

A romantic sunset scene over a calm body of water. The sky is a mix of soft pinks, purples, and blues, with scattered clouds catching the low light. In the foreground, a small, dark wooden boat is moored, its reflection visible in the still water. The overall mood is peaceful and contemplative.

If ever two were one, then
surely we. If ever man were
loved by wife, then thee.

American Literature Before 1880 Robert Lawson-Peebles,2003-11-13 American Literature Before 1880 attempts to place its subject in the broadest possible international perspective It begins with Homer looking westward and ends with Henry James crossing the Atlantic eastwards In between the book examines the projection of images of the East onto an as yet unrecognised West the cultural consequences of Viking Colombian and then English migration to America the growth and independence of the British American colonies the key writers of the new Republic and the development of the culture of the United States before and after the Civil War It is intended both as an introduction for undergraduates to the richness and variety of American Literature and as a contribution to the debate about its distinctive nature The book therefore begins with a lengthy survey of earlier histories of American Literature *The Oxford Book of American Poetry* David Lehman,John Brehm,2006-04-03 Here is the eagerly awaited new edition of *The Oxford Book of American Poetry* brought completely up to date and dramatically expanded by poet David Lehman It is a rich capacious volume featuring the work of more than 200 poets almost three times as many as the 1976 edition With a succinct and often witty head note introducing each author it is certain to become the definitive anthology of American poetry for our time Lehman has gathered together all the works one would expect to find in a landmark collection of American poetry from Whitman s *Crossing Brooklyn Ferry* to Stevens s *The Idea of Order at Key West* and from Eliot s *The Waste Land* to Ashbery s *Self Portrait in a Convex Mirror* But equally important the editor has significantly expanded the range of the anthology The book includes not only writers born since the previous edition but also many fine poets overlooked in earlier editions or little known in the past but highly deserving of attention The anthology confers legitimacy on the Objectivist poets the so called Proletariat poets of the 1930s famous poets who fell into neglect or were the victims of critical backlash Edna St Vincent Millay poets whose true worth has only become clear with the passing of time Weldon Kees Among poets missing from Richard Ellmann s 1976 volume but published here are W H Auden Charles Bukowski Donald Justice Carolyn Kizer Kenneth Koch Stanley Kunitz Emma Lazarus Mina Loy Howard Moss Lorine Niedecker George Oppen James Schuyler Elinor Wylie and Louis Zukosky Many more women are represented outstanding poets such as Josephine Jacobsen Josephine Miles May Swenson Numerous African American poets receive their due and unexpected figures such as the musicians Bob Dylan Patti Smith and Robert Johnson have a place in
