Introduction to Biblical Hebrew: Presenting Graduated Instruction in the Language of the Old Testament (Classic Reprint) James Kennedy, 2018-04-21 Excerpt from Introduction to Biblical Hebrew Presenting Graduated Instruction in the Language of the Old Testament While the author held the office of Hebrew Tutor in the New College it was his practice to dictate to the students from day to day a few paragraphs presenting in progressive order the general principles of the language After each of these had been fully explained and illustrated by a variety of examples there was prescribed a written exercise bearing on the subjects treated and requiring the application of the rules already given As the results of this plan proved very satisfactory the writer's esteemed Professor Dr A B Davidson and others strongly urged the publication of these notes with the accompanying exercises Accordingly an endeavour was made to transmit to writing the detailed explanations and illustrations which had previously been given in verbal form and as far as possible to perfect the whole by numbering the leading paragraphs and introducing references throughout so as to avoid unnecessary repetition But lack of requisite leisure prevented the speedy accomplishment of the task while other literary engagements including the translation of Ewald's Syntax 1 subsequently occasioned further delay In compliance however with renewed requests the work now appears in the hope that it may serve to promote the earnest and loving study of the language through which God spake in time past unto the fathers by the prophets About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
