development aid in the post WW II era and discusses the dominant Washington Consensus doctrine and its failure It then provides a critique of the Official Development Assistance ODA discourse and reviews the political economy of ODA the discourse and the conditionalities that are barriers to socio economic development The final chapters explore the question of Trumponomics as an alternative to the global neoliberal ODA and the potential impact of Trumponomics on ODA The book concludes with thoughts on the potential future directions for ODA within the ideals of Trumponomics and national populism

RealWorld Evaluation Michael Bamberger,Jim Rugh,Linda Mabry,2011-11-29 This book helps practicing evaluators design and conduct competent evaluation studies while explicitly considering resource and data constraints The book is organized around a seven step model developed by the authors and which has been tested and refined in workshops that cater to a broad spectrum of evaluation practitioners Vignettes from practice and case studies representing evaluations from a variety of geographic regions and sectors demonstrate adaptive possibilities for small projects with budgets of a few thousand dollars or timelines as brief as a few days to large scale long term evaluations with multi million dollar budgets The text is specifically designed to incorporate quantitative qualitative and mixed method designs

Natural Resources Management in Agriculture Bekele Shiferaw,H. Ade Freeman,Scott M. Swinton,2005 In response to increasing concerns about the degradation of natural resources and the sustainability of agriculture many research programmes have been established in natural resource management NRM However although methods for evaluating the impacts of crop improvement technologies are well developed there is a dearth of methods for evaluating the impacts of NRM interventions This is partly due to the complexity of interactions among natural resources spatial and temporal dimensions of impact and the valuation of direct and indirect environmental costs and benefits This book discusses

the unique features and methodological difficulties of NRM impact assessment It examines the strengths and weaknesses of various impact assessment approaches including econometric bio economic and more direct methods It also assesses and identifies data requirements for developing impact indicators and recommends suitable methodologies for assessing the impacts of NRM technologies on issues such as soil and water conservation and watershed and biodiversity management

What Works in Development? Jessica Cohen, William Easterly, 2010-02-01 What Works in Development brings together leading experts to address one of the most basic yet vexing issues in development what do we really know about what works and what doesn't in fighting global poverty The contributors including many of the world's most respected economic development analysts focus on the ongoing debate over which paths to development truly maximize results Should we emphasize a big picture approach focusing on the role of institutions macroeconomic policies growth strategies and other country level factors Or is a more grassroots approach the way to go with the focus on particular microeconomic interventions such as conditional cash transfers bed nets and other microlevel improvements in service delivery on the ground The book attempts to find a consensus on which approach is likely to be more effective Contributors include Nana Ashraf Harvard Business School Abhijit Banerjee MIT Nancy Birdsall Center for Global Development Anne Case Princeton University Jessica Cohen Brookings William Easterly NYU and Brookings Alaka Halla Innovations for Poverty Action Ricardo Hausman Harvard University Simon Johnson MIT Peter Klenow Stanford University Michael Kremer Harvard Ross Levine Brown University Sendhil Mullainathan Harvard Ben Olken MIT Lant Pritchett Harvard Martin Ravallion World Bank Dani Rodrik Harvard Paul Romer Stanford University and David Weil Brown
