Congress. Senate. Appropriations Committee, 1957 **Being Chinese** Wei (Angela) Djao, Wei Djao, 2003-09-01 Chinese have traveled the globe for centuries and today people of Chinese ancestry live all over the world They are the Huayi or Chinese overseas and can be found not only in the thriving Chinese communities of the United States Canada and Southeast but also in enclaves as far reaching as Cuba Zimbabwe and Peru In this book twenty two Chinese living and working outside of China ordinary people from all walks of life tell us something about their lives and about what it means to be Chinese in non Chinese societies In these pages we meet a surgeon raised in Singapore but westernized in London who still believes in the value of Chinese medicine which revitalizes you in ways that Western medicine cannot understand A member of the Chinese Canadian community who bristles at the insistence that you can't be Chinese unless you speak a Chinese dialect because Even though I do not have the Chinese language I think my ability to manifest many things in Chinese culture to others in English is still very important Individuals all loyal to their countries of citizenship who continue to observe the customs of their ancestral home to varying degrees whether performing rites in memory of ancestors practicing fengshui wearing jade for good luck or giving out red packets of lucky money for New Year What emerges from many of these accounts is a selective adherence to Chinese values One person cites a high regard for elders for high achievement and for the sense of togetherness fostered by his culture Another the bride in an arranged marriage to a transplanted Chinese man speaks highly of her relationship It's the Chinese way to put in the effort and persevere Several of the stories consider the difference between how Chinese women overseas actually live and the stereotypes of how they ought to live One writes Coming from a traditional Chinese family which placed value on sons and not on daughters it was necessary for me to assert my own direction in life rather than to follow in the traditional paths of obedience Bracketing the testimonies are an overview of the history of emigration from China and an assessment of the extent to which the Chinese overseas retain elements of Chinese culture in their lives In compiling these personal accounts Wei Djao who was born in China and now lives near Seattle undertook a quest that took

her not only to many countries but also to the inner landscapes of the heart Being Chinese is a highly personal book that bares the aspirations despairs and triumphs of real people as it makes an insightful and lasting contribution to Chinese diasporic studies **The Chinese Classics** James Legge,1895 *The End of the Chinese Dream* Gerard Lemos,2012-07-30

Glossy television images of happy industrious and increasingly prosperous workers show a bright view of life in twenty first century China But behind the officially approved story is a different reality Preparing this book Gerard Lemos asked hundreds of Chinese men and women living in Chongqing an industrial mega city about their wishes and fears The lives they describe expose the myth of China s harmonious society Hundreds of millions of everyday people in China are beleaguered by immense social and health problems as well as personal family and financial anxieties while they watch their communities and traditions being destroyed Lemos investigates a China beyond the foreigners beaten track This is a revealing account of the thoughts and feelings of Chinese people regarding all facets of their lives from education to health care unemployment to old age politics to wealth Taken together the stories of these men and women bring to light a broken society one whose people are frustrated angry sad and often fearful about the circumstances of their lives The author considers the implications of these findings and analyzes how China s community and social problems threaten the ambitious nation s hopes for a prosperous and cohesive future Lemos explains why protests will continue and a divided and self serving leadership will not make people s dreams come true **China's Developing Legal Structure for Trade and Commerce** United States.
