Containing Missile Proliferation Dinshaw Mistry, 2003 Mistry critically examines the successes and limitations of the Missile Technology Control Regime offering new and detailed insights on the technology and politics of missile programs in Iran Iraq North Korea Pakistan India Israel Egypt South Korea Taiwan and other countries He also shows how international cooperation security regimes and U S foreign policies of engagement and containment with these states can halt their missile programs *Hinduism & Its Military Ethos* Air Marshal RK Nehra, What is real Hinduism The simple answer is that there is no simple answer We know Hinduism as the most ancient complex and fascinating religion of humankind It may also be the least understood due to bewildering variety of its thought processes which are both original and sublime An attempt has been made in the book to present a short and simplified yet comprehensive view of Hinduism its culture and civilization The vast range of Hindu gods and goddesses is fully explored It is considered that after going through the book a common layman would be greatly informed about Hinduism and Hindus will feel empowered about their religion The book will be of special interest to NRIs especially of the second generation in search of their roots For everyone else including the foreigners there is a fascinating story waiting to be discovered The second half of the book relates to study of the Hindu military value system from the earliest times of mythology to the present times Issues of Hindu military mindset and 750 years of unending slavery are covered in detail The causes for the Hindu military defeats are analyzed with an extraordinary degree of candor the conclusions reached shatter many a prevalent myth The causes for Hindu military defeats lay in their mind rather than in their muscle *The Islamic Review*, 1948 *The Legacy of Jihad* Andrew G. Bostom, M.D., 2010-12-29 This book reveals how for well over a millennium and across three continents Asia Africa and Europe non Muslims who were vanquished by jihad wars became forced tributaries called dhimmi in Arabic in lieu of being slain Under the dhimmi religious caste system non Muslims were subjected to legal and financial oppression as well as social isolation Extensive primary and secondary source materials many translated here for the first time into English are presented making clear that jihad conquests were brutal imperialist advances which spurred waves of Muslims to expropriate a vast expanse of

lands and subdue millions of indigenous peoples Finally the book examines how jihad war as a permanent and uniquely Islamic institution ultimately regulates the relations of Muslims with non Muslims to this day Scholars educators and interested lay readers will find this collection an invaluable resource Islamic Jihad M. A. Khan,2009 The attacks of September 11 2001 changed the way the world looks at Islam And rightfully so according to M A Khan a former Muslim who left the religion after realizing that it is based on forced conversion imperialism and slavery the primary demands of Jihad commanded by the Islamic God Allah In this groundbreaking book Khan demonstrates that Prophet Muhammad meticulously followed these misguided principles and established the ideal template of Islamic Jihad for his future followers to pursue and that Muslims have been perpetuating the cardinal principles of Jihad ever since Find out the true nature of Islam particularly its doctrine of Jihad and what it means to the modern world and also learn about The core tenets of Islam and its history The propagation of Islam by force and other means Islamic propaganda Arab Islamic imperialism Islamic slavery and slave trade And much more The commands of Allah are perpetual in nature so are the actions of Prophet Muhammad Jihad has been the way to win converts to Islam since its birth fourteen centuries ago and it won t change anytime soon Find out why in Islamic Jihad **Asian Strategic Review** ,1998 **Once There Was a City Named Dilli** Intizar Hussain,2024-12-02 The history of Delhi has been told and retold many times Often the intent is to use history as an ideological tool for staking a claim to the present of the city In Intizar Husain s retelling it is the tale itself that becomes delectable A popular recital that highlights the forgotten nuances of the story Once There was a City Named Dilli is a celebration of the people and culture that made the city unforgettable Forts walled cities bazaars diwan khanas durbars and the Yamuna itself come alive in this ode to a capital serenaded and ravaged by powerful kings and chieftains over time **Crossed Swords** Shuja Nawaz,2008 Based on 30 years of research and analysis this definitive book is a profound multi layered and historical analysis of the nature and role of the Pakistan army in the country s polity as well as its turbulent relationship with the United States Shuja Nawaz examines the army and Pakistan in both peace and war Using many hitherto unpublished materials from the archives of the United States the United Kingdom and the General Headquarters of the Pakistan Army as well as interviews with key military and political figures in Pakistan and the United States he sheds light not only on the Pakistan Army and its US connections but also on Pakistan as a key Muslim country in one of the world s toughest neighborhoods In doing so he lays bare key facts about Pakistan s numerous wars with India and its many rounds of political musical chairs as well as the Kargil conflict of 1999 He then draws lessons from this history that may help Pakistan end its wars within and create a stabler political entity Visit <http://www.shujanawaz.com> for more information about Shuja Nawaz Swords & Ploughshares ,2001
