endless painful emotions confusion hatred and rage a mind can in essence create an inner world of death more terrifying and vile than any movie or news report That internal film is always playing unfettered by human laws or reasons to restrain this soul footage can roll horrific scenes of unrestrained mass murder and human debasement Who is the wiser if he pillages and murders inside of his own mind Who can imprison him for perpetrating these despicable yet abstract deeds What of this inner world this inner hell where everything and anything can come to pass Is it all in the imagination or are there real malevolent forces behind the curtain And so I was intrigued by The Mind s Eye the lens that goes above and beyond three dimensional reality a razor sharp ocular blade that severs all that is illusory But what happens when upon closer scrutiny we discover that illusion is perhaps more real than what the naked eye can see Yet the horrors that appear before the Mind s Eye are a mere reflection of the destructive choices that the character makes So what if we took this character and placed him in a hopeless path of self destruction a path so irrevocable and vile that it actually fueled the mental machinations And this inner hell that he creates is the only outlet that he has for the suffering and psychological pain that assaults him day and night a direct result of the insanely destructive choices that he makes knowing that his demise looms but pressing on nonetheless and with glee and defiance What can he do to find relief but to reach out and soothe the misery with liquids powders pebbles and any other compounds he can find But that is not enough the more he partakes the more he craves and the more he craves the more his life falls apart and the more he loses control the more he is consumed with hate and rage As his emotions collapse and humanity disappears the character is assaulted by horrifying visions dreams and spiritual apparitions And this blood paved road leads to the very place that he always shunned yes this road leads to the center of himself There for the first time he finds himself standing face to face with his loving enemy and indefatigable tormentor And so towards the end of this volume our nameless character says I crown myself KING OF PAIN walking down my self made Calvary with the world s crosses on my back on the pathway to becoming my own self righteous martyr This statement was somewhat of a shock to me when it came because it showed that somewhere inside his corrupted mind there is an awareness that shows him flashes of truth and clarity But will that be enough to uproot and destroy an evil so deeply rooted While a betting man would put his money on violent death and eternal perdition for our character the force of free will coupled with love rediscovered could very well equal or even surpass the power of E Mc2 could it not Together we shall discover his fate
