**The Church and the Surprising Offense of God's Love (Foreword by Mark Dever)** Jonathan Leeman, 2010-01-08 When the world speaks of love it often means unconditional acceptance Many churches have adopted this mind set in their practice of membership and discipline if they have not done away with such structures entirely Yet God's love and God's gospel are different than what the world expects writes Jonathan Leeman They're centered in his character which draws a clear boundary between what is holy and what is not It's this line that the local church should represent in its member practices because the careful exercise of such authority is God's means for guarding the gospel marking off a people and thereby defining his love for the world So how should churches receive and dismiss members How should Christians view their submission to the church Are there dangers in such submission The Church and the Surprising Offense of God's Love responds with biblical theological and practical guidance from both corporate and individual perspectives It's a resource that will help pastors and their congregations upend worldly conceptions and recover a biblical understanding and practice of church authority
