

# TECHNICAL EVALUATION REPORT

## EVALUATION OF THE SSL MSE *PLUS*™ RETAINING WALL SYSTEM

Prepared by the  
Highway Innovation Technology  
Evaluation Center (HITEC), a service  
center of the Civil Engineering  
Research Foundation (CERF).

CERF REPORT #40441  
August 1999

# Evaluation Of The Ssl Mse Plus Retaining Wall System

**Highway Innovative Technology  
Evaluation Center (U.S.), Keystone  
Retaining Wall Systems, Inc, TenCate  
Geosynthetics**

## **Evaluation Of The Ssl Mse Plus Retaining Wall System:**

**Evaluation of the SSL MSE Plus Retaining Wall System** Highway Innovative Technology Evaluation Center (U.S.),2001-01-01 Prepared by the Highway Innovative Technology Evaluation Center HITEC a CERF service center This report describes a HITEC evaluation designed to determine the basic capabilities and limitations of the MSE Plus System manufactured by SSL LLC for use as a mechanically stabilized earth retaining system The evaluation was conducted based on material design construction performance and quality assurance information outlined in the HITEC Protocol The MSE Plus System features rectangular segmental precast concrete facing panels and galvanized welded wire grid type soil reinforcement Evaluation of the Keysystem I Retaining Wall Highway Innovative Technology Evaluation Center

(U.S.),2000-01-01 Prepared by the Highway Innovative Technology Evaluation Center HITEC a CERF Innovation Center This report describes an evaluation to determine the capabilities and limitations of the KeySystem I Retaining Wall System a mechanically stabilized earth structure developed designed and supplied by Keystone Retaining Wall Systems Inc The evaluation was conducted based on design construction performance and quality assurance information outlined in the HITEC Protocol KeySystem I features modular block facing to which KeyStrips are attached KeyStrips are structural welded wire grid type reinforcement produced from high strength steel Summary of Evaluation Findings for the Testing of

Seismic Isolation and Energy Dissipating Devices Highway Innovative Technology Evaluation Center (U.S.),1999-01-01 Prepared by the Highway Innovative Technology Evaluation Center HITEC a CERF Service Center his report summarizes the results of an evaluation that was designed to test the performance of 11 seismic isolators and dampers The devices were tested for stability response during earthquake simulations and fatigue and weathering effects **Evaluation of the**

**Inter-Lok Retaining Wall System** Highway Innovative Technology Evaluation Center (U.S.),2002-01-01 Prepared by the Highway Innovative Technology Evaluation Center HITEC a CERF IIEC Innovation Center This report describes a HITEC evaluation designed to determine the basic capabilities and limitations of the INTER LOK System for use as a technically viable precast mechanically stabilized earth retaining wall system The evaluation was conducted based on design construction performance and quality assurance information outlined in the HITEC Protocol The INTER LOK System features a cross shaped segmental precast concrete facing panel connected to metallic rebar and anchor plate type of soil reinforcement attached to the facing panels by a keyplate that interlocks with the facing panels **Evaluation of the**

**Maccaferri Terramesh System Retaining Wall** Highway Innovative Technology Evaluation Center (U.S.),2002-01-01 Prepared by the Highway Innovative Technology Evaluation Center HITEC a CERF IIEC Innovation Center This report describes a HITEC evaluation designed to determine the basic capabilities and limitations of the Terramesh Retaining Wall System for use as a technically viable mechanically stabilized earth retaining wall system The evaluation was conducted based on material design construction performance and quality assurance maininformation outlined in the HITEC Protocol The

Terramesh System supplied by Maccaferri Inc features a Gabion basket facing of various configurations and metal double twisted grid type of soil reinforcement which is manufactured integrally with the basket facing blocks

**Evaluation of the Trevipark Automated Parking System** Highway Innovative Technology Evaluation Center (U.S.),2001-01-01 Prepared by the Civil Engineering Innovative Technology Evaluation Center a CERF innovation center serving the engineering and construction industries This report presents a CEITEC evaluation of the Trevipark automated parking system which was developed designed and supplied by TREVI S p A of Cesena Italy The evaluation is designed to determine the benefits and limitations of Trevipark for use as a technically viable automated vehicle parking system The evaluation focused on data collection site inspections and analyses The Trevipark system consists of a cylindrical enclosure with a central elevator system to park and store vehicles in a radial pattern This proprietary system is intended to provide safe and secure parking for lower cost smaller site and space requirements less retrieval time and other advantages

