## Getting Around When I Was Young:

*A Young Man's Guide to Late Capitalism* Peter Mountford, 2021-03-19 A terrific debut novel Mountford's parable of the voracious global economy reminds me of Graham Greene's *The Quiet American* Jess Walter 1 New York Times bestselling author of *The Cold Millions* On his first assignment for a rapacious hedge fund Gabriel embarks to Bolivia at the end of 2005 to ferret out insider information about the plans of the controversial president elect If Gabriel succeeds he will get a bonus that would make him secure for life Standing in his way are his headstrong mother a survivor of Pinochet's Chile and Gabriel's new love interest the president's passionate press liaison Caught in a growing web of lies and questioning his own role in profiting from an impoverished people Gabriel sets in motion a terrifying plan that could cost him the love of all those he holds dear Set against the stunning mountainous backdrop of La Paz and interspersed with Bolivia's sad history of stubborn survival this examines the critical choices a young man makes as his world closes in on him Both of the book's settings desperately poor but proud La Paz the world's highest altitude capital and the world of go go high finance a realm about which Mountford clearly knows his stuff are well rendered The author is especially good at conveying the visceral and intellectual thrills of stock speculation manipulation smart intricate fast paced Kirkus Reviews One of the most compelling and thought provoking novels I've read in years David Shields author of *Other People* Winner of the Washington State Book Award

*A Society of Young Women* Amelie Le Renard, 2014-06-25 The cities of Saudi Arabia are among the most gender segregated in the world In recent years the Saudi government has felt increasing international pressure to offer greater roles for women in society Implicit in these calls for reform however is an assumption that the only real society is male society Little consideration has been given to the rapidly evolving activities within women's spaces This book joins young urban women in their daily lives in the workplace on the female university campus at the mall to show how these women are transforming Saudi cities from within and creating their own urban professional consumerist lifestyles As young Saudi women are emerging as an increasingly visible social group they are shaping new social norms Their shared urban spaces offer women the opportunity to shed certain constraints and imagine themselves in new roles But to feel included in this peer group women must adhere to new constraints to be sophisticated fashionable feminine and modern The position of other women poor rural or non Saudi women is increasingly marginalized While young urban women may embody the image of a reformed Saudi nation the reform project ultimately remains incomplete drawing new hierarchies and lines of exclusion among women

*Get Poor Now, Avoid the Rush* Seedy Buckberry, 2010-12-27 It's hard to say exactly what's meant by the modern world but Henry Buckberry never really hooked into it Born before the First World War and the oldest boy in a family of thirteen kids he left the open rolling potholed prairie of North Dakota in 1921 for the dark dense dangerous woods of northern Wisconsin where he learned to fish trap hunt lumberjack and farm Although he lived into the twenty first century the second volume of these stories *A Windfall Homestead* will inch us closer to the information super highway it could be said

that Henry played hooky from the twentieth With a few allowances for a little new technology like the Model T Henry's life represents the end phase of a rural folk culture that has its roots in the Neolithic Through Henry's stories it's possible to see a long way into the past and then to turn the telescope around in order to put the present under an improvised microscope Henry didn't have an easy life but he had a vivid life a life amazingly free of boredom aimlessness or distraction and his stories convey that vividness from beginning to end Henry's son Charles Darwin Buckberry also known as C D or Seedy Buckberry interviewed Henry and arranged the stories in some sort of more or less working order Seedy insists he put those stories down with complete fidelity although he refuses to take a lie detector test or submit to a Minnesota Multi Phasic Personality Inventory analysis Henry's life as conveyed here is also a way to measure the intellectual bulimia or is it the intellectual anorexia of present day empire consumerism Here is life before Wal Mart Here is life that lives in nature with intense and even fierce physicality Here is life that sings

**Getting Played** Jody Miller, 2008-03-01 2010 Distinguished Contribution to Scholarship Book Award from the American Sociological Association Race Gender and Class Section 2008 Finalist The Society for the Study of Social Problems C Wright Mills Award Draws a vivid picture of the race and gender inequalities that harm young African American women in poor urban communities Much has been written about the challenges that face urban African American young men but less is said about the harsh realities for African American young women in disadvantaged communities Sexual harassment sexual assault dating violence and even gang rape are not uncommon experiences In *Getting Played* sociologist Jody Miller presents a compelling picture of this dire social problem and explores how inextricably and tragically linked violence is to their daily lives in poor urban neighborhoods Drawing from richly textured interviews with adolescent girls and boys Miller brings a keen eye to the troubling realities of a world infused with danger and gender based violence These girls are isolated ignored and often victimized by those considered family and friends Community institutions such as the police and schools that are meant to protect them often turn a blind eye leaving girls to fend for themselves Miller draws a vivid picture of the race and gender inequalities that harm these communities and how these result in deeply and dangerously engrained beliefs about gender that teach youths to see such violence rather than the result of broader social inequalities as deserved due to individual girls flawed characters i.e. she deserved it Through Miller's careful analysis of these engaging often unsettling stories *Getting Played* shows us not only how these young women are victimized but how despite vastly inadequate social support and opportunities they struggle to navigate this dangerous terrain

*Young Lincoln* Jan Jacobi, 2018-02-15 Abe Lincoln is growing up on the American frontier in Indiana It's cold there isn't usually enough to eat there's nothing at all to read and the one job that awaits him is farmer like his overbearing father But a chance to travel down the Mississippi river offers Abe the opportunity to see and meet people he has never dreamed of Abe's eyes are opened and he can't go back to being the boy he was before With the help of his friends Abe will strike out to find his own path Obstacles wait around every river bend and the shadow of death is never far but nothing will stop him from

becoming the man he knows he can be You might think you know the end of his story but you have no idea what it took to get there Researched and written by award winning educator Jan Jacobi Young Lincoln brings history to life through a familiar hero who will jump off the page For ages 12 16 *The Drama* ,1924 **Drama Magazine** Charles Hubbard Sergei,William Norman Guthrie,Theodore Ballou Hinckley,1929 Young v.
