

Ideological Revolution In The Middle Eas

Rex Brynen, Bahgat Korany, Paul Noble

Ideological Revolution In The Middle Eas:

The Ideological Revolution in the Middle East Leonard Binder, 1979 **Ideological Revolution in the Middle** East Leonard Binder, 1964-01-15 The Ideological Revolution in the Middle East is a set of related research essays some previously published separately Together they are an impressive demonstration of versatile and tough scholarship Their theme is the interrelation of belief systems and political change in a particular area of the world known for its complexity and resistance to comprehension The author wants to discover and explain how changes in ideology have occurred and how they are related to existential situations John A Guequen *Ideology and Power in the Middle East* Peter J. Chelkowski, Robert J. Pranger.2013-07-12 Scholars from the United States Canada Europe and the Middle East combine their talents and expertise to honor George Lenczowski whose studies of the Middle East over two generations have made him a foremost expert on contemporary affairs in this most volatile and complex region The Ideological Revolution in the Middle East A History of Social Justice and Political Power in the Middle East Linda T. Benjamin Samuel Bloom, 1964 Darling, 2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government's justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people s political culture and expectations of government The book demonstrates the Circle s relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the areas of political history political theory Middle East studies and Orientalism The Politics of African and Middle Eastern States Anne Gordon Drabek, Wilfrid Knapp, 2013-10-22 The Politics of African and Middle Eastern States An Annotated Bibliography is a record of books written about the politics history and the lives of the leaders of Africa and the Middle East The book is divided per chapter according to the geographical area being discussed Each chapter contains a list of books that fall under the following categories Political History Political Systems and Government Biographies Memoirs Speeches and Writings and External Relations Chapters I to VII cover different regions of Africa while Chapters VIII to XI cover the Middle East The text is a recommended for historians and political scientists especially those interested in the areas mentioned in the book The selection also serves a guide to those who plan to have further readings or make a paper about the political history government and development of the areas mentioned **Identity Politics in the Middle East**

Presentation Outlines and Reading List Industrial College of the Armed Forces (U.S.), 1966 **National Defense Resources Conference** Industrial College of the Armed Forces (U.S.),1967 Political Liberalization and Democratization in the Arab World Rex Brynen, Bahgat Korany, Paul Noble, 1995 The Arab world is experiencing a variety of factors internal and external that are leading to change This work examines such factors that are shaping political liberalisation and democratisation in the Arab context as well as the role played by particular social groups Arab Nationalism in the **Twentieth Century** Adeed Dawisha, 2016-02-16 Like a great dynasty that falls to ruin and is eventually remembered more for its faults than its feats Arab nationalism is remembered mostly for its humiliating rout in the 1967 Six Day War for inter Arab divisions and for words and actions distinguished by their meagerness But people tend to forget the majesty that Arab nationalism once was In this elegantly narrated and richly documented book Adeed Dawisha brings this majesty to life through a sweeping historical account of its dramatic rise and fall Dawisha argues that Arab nationalism which he says was inspired by nineteenth century German Romantic nationalism really took root after World War I and not in the nineteenth century as many believe and that it blossomed only in the 1950s and 1960s under the charismatic leadership of Egypt s Gamal Abd al Nasir He traces the ideology s passage from the collapse of the Ottoman Empire through its triumphant ascendancy in the late 1950s with the unity of Egypt and Syria and with the nationalist revolution of Iraq to the mortal blow it received in the 1967 Arab defeat by Israel and its eventual eclipse Dawisha criticizes the common failure to distinguish between the broader cultural phenomenon of Arabism and the political secular desire for a united Arab state that defined

