Ii Maccabees A New Translation With Introduction And Commentary:

II Maccabees Jonathan A. Goldstein, 2008 *1 Maccabees* Daniel R. Schwartz, 2022-04-26 A new translation and commentary on I Maccabees that offers a fresh interpretation of the author's values and purpose First Maccabees composed in the second century BCE chronicles four decades of clashes between Hellenistic Syria and Judea from Antiochus Epiphanes's ascent to the throne in 175 BCE to the Hasmoneans' establishment of an independent Judean state ruled by Simon and his sons In this volume Daniel R. Schwartz provides a new translation of the Greek text and analyzes its historical significance In dialogue with contemporary scholarship the introduction surveys the work's themes sources and transmission while the commentary addresses textual details and issues of historical reconstruction often devoting special attention to the lost Hebrew original and its associations Schwartz demonstrates that 1 Maccabees despite its Hebraic biblical style and its survival within the Christian canon deviates from biblical and Judaic works by marginalizing God evincing scorn for martyrs and ascribing to human power and valor crucial historical roles This all fits its mandate justification of the Hasmonean dynasty especially the Simonides **A Political History of Judea from 609 Bce to 135 Ce** Martin Sicker, 2021-02-16 The geopolitical history of the Middle East in antiquity is principally the story of the continuing struggle for domination of the trade routes of the eastern littoral of the Mediterranean Sea some of the most valued of which passed through the relatively narrow strip of territory stretching from the Egyptian frontier in the Sinai desert to southern Syria and from there to Mesopotamia That strip of territory bounded by the Mediterranean Sea to the west and the Jordan River to the east known as Cisjordan constituted the primary land bridge between northeastern Africa and southwestern Asia As a consequence of its geopolitical role as a buffer zone between Egypt and the major powers of antiquity it was always in the interests of the dominant powers of the region to keep that strip of territory divided into numerous small city states that would be dependent on one or the other of the major powers for their political survival The present study is primarily concerned with the political history of the Jewish states that emerged in Cisjordan in antiquity in effect continuing the narrative of my previous study *The Rise and Fall of the Ancient Israelite States* which concluded with the final destruction of the First Hebrew Commonwealth by the Babylonians including the Temple built in Jerusalem by Solomon in 586 BCE This study begins with a brief discussion of the circumstances that led to that disastrous event and its aftermath The subsequent Persian conquest of Babylonia unexpectedly led to the emergence of what is frequently spoken of as the Second Hebrew Commonwealth or the Second Temple period The present study reviews the political history of the Jews in the Land of Israel between the destruction of the First Temple to the destruction of the Second Temple nearly seven hundred years later and its aftermath until the early second century CE Jesus' Death in New Testament Thought Volume 1: Background David A. Brondos, 2018-04-25 An unprecedented rereading of the passages from the New Testament and other early Christian writings that ascribe saving significance to Jesus' death on the basis of an in-depth study of second temple Jewish thought regarding atonement sacrifice

suffering and death This 2 volume work is the result of over 40 years of research on the subject The New Economy of Nature Gretchen Cara Daily, Katherine Ellison, 2002 Earth's ecosystems forests wetlands coral reefs and the like are among humanity's most precious assets offering such vital services as climate control and water purification So why are they being rapidly destroyed A major reason is that protecting them has been seen as largely a charitable venture and philanthropy isn't up to the job Increasing numbers of environmentally minded people are therefore trying to harness a more potent force self interest to preserve our environmental endowment Theirs is the quest portrayed in The New Economy of Nature In this timely and provocative book Gretchen Daily one of the world's leading ecologists and Katherine Ellison a Pulitzer Prize winning journalist give us an informative look at a new new economy that recognizes the full value of natural systems and the potential profits in protecting them

