Hidden Touch:

The Beholder Robert Williams, 2017-07-05 One of the most significant developments in the study of works of art over the past generation has been a shift in focus from the works themselves to the viewer's experience of them and the relation of that experience both to the works in question and to other aspects of cultural life. The ten essays written for this volume address the experience of art in early modern Europe and approach it from a variety of methodological perspectives. Concerns range from the relation between its perceptual and significative dimensions to the ways in which its discursive formation anticipates but does not exactly correspond to later notions of aesthetic experience. The modes of engagement vary from careful empirical studies that explore the complex complementary relationship between works of art and textual evidence of different kinds to ambitious efforts to mobilize the powerful interpretative tools of psychoanalysis and phenomenology. This diversity testifies to the vitality of current interest in the experience of beholding and the urgency of the challenge it poses to contemporary art historical practice.

Jamaica Girl Jon Michael Miller, 2004-06 Rosalind Juliet Mitchell could become one of the great heroines of modern fiction. She is a Jamaican Lolita and a Caribbean cross between Huck Finn and Liza Doolittle. Dirt poor, hungry, bright-eyed and determined, she clings to her one distant hope: a Glenn Webber, an aging, uncertain American tourist. He is Humbert with a conscience forced comically to confront one moral dilemma after another in an effort to comprehend a culture very different from his own. In this hilarious, erotic, heart-rending romp, we move from a bloody jungle killing to a Kingston beauty pageant, meeting on the way a supporting cast that includes a voodoo witch, a hip-hop dancer, an ebullient taxi driver, a sly Rasta man, a ruthless voyeur, a stoned plant lady, a corrupt detective, a quirky pageant coach, some wild Jamaican strippers, and an assortment of mountain peasants. Have you been to Jamaica, mon? Climbed the falls? Now immerse yourself in this tropical odyssey of struggle and triumph and meet one of the most memorable heroines in modern imaginative literature.
