Alan Watts introduced millions of Western readers to Zen and other Eastern philosophies But he is also recognized as a brilliant commentator on Judeo Christian traditions as well as a celebrity philosopher who exemplified the ideas and lifestyle of the 1960s counterculture In this compilation of controversial lectures that Watts delivered at American universities throughout the sixties he challenges readers to reevaluate Western culture s most hallowed constructs Watts treads the familiar ground of interpreting Eastern traditions but he also covers new territory exploring the counterculture s basis in the ancient tribal and shamanic cultures of Asia Siberia and the Americas In the process he addresses some of the era s most important questions What is the nature of reality How does an individual s relationship to society affect this reality Filled with Watts s playful provocative style the talks show the remarkable scope of a philosopher at his prime exploring and defining the sixties counterculture as only Alan Watts could The School and the Start in Life Bird Thomas Baldwin,Carl Gustav Rathmann,Fletcher Bascom Dresslar,Frank Addison Manny,Lloyd L Friend,Meyer Bloomfield,Royal Bailey Farnum,Rufus Whitaker Stimson,1914 **Getting Ready to Read** Betty D. Burkeman,2021-08-10 AN INSTANT NEW YORK TIMES BESTSELLER Provocative and appealing well worth your extremely limited time Barbara Spindel The Wall Street Journal The average human lifespan is absurdly insultingly brief Assuming you live to be eighty you have just over four thousand weeks Nobody needs telling there isn't enough time We're obsessed with our lengthening to-do lists our overfilled inboxes work-life balance and the ceaseless battle against distraction and we're deluged with advice on becoming more productive and efficient and life hacks to optimize our days But such techniques often end up making things worse The sense of anxious hurry grows more intense and still the most meaningful parts of life seem to lie just beyond the horizon Still we rarely make the connection between our daily struggles with time and the ultimate time management problem the challenge of how best to use our four thousand weeks Drawing on the insights of both ancient and contemporary philosophers psychologists and spiritual teachers Oliver Burkeman delivers an entertaining humorous practical and ultimately profound guide to time and time management Rejecting the futile modern fixation on getting everything done Four Thousand Weeks introduces readers to tools for constructing a meaningful life by embracing finitude showing how many of the unhelpful ways we've come to think about time aren't inescapable unchanging truths but choices we've made as individuals and as a society and that we could do things differently *Only Until I Need Glasses: The*