BOOK JACKET *Shifting Images of the Hasmoneans* Vered Noam, 2018-02-16 The shifting image of the Hasmoneans in the eyes of their contemporaries and later generations is a compelling issue in the history of the Maccabean revolt and the Hasmonean commonwealth Based on a series of six Jewish folktales from the Second Temple period that describe the Hasmonean dynasty and its history from its legendary founders through achievement of full sovereignty to downfall this volume examines the Hasmoneans through the lens of reception history On the one hand these brief colorful legends are embedded in the narrative of the historian of the age Flavius Josephus on the other hand they are scattered throughout the extensive halakhic exegetical compositions known as rabbinic literature redacted and compiled centuries later Each set of parallel stories is examined for the motivation underlying its creation its original message language and the historical context This analysis is followed by exploration of the nature of the relationship between the Josephan and the rabbinic versions in an attempt to reconstruct the adaptation of the putative original traditions in the two corpora and to decipher the disparities different emphases reworking and unique orientations typical of each These adaptations reflect the reception of the pristine tales and thus disclose the shifting images of the Hasmoneans in later generations and within distinct contexts The compilation and characterization of these sources which were preserved by means of two such different conduits of transmission brings us closer to reconstruction of a lost literary continent a hidden Jewish Atlantis of early pseudo historical legends and facilitates examination of the relationship between the substantially different libraries and worlds of Josephus and rabbinic literature

Turmoil, Trauma and Tenacity in Early Jewish Literature Nicholas P. L. Allen, Jacob J. T. Doedens, 2022-08-01 This volume is written in the context of trauma hermeneutics of ancient Jewish communities and their tenacity in the face of adversity i.e. as recorded in the MT LXX Pseudepigrapha the Deuterocanonical books and even Cognate literature In this regard its thirteen chapters are concerned with the most recent outputs of trauma studies They are written by a selection of leading scholars associated to some degree with the Hungarian South African Study Group Here trauma is employed as a useful hermeneutical lens not only for interpreting biblical texts and the contexts in which they were originally produced and functioned but also for providing a useful frame of reference As

a consequence these various research outputs each in their own way confirm that an historical and theological appreciation of these early accounts and interpretations of collective trauma and its implications perceived or otherwise is critical for understanding the essential substance of Jewish cultural identity As such these essays are ideal for scholars in the fields of Biblical Studies particularly those interested in the Pseudepigrapha the Deuterocanonical books and Cognate literature

The Three Pillars Barbara J. Sivertsen, 2010-05-10 The Three Pillars How Family Politics Shaped the Earliest Church and the Gospel of Mark examines how family relationships played a key role in the earliest Christian church By disentangling the two disparate genealogies of Jesus the author reconstructs the families of Joseph and Mary Presented here for the first time is the full ancestry of Jesus mother Mary who was descended from the anti Hasmonean high priest Alcimus The author suggests that Mary and her daughter Mary played a hitherto unrecognized role in the church s earliest leadership struggle and that a composite of these two women not Mary Magdalene was the basis for the Gnostic Mary of later Christian works The author next explores how this early leadership conflict shaped the Gospel of Mark which she argues was written by Peter s son She discusses Mark s footprint in this Gospel and how Mark s resentment of the relatives of Jesus his ambivalence toward his father and his anger at the disciples for ceding leadership to these relatives is at the heart of some of the most distinctive features of the Second Gospel features that have perplexed biblical scholars and laymen for centuries The last section examines the mysterious Beloved Disciple in the Gospel of John The author concludes that the many unlikely elements in the account of the arrest and interrogation of Jesus can only be explained by seeing the Beloved Disciple as a close relative of the high priest Caiaphas and that this family relationship was crucial to the protection of the early Christians in Jerusalem The book s final chapter offers reflections on how kinship played an important role in Jesus ministry and how the high priestly leadership responded to him in part because of his family lineage

