**Shadows** Elara von Schwarza, The morning mist clung to the cobblestones of Valenhall like ghostly fingers reluctant to release their grip on the ancient city Seraphina Blackthorne pulled her woolen cloak tighter around her shoulders as she navigated the narrow alleyways toward her forge The weight of her leather satchel heavy with tools and unfinished projects reminded her of the work that awaited her in the dim hours before dawn At nineteen Seraphina had already earned a reputation that most smiths twice her age would envy Her delicate hands scarred from years of working with fire and metal could craft blades that sang with an otherworldly resonance The nobles of Valenhall whispered that her steel held magic though Seraphina herself remained skeptical of such claims She knew only the rhythm of hammer against anvil the dance of flame and iron and the satisfaction of creating something beautiful and deadly from raw materials The forge stood at the end of Ember Lane a modest stone building that had belonged to her father before his untimely death three years prior The familiar scent of coal and metal shavings greeted her as she unlocked the heavy oak door Inside the forge waited like a sleeping dragon its cold hearth ready to roar back to life at her command Seraphina had barely begun stoking the coals when a shadow fell across her doorway She looked up to find a figure silhouetted against the pale morning light tall and imposing despite the casual way he leaned against her doorframe The stranger wore a dark traveling cloak that seemed to absorb the light around it and when he stepped forward into her workshop she caught her first glimpse of his face **Kissed by**

The Shadows of Stormclyffe Hall

Lauren Smith, 2024-10-04

Beware, this book is haunted. Bastian Carlisle, the Earl of Weymouth, doesn't believe in ghosts. Even though tragedy and mysterious hauntings have driven his family away from his ancestral home, Stormclyffe Hall, he is determined to restore the castle to its former glory. His plans are disrupted when a stubborn American shows up on his doorstep, hoping to pry into his family's tragic history. Jane Seyton, an American graduate student, is convinced there's more to the tragedy of Stormclyffe Hall than history claims. Ever the scholar, she is determined to discover the truth, even if it means putting up with the arrogant yet sexy Bastian. Although Bastian wants nothing to do with the pushy American, it soon becomes clear that something evil is in the house and that something is targeting both Jane and Bastian. The two must join forces to purge the ghosts of Stormclyffe Hall once and for all, even as they try to fight a physical attraction between them that grows more and more impossible to deny.
