Richter,2020-02-20 This is a book that starts in the back room of a Vegas casino a few guys were bored so they wanted to bet on a game This book goes through a few contestants the game is not really fixed but the clues are placed in interesting places I took a bunch of dirty jokes and woven them into the story I had to bring a young boy into it for the little Johnny jokes a blonde for the blonde jokes a priest I add and subtract contestants to bring in different jokes so some get hurt and can t play like getting mauled by a tiger breaking legs things like that but keep main players some jokes can get pretty blue and some are downright nasty that is why this is a ADULT book The rules of the game are simple you need five people to get a clue and the clues lead to monuments for a payout It takes five keys to be turned at once the teams can t work together and gamblers cannot contact the teams in any way or forfeit their million dollar buy in That is it so cheating is allowed The contest takes place within 200 miles of a small town of Wausau it goes into the upper Michigan Illinois and Minnesota and it takes you on a journey checking out some weird and beautiful places Enjoy **Gryphon** Charles Baxter,2011-01-11 A New York Times Notable Book from the winner of the PEN Malamud Award for Excellence in the Short Story and one of our most gifted writers

Chicago Tribune By turns compassionate gently humorous and haunting this collection sixteen classics with seven new stories proves William Maxwell's assertion that nobody can touch Charles Baxter in the field that he has carved out for himself Whether friends or strangers the characters in these stories share a desire sometimes muted and sometimes fierce to break through the fragile glass of convention In the title story a substitute teacher walks into a new classroom draws an outsized tree on the blackboard on a whim and rewards her students by reading their fortunes using a Tarot deck In each of the stories we see the delicate tension between what we want to believe and what we need to believe A warmly disposed yet unsentimental chronicler of American lives Some stories are poignant and disturbing and all of them highly readable The