Evaluation of the Tricon Retained Soil Wall System Highway Innovative Technology Evaluation Center (U.S.),2002-01-01 Prepared by the Highway Innovative Technology Evaluation Center a CERF IIEC Innovation Center This report describes a HITEC evaluation designed to determine the basic capabilities and limitations of the Tricon System for use as a technically viable precast mechanically stabilized earth retaining wall system The evaluation considered material design construction performance and quality assurance information outlined in the HITEC Protocol

Evaluation of SSET: The Sewer Scanner and Evaluation Technology Civil Engineering Research Foundation,2001-01-01 Prepared by CEITEC a CERF innovation center serving the engineering and construction industries This report describes an evaluation of Sewer Scanner and Evaluation Technology SSET designed to determine the basic capabilities and limitations of SSET for use as a technically viable technology for inspecting sewer pipes The evaluation focused on the performance and in service demonstration of SSET The technology involves digital scanning to obtain a flat unfolded image of the pipeline s interior This evaluation includes field demonstrations performed at 13 municipal public works agencies throughout North America Subsequent to this evaluation SSET was modified to include a fisheye lens camera and fiber optic gyroscope which replaced the rotating mechanical scanner and mechanical gyroscope The evaluation confirmed the operability of SSET and its viability in data presentation A degree of enhancement was recognized with additional features most notably the ability to produce a digital report of the sewer pipe to identify vertical deflection in pipes and to deliver easily comprehensible and manageable results The evaluation also revealed that SSET cannot reproduce all the features typically available from closed circuit television CCTV inspection Such features include the ability to clearly see corrosion infiltration rates and ovality The limitations in applicability were determined and an economic comparison of SSET and CCTV is provided

**Environmental Technical Verification Report for Ammonia Recovery Process** Environmental Technology Evaluation Center (U.S.),2000-01-01 Prepared by the Environmental Technology Evaluation Center EvTEC a CERF Service Center This report describes the nature and scope of an

environmental evaluation of ThermoEnergy Corporation's Ammonia Recovery Process ARP System a method for recycling ammonia in wastewater The data in this report were collected over a three month pilot study Tests found that the ARP system is capable of removing 75.99% of the ammonia in the waste stream in a domestic wastewater treatment plant The ARP System uses a series of absorption evaporation and crystallization steps to convert ammonia in wastewater into a commercial fertilizer ammonium sulfate The evaluation results clearly indicate that the ARP process is capable of achieving significant ammonia reduction under a range of environmental conditions      *Evaluation Findings of the MX 30 Pavement Marking Retroreflectometer* Highway Innovative Technology Evaluation Center (U.S.),2000-01-01 Prepared by the Highway Innovative Technology Evaluation Center HITEC a CERF service center This report presents the results of a detailed evaluation of the MX 30 pavement marking 30 meter retroreflectometer The evaluation is designed to test the measurement bias repeatability and reproducibility of handheld and mobile retroreflectometers produced by several manufacturers

**Environmental Technology Verification Report for the Plasma Enhanced Melter** ,2003-01-01 Prepared by the Environmental Technology Evaluation Center EvTEC a service center of CERF IIEC This Technology Verification report describes the nature and scope of the environmental evaluation of the performance of the Plasma Enhanced Melter PEM system for waste treatment The evaluation was conducted through a cooperative program established in 1998 between the Washington State Department of Ecology Integrated Environmental Technology Inc Allied Technology Group and the Civil Engineering Research Foundation The goal of this report is to provide potential users and purchasers of the PEM system with information they need to make more informed decisions regarding the performance of PEM as an equivalent or alternative to incineration for treating hazardous waste      *Book Review Index* ,2003 Vols 8 10 of the 1965 1984 master cumulation constitute a title index      **Professional Memoirs, Corps of Engineers, United States Army and Engineer Department at Large** ,1999      **American Book Publishing Record** ,2000      *Highway Design Manual* California. Department of Transportation,1990      **Evaluation of the Retained Earth MSE Wall System by Foster Geotechnical, a Division of L.B. Foster Company** Highway Innovative Technology Evaluation Center (U.S.),2005-01-01      **Assessing the Long-term Performance of Mechanically Stabilized Earth Walls** Travis M. Gerber,2012 Mechanically stabilized earth MSE walls are an important class of infrastructure assets whose long term performance depends on various factors As with most all other classes of assets MSE walls need periodic inspection and assessment of performance To date some agencies have established MSE wall monitoring programs whereas others are looking for guidance tools and funding to establish their own monitoring programs The objective of this synthesis project is to determine how transportation agencies monitor assess and predict the long term performance of MSE walls The information used to develop this synthesis came from a literature review together with a survey and interviews Of the 52 U S and 12 Canadian targeted survey recipients 39 and five respectively responded This synthesis reveals that unlike bridges and pavements MSE walls and retaining walls in general

