Hidden Stars:

Hidden Stars John F. Gregorek, 2002-05 Studying the effects of a cataclysmic event to Earth and playing out several realistic scenarios a re evolution of technology takes place Looking forward we can see how technology could again be taken away from us driving mankind back into the Stone Age In some distant future technology would eventually resurface We may theorize methods for sending a message to the next high tech race but unfortunately we fail to recognize that these events have already played out While I continue the mission to find an indisputable message from our past here is a fictional account that ties many elements from Mythology Bible and Science together It will leave you wondering if this is actually how it happened <http://Gregorek.com> John

Among Hidden Stars John Coon, 2022-09-13 A world conquering weapon An unrelenting despot Can a rebel couple finally defeat their oppressor s reign Calandra Menankar dreams of ending tyranny Living in exile and shunned by her family the heartsick refugee refuses to stop trying to spark a revolution And though she fears she isn t making a difference from afar she s determined to bring down a brutal ruler no matter the cost Xttra Oogan longs to live in peace with his wife and daughter And he gets one step closer to that future when he destroys the last of facilities housing genetically altered soldiers But just as the daredevil pilot believes he s gained the upper hand he learns the tyrannical ruler of his former homeland seeks an ancient staff rumored to impart god like powers Following multiple attempts to kill them Calandra flees off planet with her husband and young child to secure a safe haven and fresh allies But Xttra s plan to beat the tyrant to the powerful relic crumbles when their ship arrives at an alien solar system to find the enemy s fleet ready for battle Will the courageous duo prevail or take their final breaths far from home Among Hidden Stars is the suspenseful third book in the Alien People Chronicles science fiction series If you like dynamic characters explosive action and fighting against terrifying odds then you ll love John Coon s breathtaking conclusion [Hidden Stars "Scars"](#)

Ravisha Rathore & Pallavi Rastogi, 2021-12-24 About the book Don t let yourself get away with thinking you deserve all of the rejection because you re not the way people want you to be Believe in yourself because your scars strengthen you They simply need to be accepted and they will shine brighter than any star This anthology is an incredible collection of poems by incredible poets that will make you fall in love with your hidden scars and tell you how they are your brightest stars We hope you enjoy this lovely collection of poems

Hidden Star Corinne Joy Brown,2016-03-01 Imagine awakening to a new reality of who you are revealing a hidden past that has shaped your family's history for centuries Fact not fiction this experience has been shared by thousands of descendants of Sephardic Jews who fled Spain and Portugal in the 15th and 16th centuries seeking safe haven from the ruthless Spanish Inquisition Many had already converted to Catholicism but learned that conversion was not enough to save their lives They established new communities throughout the world living as Catholics on the outside but guarding a precious Jewish heritage in secret an observance reduced over time to mere ritual and custom Meet a modern day member of New Mexico's northern Hispanic settlements who finds a new truth about herself and her family in the unexpected tumult of her life The disappearance of her two children leads her on an inner journey and an outer one into the past and toward a newly imagined future where she can finally choose how she wants to live and who she wants to be Hidden Star was inspired by the emergence of Spanish Catholics and Protestants in Mexico Texas and the American Southwest who believe they have Jewish roots Today many have thoughts of return or have already begun the process A work of fiction this book was inspired by interviews with actual descendants plus events that shaped this culture's history and suggests that in an era of religious freedom we're more alike than different whatever our heritage we want a better world www.corinnejoybrown.com
