*Managing a Company in an Activist World* Edmund M. Burke, 2005-02-28 Against a backdrop of corporate scandal business leaders can no longer rely on the old fashioned style of one sided community relations programs to promote a good image Nor can they expect preferential treatment just because they meet their tax obligations Pressure from all sides is forcing corporate leaders to increase their investments in the communities they serve and redefining their relationships with key stakeholder groups including employees suppliers governing boards shareholders and the press Safeguarding the environment supporting human rights eliminating child labor entering into partnerships with nonprofit organizations solving community problems opening up financial reports to scrutiny consulting with community residents and contributing to local charities are now essential elements of corporate character *Managing a Company in an Activist World* takes the discussion of corporate citizenship to a new practical level offering business leaders answers to such tough questions as What do our stakeholders value most How can we respond to a growing number of formal compliances and informal demands How do we most effectively communicate our role as a good corporate citizen And perhaps most importantly how can we shake off inertia public skepticism and short term focus to make corporate citizenship a priority without sacrificing growth and profits Illustrating the depth and breadth of the issues through a variety of in depth examples from Jesse Jackson s threatened boycott of Anheuser Busch to rural Virginians uprising against Disney s proposed theme park to energy giant BC Hydro s successful response to environmentalists concerns Burke demonstrates how community involvement can influence corporate strategy to everyone s net benefit He goes on to outline specific strategies that corporate leaders can employ to shake off inertia public skepticism and short term focus to make corporate citizenship a priority without sacrificing growth and profits

*Journal of Biblical and Theological Studies, Issue 6.2* Daniel S. Diffey, Ryan A. Brandt, Justin McLendon, 2022-03-11 The Journal of Biblical and Theological Studies JBTS is an academic journal focused on the fields of Bible and Theology from an inter denominational point of view The journal is comprised of an editorial board of scholars that represent several academic institutions throughout the world JBTS is concerned with presenting high level original scholarship in an approachable way Academic journals are often written by scholars for other scholars They are technical in nature assuming a robust knowledge of the field There are fewer journals that seek to introduce biblical and theological scholarship that is also accessible to students JBTS seeks to provide high level scholarship and research to both scholars and students which results in original scholarship that is readable and accessible As an inter denominational journal JBTS is broadly evangelical We accept contributions in all theological disciplines from any evangelical perspective In particular we encourage articles and book reviews within the fields of Old Testament New Testament Biblical Theology Church History Systematic Theology Practical Theology Philosophical Theology Philosophy and Ethics      Understanding Institutional Shareholder Activism Bo Gong, 2013-12-13 Institutional shareholder participation has long been considered as vital to good corporate governance yet its potential does not seem to have been realized The recent banking crisis exposed the passivity of some institutional shareholders many of whom appear to have chosen to sell their stakes in the banks rather than intervene or challenge the board when they realized the strategies followed by the banks were excessively risky Institutional shareholders role to scrutinize and monitor the decisions of boards and executive management in the banking sector in the UK is considered by many to be a failure resulting in the phenomenon of ownerless corporations as described by Lord Myners In China despite the fast rising of institutional investment in the securities market institutional shareholders have not yet played a

contributory role in monitoring corporate managers in listed companies Drawing on empirical evidence this book seeks to systematically analyses institutional shareholders incentives to activism to explain when and why shareholder activism will occur The book puts forward a model which explains the factors that determine institutional shareholders propensity for activism The model both elaborates the collective benefits of activism as a means of achieving managerial accountability asks whether and when shareholder activism is rational for any individual shareholder The book then goes to on to apply these finding to both the UK and China in order to explain the varying levels of shareholder activism in each jurisdiction The book is the first to take an in depth look at institutional share holder activism in China providing prescriptions to promote greater shareholder engagement and exploring the potential it holds for improving corporate governance in the region
