Kellow knows all too well that change only takes a moment to rip through your life. Since the moment she escaped the Burrs and her father, her life has been a series of life-altering moments. She thought she'd built an inner strength that would see her through every obstacle until she meets Lt Ash on the eve of her first mission in command. Her feelings for Ash have her past and future colliding, setting in motion a series of events that strands her crew in an unknown galaxy thousands of light years from home. Now Jordan must decide which moment will define her future. Is she the captain of the *Persephone* in command of her ship and her life? Is she strong enough to forgive her father for past wrongs? And most important of all, is she brave enough to fight for the woman she wants?

To Mars, **The Sexiest Elbows I'd Ever Seen** David Hadley, 2015-03-14

When we first met she was Emeritus Professor of Post Colonial Marmalade at the University of Ffestiniog and she had the sexiest elbows I had ever seen. We met at the Annual Ffestiniog Tapioca Ignoring Convention back in the late summer of '83. At the time neither of us had a Tapioca Ignoring partner, so naturally once we found our handicaps were compatible we teamed up for that autumn's preliminary Tapioca Ignoring Cup rounds. Of course, with both of us being amateurs we never expected to get to the finals. Her name was Plenitude Cleavage and she came from the Welsh valleys; in fact, she had quite a Welsh valley herself. Never in my experience had I ever seen such a splendid example of nominative determinism in a woman's body before. So begins one of the greatest love stories of our age, told here for the first time. This collection also contains several other stories of equal import, such as *Shropshire Smith and the Temple of Vegetables*, a tale of adventure and excitement within a forgotten temple of one of the world's oldest forgotten civilisations; *The Famed Vegetable Killer of Grimsby*, a most foul tale; *The Dancing Sex Nuns of the Tenth Quadrant*, a story of one of the great mysteries of the far future; *The man with the Golden Cheese Baguette*, the tale of Britain's greatest spy and his attempt to thwart an evil genius with plans for world domination; *The Thing Falling Out of the Sky Incident*. Some claim there are aliens out there waiting to invade Earth. Some say this has already happened. Plus other stories such as *Feeling Betrayed*, *The Aftermath*, *The Perfect Woman* and others the like of which you will never have read before.

Tallyho Jon Bradbury, 2024-09-13

It's America 1940. Hostilities have kicked off in Europe but Congress has passed the Neutrality Act, making it illegal for any American citizen to get involved in any way. It's in this atmosphere that Matthew Cooper, a civilian pilot for many years, decides to take up his friend Debbie Douglas's offer of assistance to get overseas.

Dogchild Kevin Brooks, 2020-06-16

A boy raised by wild dogs fights for survival in this gripping post-apocalyptic tale by an acclaimed Carnegie Medalist. Jeet is a dogchild raised by the wild dogs who killed his parents, then recaptured and rehumanized. He now lives with one of only two remaining human communities in the world, besieged by the much larger enemy clan. In a wasteland shaped by war, starvation, and haunting violence, Jeet grapples with his identity, he misses his wild family, and the people of his clan see dogchildren as less than human. When the human clans begin to prepare for a final bloody battle against each other, Jeet is at the center. His struggle and his relationship with another rehumanized dogchild shed light on what it means to be human or inhuman and what it takes to be a survivor. In his most ambitious novel

yet Carnegie Medalist Kevin Brooks offers a breathless work of speculative fiction that will have readers at the edge of their seat

The Detainee Peter Liney, 2013-07-04. Of all the dystopian novels I have read in recent years, Peter Liney's *The Detainee* is one of the best written, most engaging, heart-tugging, and cinematic of all. Amazon Reviewer: There is no point trying to run. There is no point trying to escape. The island means the end of all hope until Clancy finds a reason to fight back. When the fog comes down and the drums start to beat, the inhabitants of the island tremble. The punishment satellites which keep the tyrannical Wastelords at bay are blind in the darkness, and the islanders become prey. The inhabitants are the old, the sick, the poor, the detritus of Society, dumped on the island with the rest of Society's waste. There is no point trying to run. There is no point trying to escape. The satellites, the invisible eyes of the law, mete out instant judgement from the sky. The island is the end of all hope until Clancy finds a blind woman living in a secret underground warren and discovers a reason to fight. Impressively dark. Financial Times. **Busy Being Free** Emma Forrest, 2022-08-18. Beautiful. Nigella Lawson. I adored it. Dolly Alderton. Wonderful. Lisa Taddeo. Intoxicating. Abi Morgan. What happens when your story doesn't end the way you thought it would? When you realise, after getting married and having a baby, that you chose wrong? When the life you dreamt of becomes something you must walk away from? And when you then find yourself not lonely but elated, elated to be alone with yourself?

Singer Brigid Collins, 101-01-01. A silent woman awakens on the edge of a dusty wasteland. A Lady Fencer leads a journey to claim a powerful sword. A young Guide in training takes his unwanted follower along while he attempts his master's trial. Their goals all converge in the mysterious, ruined city from which no one has ever returned alive. **Summits and Secrets** Kurt Diemberger, 2019-03-08. A book grows rather like a snow crystal. One doesn't write it from start to finish, but in greater or less degree, all at the same time. That is why my book is not in chronological order; for everything is of the present, held in the moment when thought captures it. Kurt Diemberger's *Summits and Secrets* is a mountaineering autobiography like no other. Writing anecdotally, Diemberger provides an abstract look into his life and climbing career that is both fascinating and awe-inspiring. Known for surviving the 1986 K2 disaster, an account described in harrowing detail in his award-winning book *The Endless Knot*, Diemberger provides a captivating insight into his earlier climbs in *Summits and Secrets*. From climbing his first peak in the Tyrol mountains of Austria to the epoch-making first ascent of Broad Peak with Hermann Buhl in 1957, and then summiting Dhaulagiri in 1960, where he became one of only two people to have made first ascents of two mountains over 8,000 metres, Diemberger recounts his experiences with wit, honesty, and an infectious enthusiasm. Every climber knows the thrill, the unique, inexplicable tension which the regular shapes of the mountain world awake in him: huge pyramids, enormous rectangular slabs, piled-up triangles of rock, white circles, immense squares, the thrill of simplicity of shape and outline, and the excitement of mastering them to an unbelievable extent by his own efforts, his own power. *Summits and*

Secrets is a must read for those wanting an insight into the life and achievements of one of the toughest high altitude climbers the world has ever known
