Gender and Precarious Research Careers Annalisa Murgia,Barbara Poggio,2018-10-09 The literature on gender and science shows that scientific careers continue to be characterised albeit with important differences among countries by strong gender discriminations especially in more prestigious positions Much less investigated is the issue of which stage in the career such differences begin to show up Gender and Precarious Research Careers aims to advance the debate on the process of precarisation in higher education and its gendered effects and springs from a three year research project across institutions in seven European countries Italy

Belgium the Netherlands Iceland Switzerland Slovenia and Austria Examining gender asymmetries in academic and research organisations this insightful volume focuses particularly on early careers It centres both on STEM disciplines Science Technology Engineering and Mathematics and SSH Social Science and Humanities fields Offering recommendations to design innovative organisational policies and self tailored Gender Equality Plans to be implemented in universities and research centres this volume will appeal to students and researchers interested in fields such as Gender Studies Sociology of Work and Industry Sociology of Knowledge Business Studies and Higher Education **Governing Affects** Otto Penz, Birgit Sauer, 2019-12-06

Governing Affects explores the neoliberal transformation of state governance in Europe towards affective forms of dominance exercised by customer oriented neo bureaucracies and public service providers By investigating the rise of affective labour in contemporary European service societies and the conversion of state administrations into business like public services the authors trace the transformative power of neoliberal political thought as it is put into practice The book examines new affective modes of subjectivation and activation of public employees as well as their embodiment of affective requirements to successfully guide and advise citizens Neoliberalism induces a double agency in neo bureaucrats entrepreneurialism is coupled with affective skills for the purpose of governing clients in their own best interests These competences are unevenly distributed between the genders as their affective dispositions differ historically Drawing on the theoretical concepts of Foucault and Bourdieu the book offers innovative insights into recent processes of state transformation affective subjectivation and changes in labour relations By combining theory building on governance with empirical research in key areas of state power the book will be of interest to scholars and researchers in a broad range of disciplines including political science political sociology and critical governance studies Elgar Encyclopedia of Critical Management Studies Leo McCann, Ödül Bozkurt, Rachael Finn, Edward Granter, Carolyn Hunter, Nina Kivinen, Arun Kumar, Brian Wierman, 2025-04-09

This expansive Encyclopedia provides a detailed overview of Critical Management Studies CMS This exciting and iconoclastic area of research and scholarship has had a major impact on the academic field of business and management studies opening up possibilities for exploring radical and liberatory ideas in the often conservative and technicist realm of business school education Covering many of the substantive areas of CMS such as control and gender and providing reflexive discussions and critiques this Encyclopedia is a vital contribution to this important and unique field

Historical Organization Studies Mairi Maclean, Stewart R. Clegg, Roy Suddaby, Charles Harvey, 2020-11-26 We are now entering a new phase in the establishment of historical organization studies as a distinctive methodological paradigm within the broad field of organization studies This book serves both as a landmark in the development of the field and as a key reference tool for researchers and students For two decades organization theorists have emphasized the need for more and better research recognizing the importance of the past in shaping the present and future By historicizing organizational research the contexts and forces bearing upon organizations will be more fully recognized and analyses of organizational

dynamics improved But how precisely might a traditionally empirically oriented discipline such as history be incorporated into a theoretically oriented discipline such as organization studies This book evaluates the current state of play advances it and identifies the possibilities the new emergent field offers for the future In addition to providing an important work of reference on the subject for researchers the book can be used to introduce management and organizational history to a student audience at both undergraduate and postgraduate levels The book is a valuable source for wider reading providing rich reference material in tutorials across organizational studies or as recommended or required reading on courses with a connection to business or management history Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
