After Modernist Painting Craig Staff, 2025-01-23 This book presents both a historical survey and a critical re evaluation of the contested and contingent nature of the medium of painting over the last 60 years Offering a critical account of painting specifically rather than art more generally After Modernist Painting provides a timely exploration of what has remained a persistent and protean medium Taking Clement Greenberg's Modernist Painting as its starting point the book focuses on certain developments including the relationship of painting to Conceptual Art and Minimalism the pronouncement of painting's alleged death its response to Installation Art's foregrounding of site how painting both images and imagines the digital and how it continues to embody a particular set of ideas and responses to the world Revised and expanded to reflect developments in the field since the first edition was published in 2013 After Modernist Painting addresses a range of global artists and painting practices from the Dansaekhwa art movement in South Korea to the Conceptualism of Geta Bratescu in 1970s Romania Essential reading for students on fine arts painting courses the book is an invaluable resource for those seeking to understand the themes and issues that have pertained to painting within the context of postmodernism and contemporary artistic practice and also provides a valuable starting point for other more specialized histories of particular painters

Counterfeit Gentlemen John Mayfield, 2009-03-29 What does it mean to be a man in the pre Civil War South And how can we answer the question from the perspective of the early twenty first century John Mayfield does so by revealing how early nineteenth century Southern humorists addressed the anxieties felt by men seeking to chart a new path between the old honor culture and the new market culture Lacking the constraints imposed by journalism or proper literature these writers created fictional worlds where manhood and identity could be tested and explored

Weak Painting After Modernism Craig Staff, 2023-09-01 This book examines the terms upon which painting in the United States sought to negotiate with the legacy of American formalist aesthetics and by extension the understanding of modernist painting it had become most readily associated with In so doing a separate set of possibilities for painting gradually began to emerge The salient debates and practices that collectively worked to establish such a response are approached through the philosopher Gianni Vattimo's idea of pensiero debole or so called weak thought To this end the proposed study both identifies and seeks to examine a type of weak painting which like Vattimo's idea took as its critical point of departure the exhaustion but not the vanishing of the project of modernism the belief in reason progress history the nation state etc Craig Staff explores particular instances wherein artists sought to extend the parameters of the object beyond what had been called into question namely the proclivity for modernist painting's strength to be understood as denoting amongst other things a perceived set of universal essences This book will be of interest to scholars working in art

history fine art cultural studies critical theory curatorial studies and philosophy **Siren City** Robert Miklitsch,2011 Robert Miklitsch has convinced me Sound and music in film noir are every bit as important as the visuals Siren City drives home this argument with authority and elegance Highly recommended Krin Gabbard author of Hotter Than That The Trumpet Jazz and American Culture **Bebop** Scott Yanow,2000-08 Presents a history of bebop from its roots in the late 1930s describes the musicians bands and composers who contributed to this style of jazz and evaluates key bebop recordings **The Turn to Provisionality in Contemporary Art** Raphael Rubinstein,2023-01-12 In his influential essay Provisional Painting Raphael Rubinstein applied the term provisional to contemporary painters whose work looked intentionally casual dashed off tentative unfinished or self cancelling who appeared to have deliberately turned away from strong painting for something that seemed to constantly risk failure or inconsequence In this collection of essays Rubinstein expands the scope of his original article by surveying the historical and philosophical underpinnings of provisionality in recent visual art as well as examining the works of individual artists in detail He also engages crucial texts by Samuel Beckett and philosopher Gianni Vattimo Re examining several decades of painting practices Rubinstein argues that provisionality in all its many forms has been both a foundational element in the history of modern art and the encapsulation of an attitude that is profoundly contemporary **Waiting for the Sun** Barney Hoskyns,2009-02-01 A classic finally back in print British rock historian Barney Hoskyns Hotel California Across the Great Divide The Band in America examines the long and twisted rock n roll history of Los Angeles in its glamorous and debauched glory The Beach Boys Buffalo Springfield the Doors Little Feat the Eagles Steely Dan Linda Ronstadt Joni Mitchell and others from Charlie Parker right up to Black Flag the Minutemen Jane s Addiction Ice Cube and Guns N Roses populate the pages of this comprehensive and extensively illustrated book **Can't Find My Way Home** Martin Torgoff,2004-05-13 Can t Find My Way Home is a history of illicit drug use in America in the second half of the twentieth century and a personal journey through the drug experience It s the remarkable story of how America got high the epic tale of how the American Century transformed into the Great Stoned Age Martin Torgoff begins with the avant garde worlds of bebop jazz and the emerging Beat writers who embraced the consciousness altering properties of marijuana and other underground drugs These musicians and writers midwived the age of marijuana in the 1960s even as Timothy Leary and Richard Alpert later Ram Dass discovered the power of LSD ushering in the psychedelic era While President John Kennedy proclaimed a New Frontier and NASA journeyed to the moon millions of young Americans began discovering their own new frontiers on a voyage to inner space What had been the province of a fringe avant garde only a decade earlier became a mass movement that affected and altered mainstream America And so America sped through the century dropping acid and eating magic mushrooms at home shooting heroin and ingesting amphetamines in Vietnam snorting cocaine in the disco era smoking crack cocaine in the devastated inner cities of the 1980s discovering MDMA Ecstasy in the rave culture of the 1990s Can t Find My Way Home tells this extraordinary story by weaving together first person accounts and historical

background into a narrative vast in scope yet rich in intimate detail Among those who describe their experiments with consciousness are Allen Ginsberg Timothy Leary Robert Stone Wavy Gravy Grace Slick Oliver Stone Peter Coyote David Crosby and many others from Haight Ashbury to Studio 54 to housing projects and rave warehouses But Can't Find My Way Home does not neglect the recovery movement the war on drugs and the ongoing debate over drug policy And even as Martin Torgoff tells the story of his own addiction and recovery he neither romanticizes nor demonizes drugs If he finds them less dangerous than the moral crusaders say they are he also finds them less benign than advocates insist Illegal drugs changed the cultural landscape of America and they continue to shape our country with enormous consequences This ambitious fascinating book is the story of how that happened **Experiencing Jazz** Richard J. 1971 Darby English, 2016-12-20 In this book art historian Darby English explores the year 1971 when two exhibitions opened that brought modernist painting and sculpture into the burning heart of United States cultural politics Contemporary Black Artists in America at the Whitney Museum of American Art and The DeLuxe Show a racially integrated abstract art exhibition presented in a renovated movie theater in a Houston ghetto 1971 A Year in the Life of Color looks at many black artists desire to gain freedom from overt racial representation as well as their efforts and those of their advocates to further that aim through public exhibition Amid calls to define a black aesthetic these experiments with modernist art prioritized cultural interaction and instability Contemporary Black Artists in America highlighted abstraction as a stance against normative approaches while The DeLuxe Show positioned abstraction in a center of urban blight The importance of these experiments English argues came partly from color s special status as a cultural symbol and partly from investigations of color already under way in late modern art and criticism With their supporters black modernists among them Peter Bradley Frederick Eversley Alvin Loving Raymond Saunders and Alma Thomas rose above the demand to represent or be represented compromising nothing in their appeals for interracial collaboration and above all responding with optimism rather than cynicism to the surrounding culture s preoccupation with color
