Introductory Algebra Milton D. Eulenberg, Theodore S. Sunko, Howard A. James, 1988-12-01 *Prealgebra and Introductory Algebra: An Applied Approach* Richard N. Aufmann, Joanne Lockwood, 2013-02-15 As in previous editions the focus in PREALGEBRA INTRODUCTORY ALGEBRA remains on the Aufmann Interactive Method AIM Students are encouraged to be active participants in the classroom and in their own studies as they work through the How To examples and the paired Examples and You Try It problems Student engagement is crucial to success Presenting students with worked examples and then providing them with the opportunity to immediately solve similar problems helps them build their confidence and eventually master the concepts Simplicity is key in the organization of this edition as in all other editions All lessons exercise sets tests and supplements are organized around a carefully constructed hierarchy of objectives Each exercise mirrors a preceding objective which helps to reinforce key concepts and promote skill building This clear objective based approach allows students to organize their thoughts around the content and supports instructors as they work to design syllabi lesson plans and other administrative documents New features like Focus on Success Apply the Concept and Concept Check add an increased emphasis on study skills and conceptual understanding to strengthen the foundation of student success The Third Edition also features a new design enhancing the Aufmann Interactive Method and making the pages easier for both students and instructors to follow Available with InfoTrac Student Collections <http://goengage.com/infotrac> Important Notice Media content referenced within the product description or the product text may not be available in the ebook version **Prealgebra and Introductory Algebra** Richard N. Aufmann, Maria Haverhals Andersen, Joanne S. Lockwood, 2010-01-01 *Introductory Algebra* Richard N. Aufmann, Joanne S. Lockwood, 1998-12 The second level text in an innovative workbook series Introductory Algebra An Integrated Approach is ideal for the first year developmental arithmetic and pre algebra instructor seeking to accommodate individual teaching and learning styles Aufmann and Lockwood present math as a cohesive subject by weaving the themes of number sense logic geometry statistics and probability throughout the text at increasingly sophisticated levels These themes are illustrated by applications from more than 100 disciplines

Introductory Algebra Richard N. Aufmann, Joanne S. Lockwood, 2013-01-01 As in previous editions the focus in INTRODUCTORY ALGEBRA AN APPLIED APPROACH 9E International Edition remains on the Aufmann Interactive Method AIM Students are encouraged to be active participants in the classroom and in their own studies as they work through the How To examples and the paired Examples and You Try It problems Student engagement is crucial to success Presenting students with worked examples and then providing them with the opportunity to immediately solve similar problems helps them build their confidence and eventually master the concepts Simplicity is key in the organization of this edition as in all other editions All lessons exercise sets tests and supplements are organized around a carefully constructed hierarchy of objectives Each exercise mirrors a preceding objective which helps to reinforce key concepts and promote skill building This

clear objective based approach allows students to organize their thoughts around the content and supports instructors as they work to design syllabi lesson plans and other administrative documents New features like Focus on Success Apply the Concept and Concept Check add an increased emphasis on study skills and conceptual understanding to strengthen the foundation of student success The Ninth Edition also features a new design enhancing the Aufmann Interactive Method and making the pages easier for both students and instructors to follow

Introductory Algebra for College Students; an Early Functions Approach, *Introductory Algebra: An Applied Approach* Richard N. Aufmann, Joanne Lockwood, 2010-01-01 As in previous editions the focus in INTRODUCTORY ALGEBRA remains on the Aufmann Interactive Method AIM Students are encouraged to be active participants in the classroom and in their own studies as they work through the How To examples and the paired Examples and You Try It problems The role of active participant is crucial to success Presenting students with worked examples and then providing them with the opportunity to immediately work similar problems helps them build their confidence and eventually master the concepts To this point simplicity plays a key factor in the organization of this edition as in all other editions All lessons exercise sets tests and supplements are organized around a carefully constructed hierarchy of objectives This objective based approach not only serves the needs of students in terms of helping them to clearly organize their thoughts around the content but instructors as well as they work to design syllabi lesson plans and other administrative documents The Eighth Edition features a new design enhancing the Aufmann Interactive Method and the organization of the text around objectives making the pages easier for both students and instructors to follow Important Notice Media content referenced within the product description or the product text may not be available in the ebook version