are often overlooked as assets Fewer than one quarter of state level transportation agencies in the United States have developed some type of MSE wall inventory beyond that which may be captured as part of their bridge inventories Fewer still have the methods and means to populate their inventories with data from ongoing inspections from which assessments of wall performance can be made In the United States there is no widely used consistently applied system for managing MSE walls Wall inventory and monitoring practices vary between agencies This synthesis examines existing practices concerning the nature scope and extent of existing MSE wall inventories It also examines the collection of MSE wall data including the types of performance data collected how they are maintained in wall inventories and databases the frequency of inventory activities and assessment practices relevant to reinforcement corrosion and degradation Later parts of this synthesis discuss how MSE wall performance data are assessed interpreted and used in asset management decisions This synthesis finds that the most well implemented wall inventory and assessment system in the United States is the Wall Inventory Program developed by FHWA for the National Park Service However this system like some others uses condition narratives in a process that can be somewhat cumbersome and subjective Other systems use more direct numeric scales to describe wall conditions and an advantage of such systems is that they are often compatible with those used in assessments of bridges As experience with MSE walls accumulates agencies will likely continue to develop refine and better calibrate procedures affecting design construction condition assessment and asset management decisions One portion of this synthesis is dedicated to summarizing the actions taken thus far by survey respondents to improve the long term performance of their MSE walls Many agencies prescribe the use of a pre approved wall design and or wall supplier Other actions or policies frequently focus on drainage related issues Summary

**Evaluation of the Stabilized Earth Wall System by TandB Structural Systems** ,2012-03-01 Evaluation of the KeySystem One Retaining Wall Highway Innovative Technology Evaluation Center (U.S.),2000-01-01 The report describes a HITEC evaluation designed to determine the basic capabilities and limitations of Keysystem I for use as a technically viable precast MSE retaining wall system The evaluation was conducted based on design construction performance and quality assurance information outlined in the HITEC Protocol KeySystem I features modular block facing MBW to which KeyStrips are attached KeyStrips are structural welded wire grid type reinforcement produced from high strength steel Evaluation of the Keysystem II Retaining Wall by Keystone Retaining Wall Systems, Inc. with TenCate Geosynthetics' Geogrid Reinforcement Highway Innovative Technology Evaluation Center (U.S.),Keystone Retaining Wall Systems, Inc,TenCate Geosynthetics,2012-01-01

As recognized, adventure as capably as experience just about lesson, amusement, as without difficulty as conformity can be gotten by just checking out a book **Evaluation Of The Ssl Mse Plus Retaining Wall System** next it is not directly done, you could say yes even more almost this life, around the world.

We have enough money you this proper as capably as simple exaggeration to acquire those all. We pay for Evaluation Of The Ssl Mse Plus Retaining Wall System and numerous ebook collections from fictions to scientific research in any way. in the course of them is this Evaluation Of The Ssl Mse Plus Retaining Wall System that can be your partner.

## Evaluation Of The Ssl Mse Plus Retaining Wall System Introduction

Evaluation Of The Ssl Mse Plus Retaining Wall System Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Evaluation Of The Ssl Mse Plus Retaining Wall System Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Evaluation Of The Ssl Mse Plus Retaining Wall System : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Evaluation Of The Ssl Mse Plus Retaining Wall System : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Evaluation Of The Ssl Mse Plus Retaining Wall System Offers a diverse range of free eBooks across various genres. Evaluation Of The Ssl Mse Plus Retaining Wall System Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Evaluation Of The Ssl Mse Plus Retaining Wall System Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Evaluation Of The Ssl Mse Plus Retaining Wall System, especially related to Evaluation Of The Ssl Mse Plus Retaining Wall System, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Evaluation Of The Ssl Mse Plus Retaining Wall System, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Evaluation Of The Ssl Mse Plus Retaining Wall System books or magazines might include. Look for these in online stores or libraries. Remember that while Evaluation Of The Ssl Mse Plus Retaining Wall System, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Evaluation Of The Ssl Mse Plus Retaining Wall System eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Evaluation Of The Ssl Mse Plus Retaining Wall System full book , it can give you a taste of the

authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Evaluation Of The Ssl Mse Plus Retaining Wall System eBooks, including some popular titles.

### FAQs About Evaluation Of The Ssl Mse Plus Retaining Wall System Books

**What is a Evaluation Of The Ssl Mse Plus Retaining Wall System PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Evaluation Of The Ssl Mse Plus Retaining Wall System PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Evaluation Of The Ssl Mse Plus Retaining Wall System PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Evaluation Of The Ssl Mse Plus Retaining Wall System PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Evaluation Of The Ssl Mse Plus Retaining Wall System PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
