The Hidden Spirituality of Men Matthew Fox, 2010-09-24 It is no secret that men are in trouble today From war to ecological collapse most of the world's critical problems stem from a distorted masculinity out of control Yet our culture rewards the very dysfunctions responsible for those problems To Matthew Fox our crucial task is to open our minds to a deeper understanding of the healthy masculine than we receive from our media culture and religions Popular religion forces the punitive imagery of fundamentalism on us pushing most men away from their natural yearning for spirituality and toward intolerance and domination Meanwhile many men particularly young men are looking for images of healthy masculinity to emulate and finding nothing To awaken what Fox calls the sacred masculine he unearths ten metaphors or archetypes ranging from the Green Man an ancient pagan symbol of our fundamental relationship with nature to the Grandfatherly Heart to the Spiritual Warrior He explores archetypes of sacred marriage showing how partnership becomes the ultimate expression of healthy masculinity By stirring our natural yearning for healthy spirituality Fox argues these timeless archetypes can inspire men to pursue their higher calling to reinvent the world

Unleashing the Hidden Warriors Geneva M. Hunter, 2020-09-04 After receiving the Lord Jesus Christ as Lord and savior, author Geneva M. Hunter was called to the ministry of intercession. A passionate worshiper of the Lord, prayer warrior and intercessor who strongly believes in prayer, she takes the mandate from God to pray very seriously. In *Unleashing the Hidden Warriors*, Hunter shows how and why God is calling all prayer warriors and intercessors to rise to the next level in the spirit for such a time as this. She reveals to the church and to the world the unique attributes that intercessors possess and use in the kingdom, discusses why we are witnessing the hostile takeover of the world by demonic forces at breakneck speed, identifies God's elite force of intercessory prayer warriors who have been in training for a time like this, unveils the gifts and weapons with which God has endowed us for this season and will be released, and teaches us how to strategically use our gifts as we go to a place in him we have not experienced before. *Unleashing the Hidden Warriors* communicates that we are being summoned by God to take up our weapons for the spiritual war being waged on God's people and the world. At the same time, God is casting a spiritual net for the ones who believe they have been forgotten by both God and man.

Hidden in Plain Sight Ellis Amdur, 2018-08-09 Ellis Amdur's writing on martial arts has been groundbreaking. In *Dueling with O Sensei* he challenged practitioners that the moral dimension of martial arts is expressed in acts of integrity not spiritual platitudes and the deification of fantasized warrior sages. In *Old School* he applied both academic rigor and keen observation towards some of the classical martial arts of Japan leavening his writing with vivid descriptions of many of the actual practitioners of these wonderful traditions. His first edition of *Hidden in Plain Sight* was a discussion of esoteric training methods once common but now all but lost within Japanese martial arts. These methodologies encompassed mental imagery, breath work and a variety of physical techniques offering the potential to develop skills and power sometimes viewed as nearly superhuman. Usually believed to be the provenance of Chinese martial arts, Amdur asserted that elements of such training still remain within a few martial traditions literally hidden in plain sight. Two thirds larger, this second edition is so much more. Amdur digs deep into the past showing the complexity of human strength, its adaptation to varying lifestyles and the nature of physical culture pursued for martial ends. Amdur goes into detail concerning varieties of esoteric power training within martial arts culminating in a specific methodology known as six connections or internal strength. With this discussion as a baseline he then discusses the transfer of esoteric power training from China to various Japanese jujutsu systems as well as Japanese swordsmanship emanating from the Kurama traditions. Finally he delves into the innovative martial tradition of Daito-ryu and its most important offshoot aikido showing how the mercurial, complicated figures of Takeda Sokaku and Morihei Ueshiba were less the embodiment of something new than a reimagining of their past.