Religion and War from Antiquity to Early Modernity Irene Polinskaya, Alan James, Ioannis Papadogiannakis, 2024-11-28 Responding to the profound challenges of our times this book provides a comparative and cross cultural exploration of the role of religion in war in a long historical perspective from the second millennium BCE and even earlier up to early modernity Individual chapters focus on the ancient Near East the Mediterranean basin Europe and North Africa Widely diverse case studies explore the historic link between the conduct of war and the growing complexity of human society conditioned by the ownership of ideological authority The book explores how in most historical societies this authority was religious Written by experts from different disciplinary perspectives the volume challenges common assumptions about the historical relationship between religion and war and extends our understanding of the dangers and complexities of today s world

Collections, Codes, and Torah Michael LeFebvre, 2006-10-01 Scholars of biblical law are already widely agreed that ancient Israel did not draft law texts for legislative purposes This study critiques and challenges the current consensus and presents an alternative hypothesis

4QMMT Hanne Von Weissenberg, 2009 This book focuses on the third section of one of the most important documents

from the Qumran library the epilogue of 4QMMT It re evaluates the textual basis for this section and analyses how the epilogue functions as a part of the larger document In addition to addressing the structure and genre of 4QMMT this volume analyzes the use of Scripture in the epilogue in order to illuminate the theological agenda of the document s author redactor Although this book a TM s primary focus is on the epilogue the results of this investigation shed light on 4QMMT as a whole

On Wings of Prayer Nuria Calduch-Benages, Michael W. Duggan, Dalia Marx, 2019-07-22 The contributors and editors dedicate this volume of research to Professor Stefan C Reif on the occasion of his 75th birthday Together these twenty papers reflect our appreciation for his exemplary scholarship and lifelong commitment to acquaint our world with the theological and cultural riches of Jewish Studies This collection reflects the breadth of Prof Reif s interests insofar as it is a combination of Second Temple studies and Jewish studies on the roots of Jewish prayer and liturgy which is his main field of expertise Contributions on biblical and second temple studies cover Amos Ben Sira Esther 2 Maccabees Judith Wisdom Qumran Psalms and James Contributions on Jewish studies cover nuptial and benedictions after meals Adon Olam Passover Seder Amidah the Medieval Palestinian Tefillat ha Shir and other aspects of rabbinic liturgy Moreover the regional diversity of scholars from Israel continental Europe the United Kingdom Ireland and North America mirrors Stefan s travels as a lecturer and the reach of his publications The volume includes a foreword of appreciation and a bibliographic list of Professor Reif s works

Foreigners and Their Food David M. Freidenreich, 2011-07-02 Foreigners and Their Food explores how Jews Christians and Muslims conceptualize us and them through rules about the preparation of food by adherents of other religions and the act of eating with such outsiders David M Freidenreich analyzes the significance of food to religious formation elucidating the ways ancient and medieval scholars use food restrictions to think about the other Freidenreich illuminates the subtly different ways Jews Christians and Muslims perceive themselves and he demonstrates how these distinctive self conceptions shape ideas about religious foreigners and communal boundaries This work the first to analyze change over time across the legal literatures of Judaism Christianity and Islam makes pathbreaking contributions to the history of interreligious intolerance and to the comparative study of religion

The Formation of the 'Book' of Psalms David Willgren, 2016-09-30 By conceptualizing the Book of Psalms as an anthology and by inquiring into its poetics by means of paratextuality David Willgren provides a fresh reconstruction of its formation and concludes that it preserves a selection of psalms that is best seen not as a book of psalms but as a canon of psalms back of book

History, Archaeology and The Bible Forty Years After Historicity Ingrid Hjelm, Thomas L. Thompson, 2016-02-22 In History Archaeology and the Bible Forty Years after Historicity Hjelm and Thompson argue that a crisis broke in the 1970s when several new studies of biblical history and archaeology were published questioning the historical critical method of biblical scholarship The crisis formed the discourse of the Copenhagen school s challenge of standing positions which together with new achievements in archaeological research demand that the regional history of ancient Israel Judaea and Palestine be reconsidered in all its

