Cecelski, 2012-01-01 The first major study of slavery in the maritime South The Waterman s Song chronicles the world of slave and free black fishermen pilots rivermen sailors ferrymen and other laborers who from the colonial era through Reconstruction plied the vast inland waters of North Carolina from the Outer Banks to the upper reaches of tidewater rivers Demonstrating the vitality and significance of this local African American maritime culture David Cecelski also reveals its connections to the Afro Caribbean the relatively egalitarian work culture of seafaring men who visited nearby ports and the revolutionary political tides that coursed throughout the black Atlantic Black maritime laborers played an essential role in local abolitionist activity slave insurrections and other antislavery activism They also boatlifted thousands of slaves to freedom during the Civil War But most important Cecelski says they carried an insurgent democratic vision born in the maritime districts of the slave South into the political maelstrom of the Civil War and Reconstruction      **American Guerrilla** Mike Guardia, 2015-11-24 A main selection of the Military Book Club and a selection of the History Book Club With his parting words I shall return General Douglas MacArthur sealed the fate of the last American forces on Bataan Yet one young Army Captain named Russell Volckmann refused to surrender He disappeared into the jungles of north Luzon where he raised a Filipino army of more than 22 000 men For the next three years he led a guerrilla war against the Japanese killing more than 50 000 enemy soldiers At the same time he established radio contact with MacArthur s headquarters in Australia and directed Allied forces to key enemy positions When General Yamashita finally surrendered he made his initial overtures not to MacArthur but to Volckmann This book establishes how Volckmann s leadership was critical to the outcome of the war in the Philippines His ability to synthesize the realities and

potential of guerrilla warfare led to a campaign that rendered Yamashita's forces incapable of repelling the Allied invasion. Had it not been for Volckmann, the Americans would have gone in blind during their counter invasion, reducing their efforts to a trial and error campaign that would undoubtedly have cost more lives, materiel, and potentially stalled the pace of the entire Pacific War. Second, this book establishes Volckmann as the progenitor of modern counterinsurgency doctrine and the true Father of Army Special Forces, a title that history has erroneously awarded to Colonel Aaron Bank of the European Theater of Operations. In 1950, Volckmann wrote two army field manuals: *Operations Against Guerrilla Forces* and *Organization and Conduct of Guerrilla Warfare*, though today few realize he was their author. Together, they became the US Army's first handbooks outlining the precepts for both special warfare and counter guerrilla operations. Taking his argument directly to the army chief of staff, Volckmann outlined the concept for Army Special Forces. At a time when US military doctrine was conventional in outlook, he marketed the ideas of guerrilla warfare as a critical force multiplier for any future conflict, ultimately securing the establishment of the Army's first special operations unit, the 10th Special Forces Group. Volckmann himself remains a shadowy figure in modern military history; his name is absent from every major biography on MacArthur and in much of the Army Special Forces literature. Yet as modest, even secretive as Volckmann was during his career, it is difficult to imagine a man whose heroic initiative had more impact on World War II. This long overdue book not only chronicles the dramatic military exploits of Russell Volckmann but analyzes how his leadership paved the way for modern special warfare doctrine. Mike Guardia, currently an officer in the US 1st Armored Division, is also author of *Shadow Commander* about the career of Donald Blackburn and an upcoming biography of Hal Moore.

**Nobody's Child** Jewel Wheeler, John Dvorak, 2020-05-18

Sarah was severely beaten by her abusive husband while she was pregnant with Amy. He was trying to kill the unwanted life inside her. Mother and baby survived, but Amy was born prematurely, weighing just over a pound. Grandma Liz, a midwife and an old country doctor, fought desperately to give little Amy the chance to live. Listening to that story always made Amy feel close to God. When Grandma Liz, Amy's caretaker, suffered a stroke, she solicited help from her brother-in-law and his wife, who had lost their own child at birth. Under the guise of helping, they stole Amy away to the swampy woods of southeast Texas, where little Amy nearly died of malaria. Another close call: God was really watching out for Amy. The Great Depression hit the country in 1929. Rural Texas and America were locked in its stranglehold. Amy was six. She wandered East and West Texas with her aunt and uncle, seeking work to buy food. Survival was the name of the game. They slept in their car under the sky and in abandoned houses. They picked cotton, they tenant farmed, cut firewood to sell, and raised hogs for market. By the time Amy was twelve, she could work like a full-grown man. She nearly didn't make it to twelve. When Amy was eleven, she nearly drowned in a creek. God put a total stranger in the woods at just the right time to rescue her. Amy was certain that God had saved her life for some special purpose or person. *Nobody's Child* chronicles Amy's story from her earliest childhood recollections through the hard years of the Depression and later as a young mother awaiting her husband's

return from service in World War II Her story is filled with both funny and sad moments and is told in a compelling faith based narrative

That once burning obsession had destroyed her credibility, her career, her marriage, and nearly her sanity.