Arab nationalism In recent decades competitive ideologies not least Islamic militancy have inexorably supplanted the latter he contends Dawisha who grew up in Iraq during the heyday of Arab nationalism infuses his work with rare personal insight and extraordinary historical breadth In addition to Western sources he draws on an unprecedented wealth of Arab political memoirs and studies to tell the fascinating story of one of the most colorful and significant periods of the contemporary Arab world In doing so he also gives us the means to more fully understand trends in the region today Complete with a hard hitting new and expanded section that surveys recent nationalism and events in the Middle East Arab Nationalism in the Twentieth Century tells the fascinating story of one of the most colorful and significant periods in twentieth century Middle National Security Seminar: Outlines and Reading Lists Joint Chiefs of Staff, National Security Seminar Industrial College of the Armed Forces (U.S.),1968 CINFAC Bibliographic Review ,1967 Area Handbook for the United Arab Republic (Egypt). American University (Washington, D.C.). Foreign Area Studies, 1964 General study of Egypt covers historical and geographical aspects labour force demographic aspects and social structures living conditions education cultural factors tradition religion the system of government foreign policy the economic structure trade unionism trade banking national level defence the armed forces etc Bibliography maps and statistical tables the Hashemite Kingdom of Jordan Systems Research Corporation, American University (Washington, D.C.). Foreign Area **The New Nationalism** Louis Snyder,2017-07-05 Nationalism the state of mind in which the individual s Studies, 1969 supreme loyalty is owed to the nation state remains the strongest of political emotions As a historical phenomenon it is always in flux changing according to no preconceived pattern In The New Nationalism Louis L Snyder sees various forms of nationalism and categorizes them as a force for unity a force for the status quo a force for independence a force for fraternity a force for colonial expansion a force for aggression a force for economic expansion and a force for anti colonialism In Snyder s opinion nationalism should be differentiated from Theodore Roosevelt's New Nationalism a phrase he borrowed from Herbert D Croly's The Promise of American Life Croly warned that giving too much power to big industry and finance would lead to the degradation of the masses and that state and federal intervention must be pursued on all economic fronts Roosevelt expanded upon this concept and saw the flourishing of democratic government as a means of reviving the old pioneer sense of individualism and opportunity Snyder in contrast extends the work of the two major pioneers in the study of modern nationalism Carlton J H Hayes and Hans Kohn in exploring this most powerful sentiment of modern times and showing how it relates to the political economic and psychological tendencies of historical development In Search of Greater Syria Christopher Solomon, 2021-09-23 The Syrian Social Nationalist Party SSNP is one of the most enigmatic and active political forces in the Middle East For observers in the West the SSNP is regarded as a far right organization subservient to the Baathist government of Syrian President Bashar al Assad which dictates its activities from Damascus However the SSNP's complicated history and its ideology of Pan Syrianism has meant the party has been overlooked and

forgotten by the daily output of news analysis studies and policy recommendations Very little academic scholarship has been dedicated to understanding its origins identity and influence Addressing the need for scholarship on the SSNP this book is a political history from the party s foundation in 1932 to today A comprehensive and objective study on the little known nationalist group the author uses interviews from current members to gain insights into its everyday activities goals social interstices and nuances Given the SSNP s history of violence their own persecution influence on other secular parties in the region and their impact in Syria and Lebanon's politics the book's analysis sheds light on the party's status in Lebanon and its potential role in a future post war Syria The SSNP is gaining popularity among regime supporters in Syria and will be one part of understanding the political developments on the ground This book is essential reading for those wanting to understand the SSNP its motives and prospects Survey of Arab-Israeli Relations Cathy Hartley, Paul Cossali, 2004-06-17 Impartial documentation and background information fundamental to the understanding of Arab Israeli relations Key Features covers in detail the years since the first Arab Israeli war and the statehood of Israel in 1947 48 to the most recent developments in relations between Israel the emerging Palestinian political entities and the Arab States a chronology provides an at a glance record of events from 1947 until the present day a Documents on Palestine section gives essential background to the various ongoing areas of dispute profiles of prominent political figures a bibliography section a series of maps illustrating the history of Arab Israeli conflict and recent peace initiatives and settlement issues
