David Dom,2013-04-14 Did King Arthur really exist The oldest manuscripts refer to him as a Lord of Battle who emerged soon after the Roman Empire crumbled But what would be the origin of all these stories that turned a war leader into a king an emperor a legend even a god What if Arthur was really a deity similar to Zeus and Odin with his roots in the rich Celtic mythology of the British Isles A study of Arthurian myths reveals Britain's most legendary king as an ancient Sun God known by many different names in the myths of Wales and Ireland Even his Knights of the Round Table and his sister Morgan le Fay can all be identified as ancient Gods and Goddesses of earth sea and sky Their survival in Arthurian legend stands as a shining testament of a story far more ancient but by no means lost to us **Networks Rising** Christopher Burns,2022-09-06

For the second time in human history we are on the verge of broad new breakthroughs in health productivity and personal freedom And many to many networks are the reason In business government and war information is no longer the privilege of a powerful few Now everyone knows what anyone knows and we are applying that diversity of experience and perspective to expand the frontiers of our lives We are starting to think together The age of hierarchical organizations has ended Social media networks online forums and guerilla broadcasting are connecting us in communities with fewer bureaucratic layers In swarms walkouts strikes and insurrections people are sharing experience directly in real time marching together into the public square and demanding a greater voice in the new democracy Networks Rising is the colorful story of unsung technology wizards waving us on of philosophers struggling to free us from the dictates of church and state and of sociologists futurists and even science fiction writers offering dozens of new schemes for living in a more connected world
