Inventing Elvis Mathias Haeussler, 2020-12-10 Elvis Presley stands tall as perhaps the supreme icon of 20th century U S culture But he was perceived to be deeply un American in his early years as his controversial adaptation of rhythm and blues music and gyrating on stage performances sent shockwaves through Eisenhower s conservative America and far beyond This book explores Elvis Presley s global transformation from a teenage rebel figure into one of the U S s major pop cultural embodiments from a historical perspective It shows how Elvis s rise was

part of an emerging transnational youth culture whose political impact was heavily conditioned by the Cold War As well as this the book analyses Elvis s stint as G I soldier in West Germany where he acted as an informal ambassador for the so called American way of life and was turned into a deeply patriotic figure almost overnight Yet it also suggests that Elvis s increasingly synonymous identity with U S culture ultimately proved to be a double edged sword as the excesses of his superstardom and personal decline seemingly vindicated long held stereotypes about the allegedly materialistic nature of U S society Tracing Elvis s story from his unlikely rise in the 1950s right up to his tragic death in August 1977 this book offers a riveting account of changing U S identities during the Cold War shedding fresh light on the powerful role of popular music and consumerism in shaping images of the United States during the cultural struggle between East and West **Again Will** Harvey,2018-09-05 Two perfect people Caban and Keeva saved from a doomed world have a very important job to do 300 million years later absolutely everything rests squarely on their shoulders It may well involve unimaginable sacrifices and dangers beyond imagination but to refuse the request of an alien who looks like Caban s father is simply bad manners Caban and Keeva incidentally are Adam and Eve **United States History** Mark C. Schug,National Council on Economic Education,1993 Supplementing secondary U S history textbooks this blends historical facts and economic reasoning through case studies lectures and class discussion Rock Roadie James "Tappy" Wright,Rod Weinberg,2010-08-31 Rock Roadie takes you on an exclusive all access tour of more than thirty years on the road with the biggest names in rock n roll As a roadie for some of the world s greatest music stars James Tappy Wright has seen and done it all He was there at the beginning when The Animals were formed and when they recorded their anthem The House of the Rising Sun He was there when an unknown guitarist called Jimi Hendrix played to a handful of listeners in a smoky New York club and the next day recorded one of his biggest hits Hey Joe And as tour manager and often close confidante Tappy has looked after superstar Tina Turner and her fiery husband Ike on tour worked for Gene Vincent helped to trap an egotistical Little Richard in an elevator and hung up on Elvis for impersonating Elvis Packed full of conspiracy theories truths finally told and previously unheard anecdotes Rock Roadie is a gripping and hilarious read that blows open the world of rock n roll in the 1960s 70s and 80s including an explosive revelation about the mysterious circumstances of Hendrix s death United States History, Volume One Mark C. Schug,Jean Caldwell,Donald R. Wentworth,Beth Kraig,Robert J. Highsmith,1993 Supplementing secondary U S history textbooks this publication blends historical facts and economic reasoning through case studies lectures and class discussion Over the Top and Back Sir Tom Jones,2016-11-01 The long awaited autobiography of legendary singer Tom Jones following six decades of unparalleled experiences in the spotlight to coincide with his 75th birthday Across six decades Sir Tom Jones has maintained a vital career in a risky unstable business notorious for the short lives of its artists With a drive that comes from nothing but the love for what he does he breaks through and then wrestles with the vagaries of the music industry the nature of success and its inevitable consequences Having recorded an expansive body of work and

performed with fellow artists from across the spectrum and across every popular music genre from rock pop and dance to country blues and soul the one constant throughout has been his unique musical gifts and unmistakable voice But how did a boy from a Welsh coal mining family attain success across the globe And how has he survived the twists and turns of fame and fortune to not only stay exciting but actually become more credible and interesting with age In this his first ever autobiography Tom revisits his past and tells the tale of his journey from wartime Pontypridd to LA and beyond He reveals the stories behind the ups and downs of his fascinating and remarkable life from the early heydays to the subsequent fallow years to his later period of artistic renaissance It s the story nobody else knows or understands told by the man who lived it and written the only way he knows how simply and from the heart Raw honest funny and powerful this is a memoir like no other from one of the world s greatest ever singing talents This is Tom Jones and Over the Top and Back is his story

England's Dreaming, Revised Edition Jon Savage, 2002-01-18 England s Dreaming is the ultimate book on punk its progenitors the Sex Pistols and the moment they defined for music fans in England and the United States Savage brings to life the sensational story of the meteoric rise and rapid implosion of the Pistols through layers of rich detail exclusive interviews and rare photographs This fully revised and updated edition of the book covers the legacy of punk twenty five years later and provides an account of the Pistols 1996 reunion as well as a freshly updated discography and a completely new introduction

Scary Monsters Mark Duffett, Jon Hackett, 2021-01-14 Popular music and masculinity have rarely been examined through the lens of research into monstrosity The discourses associated with rock and pop however actually include more monsters than might at first be imagined Attention to such individuals and cultures can say things about the operation of genre and gender myth and meaning Indeed monstrosity has recently become a growing focus of cultural theory This is in part because monsters raise shared concerns about transgression subjectivity agency and community Attention to monstrosity evokes both the spectre of projection which invokes familial trauma and psychoanalysis and shared anxieties that in turn reflect ideologies and beliefs By pursuing a series of insightful case studies Scary Monsters considers different aspects of the connection between music gender and monstrosity Its argument is that attention to monstrosity provides a unique perspective on the study of masculinity in popular music culture