detail This volume examines the major changes that have taken place within the field of Old Testament studies since the ground breaking works of Thomas Thompson and John van Seters in 1974 and 1975 both republished in 2014 The book is divided in three sections changing perspectives in biblical studies history and cult and ideology and history presenting new articles from some of the field s best scholars with comprehensive discussion of historical archaeological anthropological cultural and literary approaches to the Hebrew Bible and Palestine s history The essays question How does biblical history relate to the archaeological history of Israel and Palestine and Can we view the history of the region independently of a biblical perspective by looking at the problem from alternative angles and questioning long held interpretations Unafraid to break new ground History Archaeology and the Bible Forty Years after Historicity is a vital resource to students in the field of Biblical and East Mediterranean Studies and anyone with an interest in the archaeology history and religious development in Palestine and the ancient Near East

Religious and Philosophical Conversion in the Ancient Mediterranean Traditions, 2022-03-07 The interest in interdisciplinary research on the experience of religious conversion or spiritual transformation grows progressively In light of this burgeoning area of study this volume explores conversion or converting experience in the ancient Mediterranean with attention to early Judaism early Christianity and philosophy in the Roman empire The contributions include both historical and philological reconstructions relying on source material and utilizing interdisciplinary approaches Similarly the authors analyze the literary use of the motif of conversion the topic of philosophical conversion as well as ritual social and embodied aspects of spiritual transformation

The Samaritans in Flavius Josephus Reinhard Pummer, 2009 The first century C E Jewish historian Flavius Josephus is our main source of information for the early history of the Samaritans a community closely related to Judaism whose development as an independent religion is commonly dated in the Hellenistic Roman period Josephus two main works Jewish War and Jewish Antiquities contain a number of passages that purport to describe the origin character and actions of the Samaritans In composing his histories Josephus drew on different sources some identifiable others unknown to us Contemporary Josephus research has shown that he did so not as a mere compiler but as a creative writer who selected and quoted his sources carefully and deliberately and employed them to express his personal views Rather than trying to isolate and identify Josephus authorities and to determine the meaning these texts had in their original setting Reinhard Pummer examines what Josephus himself intended to convey to his audience when he depicted the Samaritans in the way he did He attempts to combine composition criticism and historical research and argues that the differences in Josephus portrayal of the Samaritans in War on the one hand and in Antiquities on the other are due to the different aims the historian pursued in the two works

The Christological Witness Function of the Old Testament Characters in the Gospel of John Sanghee M Ahn, 2014-06-01 This book investigates the narrative function of the Old Testament characters in the Gospel of John The fascinating thesis is that the Hebrew characters in John s narrative uniformly function as a witness for the messianic identity

of Jesus The Jewish scriptural traditions Hebrew and intertestamental ones are compared to shed light on John's indebtedness for its formation of his Christology A compelling argument ensues which informs our understanding not only of the Gospel itself but also of Jesus Christ revealed in the Gospel

COMMENDATION Dr Ahn's thorough and careful study represents a solid contribution from which many will benefit All serious interpreters of the Johannine witness will want to refer to this work Mark A Seifrid Southern Baptist Theological Seminary USA

The Construct of Identity in Hellenistic Judaism Erich S. Gruen, 2016-09-12 This book collects twenty two previously published essays and one new one by Erich S Gruen who has written extensively on the literature and history of early Judaism and the experience of the Jews in the Greco Roman world His many articles on this subject have however appeared mostly in conference volumes and *Festschriften* and have therefore not had wide circulation By putting them together in a single work this will bring the essays to the attention of a much broader scholarly readership and make them more readily available to students in the fields of ancient history and early Judaism The pieces are quite varied but develop a number of connected and related themes Jewish identity in the pagan world the literary representations by Jews and pagans of one another the interconnections of Hellenism and Judaism and the Jewish experience under Hellenistic monarchies and the Roman empire

The Oxford Encyclopedia of the Books of the Bible Michael D. Coogan, 2011-12-08 This is the first in this series of specialised reference works each addressing a specific subfield within biblical studies *Books of the Bible* is in depth with articles on all of the canonical books major apocryphal books of the New and Old Testaments important noncanonical texts and some thematic essays
