High Energy Costs Uneven Unfair Unavoidable:

High Energy Costs Hans H. Landsberg, Joseph M. Dukert, 2015-12-14 High energy prices affect nearly the whole of the American population arguably affecting some consumer groups more than others Although originally published in 1981 the issues explored in this study such as who is affected most by energy price increases regional differences and what can or should be done in the United States in regards to energy costs are still as relevant today as they were then These papers attempt to directly address these concerns in the wake of the 1979 80 price shock in America and to advise what action can be taken to allay these concerns This title will be of interest to students of environmental studies and economics High Energy Costs--uneven, Unfair, Unavoidable? Hans H. Landsberg, Joseph M. Dukert, 1981 Energy Abstracts for Policy Analysis ,1982 **Energy Research Abstracts** ,1982 *Energy and the Aged* United States. Congress. Senate. Special Committee on Aging,1983 *Equity And Energy* Mark N. Cooper,2019-03-04 Arguing that the energy price policies of the 1970s represented a major equity efficiency trade off and led to a dramatic decline in the living standard of lower income Americans this book presents a comprehensive data based assessment of the plight of lower income households between 1973 and 1983 **A Report on Large Landholdings in Southern California, with Recommendations** California Commission of Immigration and Housing,1919 *The Journal of Energy and Development* ,1983 **Routledge Library Editions: Energy** Various,2021-07-09 Reissuing works originally published between 1964 and 1994 this set of ten volumes is an excellent collection of works on energy production and consumption economics and policy conservation and the crisis International in scope the volumes look at household energy conditions energy in the developing world political history and various other issues within the world of fuel and power This set is a resource for environment studies economics policy and politics sociology geography and other studies considering the use of energy in our world **Annual Report** Resources for the Future,1981 *Regional Conflict and National Policy* Kent A. Price,2013-11-26 First Published in 2011 This is Volume 9 of fourteen in a set of titles on Policy and Governance Resources for the Future is a non profit organization for research and education in the development conservation and use of natural resources including the quality of the environment The issues of conservation the environment and energy have enormous implications not only in terms of those issues specifically but also for regional conflict in the United States If we are to have any kind of resolution of these issues there must be a sense of equity that everyone is sacrificing equally If there is a perception of inequity then all of the ingredients are there for social unrest This volume explores this issue *Environmental Taxation in Practice* Thomas Sterner,2017-05-15 Since the 1980 s market based instruments for environmental policy have become increasingly important Focusing on environmental taxation in practice this volume collects key contributions on a wide range of topics including comparisons of environmental taxation schemes in different countries political economy issues and key aspects of concrete implementation It presents a wealth of ex ante and ex post analyses intended as a source of guidance for policy implementation and research The volume features a full

length introduction locating the literature on environmental taxation in practice in a wider context of theoretical and applied issues Annual Report - Resources for the Future Resources for the Future,1982 High Energy Costs--assessing the Burden Hans H. Landsberg,1982 *The Legal Integration of Energy Markets* Terence Daintith,Stephen F. Williams,2013-08-26 No detailed description available for *The Legal Integration of Energy Markets* Energy Costs, Urban Development, and Housing Anthony Downs,Katharine L. Bradbury,1984 What does it all mean Home energy costs and the housing of the poor and the elderly Energy prices and urban decentralization Energy and the existing stock of housing New residential construction and energy costs Decentralizing Energy Decisions Ellis Cose,2019-04-09 Decision making about energy has come to epitomize a larger struggle taking place in U S society a struggle for control over individual destiny economic resources and the shaping of society itself A host of ideologies has been spawned new federalism and new populism among them Many activist groups argue that making decisions about resources can be a first step in helping people gain control of their lives Focusing on the issues surrounding the control of energy and discussing the limitations and advantages of dealing with the energy problem at the local level the author examines the proposition that granting control over decision making to cities states or regions rather than to the federal government can positively affect public confidence as well as result in more efficient energy planning Mr Cose discusses the various interpretations of decentralization the relationship between decentralization and small scale technologies the overlapping and opposing interests of governments consumers and corporations and the extent to which local governments and political structures are prepared to deal with an issue that is traditionally outside of their sphere The author supports his analysis by looking at specific municipal governments and their attempts successes and failures to respond to the energy crisis He also analyzes the particular problems of community projects Throughout the book he comments on the effect that Reagan administration policies have had on decision making about energy at all levels of government nationwide **Book Review Digest** ,1919 *Factors Affecting U.S. Oil & Gas Outlook* National Petroleum Council. Committee on U.S. Oil & Gas Outlook,1987 **The Politics of Energy Conservation** Pietro S. Nivola,1986
