his seven months pregnant wife with prussic acid and with a whiff of the same chloroform he used to ease her final anguish sedated his three year old daughter whom he placed in bed next to the corpse Fourteen hours later he fled the cottage taking his child to relatives in Swindon before being arrested three days after the murder at Reading Station with four kinds of poison in his pockets Police also found a note suggesting that Bailey had intended to kill his little girl as well as himself and his wife So was this simply the botched suicide pact of a devoted couple that had gone tragically out of control All would be revealed at a sensational 1921 trial at Aylesbury Assizes a shabby record of forgery fraud theft false information and army desertion Bailey also known to the police as George Cox and Ronald Gilbert Treherne or Tremayne was also it s said a budding sex criminal and a fantasist of the first order Although curiously he didn t plead insanity at his trial the accused had a history of mental disorder including nervous breakdowns and several suicide attempts At his trial where women would sit on an English murder jury for the first time Bailey denied all the charges The prosecution argued that Bailey murdered his wife in order to be free to seduce innocent local girls and a conviction was swiftly secured after the four day trial Despite an appeal Bailey was hanged three clear Sundays after the jury returned with its verdict George was a milkman and was known as the musical milkman because he could be heard whistling while on his daily rounds The Writing Experience 2001 Hyacinthe K. of the world's most widely read cultural commentators tells the story of the rise of the classical recording industry from Caruso's first notes to the heyday of Bernstein, Glenn Gould, Callas and von Karajan. Lebrecht compellingly demonstrates that classical recording has reached its end point but this is not simply an exposé of decline and fall. It is for the first time the full story of a minor art form analyzing the cultural revolution wrought by Schnabel, Toscanini, Callas, Rattle, the Three Tenors and Charlotte Church. It is the story of how stars were made and broken by the record business, how a war criminal conspired with a concentration camp victim to create a record empire and how advancing technology, boardroom wars, public credulity and unscrupulous exploitation shaped the musical backdrop to our modern lives. The book ends with a suitable shrine to classical recording: the author's critical selection of the 100 most important recordings and the 20 most appalling. Filled with memorable incidents and unforgettable personalities from Goddard Lieberson, legendary head of CBS Masterworks who signed his letters as God, to Georg Solti who turned the Chicago Symphony into the loudest symphony on earth, this is at once the captivating story of the life and death of classical recording and an opinionated insider's guide to appreciating the genre now and for years to come.

**Love Beyond Death** Rudolph Binion, 1993-02 Identifies a trend in 19th century art and literature that reconciled love and death, demonstrates how it constituted a break from ideas in the premodern era and surveys some of its modern manifestations.
